Preface

This Cumulative Supplement to Volume 10 contains the general laws of a permanent nature enacted by the General Assembly through the 1995 Regular Session, which are within the scope of such volume, and brings to date the annotations included therein.

Amendments are inserted under the same section numbers appearing in the General Statutes, and new laws appear under the proper chapter headings.

Chapter analyses show all affected sections, except sections for which catchlines are carried for the purposes of notes only. An index to all statutes codified herein will appear in the Replacement Index Volumes.

A majority of the Session Laws are made effective upon ratification, but a few provide for stated effective dates. If the Session Law makes no provision for an effective date, the law becomes effective under G.S. 120-20 "from and after 30 days after the adjournment of the session" in which passed.

Beginning with the opinions issued by the North Carolina Attorney General on July 1, 1969, any opinion which construes a specific statute is cited as an annotation to that statute. For a copy of an opinion or of its headnotes write the Attorney General, P. O. Box 629, Raleigh, N.C. 27602.

The members of the North Carolina Bar are requested to communicate any defects they may find in the General Statutes or in this Cumulative Supplement and any suggestions they may have for improving the General Statutes, to the Department of Justice of the State of North Carolina, or to The Michie Company, Law Publishers, Charlottesville, Virginia.

(c) Nothing in this section affects the provisions of Article 28 of this Chapter. Any warranty or extended warranty made by any person other than the manufacturer, distributor, or seller of the warranted goods or services is a contract of insurance.

The term does not mean a contract or agreement guaranteeing the performance of parts or lubricants manufactured by the guarantor and sold for use in connection with a motor vehicle where no additional consideration is paid or given to the guarantor for the contract or agreement beyond the price of the parts or lubricants.

(6) Motor vehicle service agreement company. — Any person that issues motor vehicle service agreements and that is not a licensed insurer.

(3) Has any title, heading, or other indication of its provisions that is misleading; or

(4) Is printed or otherwise reproduced in a manner that renders any material provision of the agreement substantially illegible.

(e) All service agreements used in this State by a service agreement company shall:

(1) Not contain provisions that allow the company to cancel the agreement in its discretion other than for nonpayment of premiums or for a direct violation of the agreement by the consumer where the service agreement states that violation of the agreement would subject the agreement to cancellation;

(2) With respect to a motor vehicle service agreement as defined in G.S. 58-1-25(b)(1), provide for a right of assignability by the consumer to a subsequent purchaser before expiration of coverage if the subsequent purchaser meets the same criteria for motor vehicle service agreement acceptability as the original purchaser; and

(3) Contain a cancellation provision allowing the consumer to cancel at any time after purchase and receive a pro rata refund less any claims paid on the agreement and a reasonable administrative fee, not to exceed ten percent (10%) of the amount of the pro rata refund.

(f) Each service agreement company, as a minimum requirement for permanent office records, shall maintain:

(1) A complete set of accounting records, including a general ledger, cash receipts and disbursements journals, accounts receivable registers, and accounts payable registers.

(2) Memorandum journals showing the service agreement forms issued to the company salespersons and recording the delivery of the forms to dealers.

(3) Memorandum journals showing the service agreement forms received by dealers and indicating the disposition of the forms by the dealers.

(4) A detailed service agreement register, in numerical order by agreement number, of agreements in force. The register shall include the following: agreement number, date of issue, issuing dealer, name of agreement holder, description of item covered, service agreement period (and, if applicable, mileage), gross premium, total commission paid, and net premium.

(5) A detailed claims register, in numerical order by service agreement number. The register shall include the following information: agreement number, date of issue, date claim paid, and, if applicable, disposition other than payment and reason for the disposition.

(g) Repealed by Session Laws 1993 (Reg. Sess., 1994), c. 730, s. 3, effective July 11, 1994.

(h) No insurer or service agreement company shall act as a fronting company for any unauthorized insurer or service agreement company that is not in compliance with this section. As used in this subsection, “fronting company” means a licensed insurer or service agreement company that, by reinsurance or otherwise, generally transfers to one or more unauthorized insurers or service agreement companies that are not in compliance with this section a substantial portion of the risk of loss under agreements it writes in this State.

(i) All funds belonging to insurers, companies, or others received by a salesperson of a service agreement are trust funds received by the salesperson in a fiduciary capacity; and the salesperson, in the applicable regular course of business, shall account for and pay the funds to the person entitled to the funds. Any salesperson who, not being entitled to the funds, diverts or appropriates the funds or any portion of the funds, other than funds representing the salesperson’s commission if authorized by the salesperson agreement, to his or her own use, upon conviction is guilty of embezzlement under G.S. 14-90.

(j) Any person who knowingly offers for sale or sells a service agreement for a company that has failed to comply with the provisions of this section is guilty of a Class 1 misdemeanor. All service agreement companies and individuals selling service agreements are subject to G.S. 75-1 through G.S. 75-19.

(k) Repealed by Session Laws 1993 (Reg. Sess., 1994), c. 730, s. 2, effective October 1, 1994.

(*l*) No service agreement company shall use in its name, contracts, literature, advertising in any medium, or any other printed matter the words "insurance", "casualty", "surety", "mutual", or any other words descriptive of the insurance business or deceptively similar to the name or description of any insurer doing business in this State, except to indicate that the obligations of the contract are insured by an insurance company. (1991 (Reg. Sess., 1992), c. 1014, s. 1; 1993, c. 504, ss. 50, 51; c. 539, s. 444; 1994, Ex. Sess., c. 24, s. 14(c); 1993 (Reg. Sess., 1994), c. 730, ss. 2, 3, 5; 1995, c. 193, ss. 4, 5.)

§ 58-2-50. Examinations and investigations.

All examinations and investigations provided for by this Chapter may be conducted by the Commissioner personally or by one or more deputies, investigators, actuaries, examiners or employees designated for the purpose. (a) The Commissioner may adopt rules for the hearing of appeals by the Commissioner or the Commissioner's designated hearing officer under G.S. 58-36-35, 58-37-65, 58-45-50, 58-46-30, 58-48-40(c)(7), 58-48-42, and 58-62-51(c). CASE NOTES

§ 58-2-131. Examinations to be made; authority, scope, scheduling, and conduct of examinations.

(a) This section and G.S. 58-2-132 and G.S. 58-2-133 shall be known and may be cited as the Examination Law. The purpose of the Examination Law is to provide an effective and efficient system for examining the activities, operations, financial condition, and affairs of all persons transacting the business of insurance in this State and all persons otherwise subject to the Commissioner's jurisdiction; and to enable the Commissioner to use a flexible system of examinations that directs resources that are appropriate and necessary for the administration of the insurance statutes and rules of this State.

(b) As used in this section, G.S. 58-2-132 and G.S. 58-2-133, unless the context clearly indicates otherwise:

(1) "Commissioner" includes an authorized representative or designee of the Commissioner.

(2) "Examination" means an examination conducted under the Examination Law.

(3) "Examiner" means any person authorized by the Commissioner to conduct an examination.

(4) "Insurance regulator" means the official or agency of another jurisdiction that is responsible for the regulation of a foreign or alien insurer.

(5) "Person" includes a trust or any affiliate of a person.

(c) Before licensing any person to write insurance in this State, the Commissioner shall be satisfied, by such examination and evidence as the Commissioner decides to make and require, that the person is otherwise duly qualified under the laws of this State to transact business in this State.

(d) The Commissioner may conduct an examination of any insurer whenever the Commissioner deems it to be prudent for the protection of policyholders but shall at a minimum conduct an examination of every domestic insurer not less frequently than once every three years. In scheduling and determining the nature, scope, and frequency of examinations, the Commissioner shall consider such matters as the results of financial statement analyses and ratios, changes in management or ownership, actuarial opinions, reports of independent certified public accountants, and other criteria as set forth in the NAIC Examiners' Handbook.

(e) To complete an examination of any insurer, the Commissioner may authorize an examination or investigation of any person, or the business of any person, insofar as the examination or investigation is necessary or material to the insurer under examination.

(f) Instead of examining any foreign or alien insurer licensed in this State, the Commissioner may accept an examination report on that insurer prepared by the insurer's domiciliary insurance regulator. In making a determination to accept the domiciliary insurance regulator's report, the Commissioner may consider whether (i) the insurance regulator was at the time of the examination accredited under NAIC Financial Regulation Standards and Accreditation Program, or (ii) the examination is performed under the supervision of an NAIC-accredited insurance regulator or with the participation of one or more examiners who are employed by the regulator and who, after a review of the examination work papers and report, state under oath that the examination was performed in a manner consistent with the standards and procedures required by the regulator.

(g) If it appears that the insurer is of good financial and business standing and is solvent, and it is certified in writing and attested by the seal, if any, of the insurer's insurance regulator that it has been examined by the regulator in the manner prescribed by its laws, and was by the examination found to be in sound condition, that there is no reason to doubt its solvency, and that it is still permitted under the laws of such jurisdiction to do business therein, then, in the Commissioner's discretion, further examination may be dispensed with, and the obtained information and the furnished certificate may be accepted as sufficient evidence of the solvency of the insurer.

(h) Upon determining that an examination should be conducted, the Commissioner shall issue a notice of examination appointing one or more examiners to perform the examination and instructing them about the scope of the examination. In conducting the examination, an examiner shall observe the guidelines and procedures in the NAIC Examiners' Handbook. The Commissioner may also use such other guidelines or procedures as the Commissioner deems to be appropriate.

(i) Every person from whom information is sought and its officers, directors, and agents must provide to the Commissioner timely, convenient, and free access, at all reasonable hours at its offices, to all data relating to the property, assets, business, and affairs of the insurer being examined. The officers, directors, employees, and agents of the person must facilitate and aid in the examination. The refusal of any insurer, by its officers, directors, employees, or agents, to submit to examination or to comply with any reasonable written request of the Commissioner or to knowingly or willfully make any false statement in regard to the examination or written request, is grounds for revocation, suspension, refusal, or nonrenewal of any license or authority held by the insurer to engage in an insurance or other business subject to the Commissioner's jurisdiction.

(j) The Commissioner may issue subpoenas, administer oaths, and examine under oath any person about any matter pertinent to the examination. Upon the failure or refusal of any person to obey a subpoena, the Commissioner may petition the Superior Court of Wake County, and upon proper showing the Court may enter any order compelling the witness to appear and testify or produce documentary evidence. Failure to obey the Court order is punishable as contempt of court.

(k) When making an examination, the Commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners.

(*l*) Pending, during, and after the examination of any insurer the Commissioner shall not make public the financial statement, findings, or examination report, or any report affecting the status or standing of the insurer examined, until the insurer has either accepted and approved the final examination report or has been given a reasonable opportunity to be heard on the report and to answer or rebut any statements or findings in the report. The hearing, if requested, shall be informal and private.

(m) Nothing in the Examination Law limits the Commissioner's authority to terminate or suspend any examination in order to pursue other legal or regulatory action under the laws and rules of this State and to use any final or preliminary examination report, any examiner or insurer work papers or other documents, or any other information discovered or developed during any examination in the furtherance of any legal or regulatory action that the Commissioner may consider to be appropriate. Findings of fact and conclusions made pursuant to any examination are prima facie evidence in any legal or regulator action. (1991, c. 681, s. 2; 1995, c. 360, s. 2(c); c. 517, s. 1.)

Editor's Note. — Session Laws 1995, c. 517, s. 41, contains a severability clause.

Effect of Amendments. — Session Laws 1995, c. 360, s. 2, effective July 1, 1995, deleted "the cost of which shall be borne by the insurer that is the subject of the examination" from the end of subsection (k).

Session Laws 1995, c. 517, s. 1, effective July 29, 1995, in subsection (f) inserted "domiciliary" following "prepared by the insurer's", deleted "until January 1, 1994" at the end of the first sentence, and substituted "In making a determination to accept the domiciliary insurance regulator's report, the Commissioner may consider whether" for "Thereafter, reports may only be accepted if".

§ 58-2-133. Conflict of interest; cost of examinations; immunity from liability.

(a) No person may be appointed as an examiner by the Commissioner if that person, either directly or indirectly, has a conflict of interest or is affiliated with the management of or owns a pecuniary interest in any person subject to examination. This section does not preclude an examiner from being:

(1) A policyholder or claimant under an insurance policy;

(2) A grantor of a mortgage or similar instrument on the examiner's residence to an insurer if done under customary terms and in the ordinary course of business;

(3) An investment owner in shares of regulated diversified investment companies; or

(4) A settler or beneficiary of a blind trust into which any otherwise nonpermissible holdings have been placed.

(b) Notwithstanding the requirements of G.S. 58-2-131, the Commissioner may retain from time to time, on an individual basis, qualified actuaries, certified public accountants, or other similar individuals who are independently practicing their professions, even though they may from time to time be similarly employed or retained by persons subject to examination under the Examination Law.

(c) The refusal of any insurer to submit to examination is grounds for the revocation, suspension, or refusal of a license. The Commissioner may make public any such revocation, suspension, or refusal of license and may give reasons for that action.

(d) The provisions of G.S. 58-2-160 apply to examinations conducted under the Examination Law. (1991, c. 681, s. 2; 1995, c. 360, s. 2(d).)

Effect of Amendments. — The 1995 amendment, effective July 1, 1995, in subsection (c) deleted the first two sentences regarding payment of costs of examination by insurer, deleted "or the refusal or failure of any insurer to pay the expenses of examination upon presentation by the Commissioner of a bill for those expenses" following "submit to" in the present first sentence, and deleted the last sentence regarding civil actions to recover expenses.

§ 58-2-145. Examination, licensing of claims adjusters, calculation of rates, and deviation from rates of employers self-insuring for workers' compensation.

(a) The provisions of G.S. 58-2-131, 58-2-132, 58-2-133(a), (b), and (d), 58-2-150, 58-2-155, 58-2-180, 58-2-185, 58-2-190, 58-2-200, 58-6-5 and 58-6-25 apply to employers and employer groups that furnish proof of financial responsibility to the Commissioner under G.S. 97-93(a)(2) and to persons that administer workers' compensation self-insurance for those employers and employer groups.

(b) A person adjusting workers' compensation claims for a self-insured employer or self-insured employer group must have an adjuster's license under Article 33 of this Chapter.

(c) **(Effective January 1, 1996 — see editor's note)** Each self-insured employer group must determine its individual member employers' premiums or contributions using the current rates and classifications filed by the North Carolina Rate Bureau and approved by the Commissioner under Article 36 of this Chapter. Deviations from these rates or classifications are permitted only in accordance with Article 36 of this Chapter, except that no deviation is required to be filed with the Rate Bureau.

The Commissioner shall approve a request filed for a deviation to reduce premiums or contributions or provide discounts if the filed request is accompanied by competent, independent financial and actuarial information. Despite the provisions of G.S. 58-36-30(c), a deviation shall not be required to apply uniformly to all classifications. The Commissioner may deny a filed request for a deviation only if he finds, after notice and a public hearing, that the deviation would result in a hazardous financial condition to the group, based on financial, actuarial or other information. The public hearing shall be held within 45 days after the requested deviation is filed in its entirety, and the Commissioner shall give at least 14 days' notice of the hearing to the person filing the request and to other persons designated by the Commissioner. The Commissioner shall make a determination as expeditiously as reasonably practicable after the conclusion of the hearing, provided that the request shall be deemed approved unless denied within 60 days after it was filed in its entirety.

"Hazardous financial condition", for purposes of this subsection, means that, based on its present or reasonably anticipated financial condition, a group, although not yet financially impaired or insolvent, is unlikely to be able:

(1) To meet obligations with respect to known claims and reasonably anticipated claims; or

(2) To pay other obligations in the normal course of business.

(d) The Commissioner shall adopt rules to ensure adequate disclosure by employer groups and their agents or administrators of (i) the possibility of assessments against members of the employer groups to satisfy their joint and several liability for claims and (ii) information about specific and aggregate insurance carried by the employer group.

(e) For purposes of this section, "self-insured employer group" means a group that meets the requirements of G.S. 97-93(a)(2). (1985, c. 119, s. 5; 1985 (Reg. Sess., 1986), c. 1027, s. 52; 1987, c. 864, s. 29; 1991, c. 681, s. 4; 1995, c. 471, s. 2.)

Editor's Note. — Session Laws 1995, c. 471, s. 7, provides that subsection (c) is effective January 1, 1996, and is applicable to policy years beginning on or after that date; the remainder of the amendments to this section by Session Laws 1995, c. 471, s. 2, are effective October 1, 1995.

Effect of Amendments. — The 1995 amendment rewrote the catchline of this section, which formerly read "Examination, financial statement, and records of employers self-insuring for workers' compensation"; and added the subsection (a) designation, rewrote subsection (a); and added subsections (b) through (e). For effective date and applicability, see editor's note.

§ 58-2-161. False statement to procure or deny benefit of insurance policy or certificate.

(a) For the purposes of this section:

(1) "Insurer" includes an entity under Articles 49 and 65 through 67 of this Chapter, the Teachers' and State Employees' Comprehensive Major Medical Plan under Chapter 135 of the General Statutes, and an employer or group of employers that insure its workers' compensation liability under Chapter 97 of the General Statutes.

(2) "Statement" includes any application, notice, statement, proof of loss, bill of lading, receipt for payment, invoice, account, estimate of property damages, bill for services,

diagnosis, prescription, hospital or doctor records, X rays, test result, or other evidence of loss, injury, or expense.

(b) Any person who, with the intent to injure, defraud, or deceive an insurer or insurance claimant:

(1) Presents or causes to be presented a written or oral statement, including computer-generated documents as part of, in support of, or in opposition to, a claim for payment or other benefit pursuant to an insurance policy, knowing that the statement contains false or misleading information concerning any fact or matter material to the claim, or

(2) Assists, abets, solicits, or conspires with another person to prepare or make any written or oral statement that is intended to be presented to an insurer or insurance claimant in connection with, in support of, or in opposition to, a claim for payment or other benefit pursuant to an insurance policy, knowing that the statement contains false or misleading information concerning a fact or matter material to the claim

is guilty of a Class H felony. Each claim shall be considered a separate count. Upon conviction, if the court imposes probation, the court may order the defendant to pay restitution as a condition of probation. In determination of the amount of restitution pursuant to G.S. 15A-1343(d), the reasonable costs and attorneys' fees incurred by the victim in the investigation of, and efforts to recover damages arising from, the claim, may be considered part of the damage caused by the defendant arising out of the offense.

In a civil cause of action for recovery based upon a claim for which a defendant has been convicted under this section, the conviction may be entered into evidence against the defendant. The court may award the prevailing party compensatory damages, attorneys' fees, costs, and reasonable investigative costs. If the prevailing party can demonstrate that the defendant has engaged in a pattern of violations of this section, the court may award treble damages. (1899, c. 54, s. 60; Rev., s. 3487; 1913, c. 89, s. 28; C.S., s. 4369; 1937, c. 248; 1967, c. 1088, s. 1; 1979, c. 760, s. 5; 1989 (Reg. Sess., 1990), c. 1054, s. 2; 1995, c. 43, s. 1.)

Effect of Amendments. — The 1995 amendment, effective October 1, 1995 and applicable to violations occurring on or after that date, rewrote this section.

§ 58-2-171. Qualifications of actuaries.

The Commissioner may adopt rules setting forth requisite qualifications of consulting actuaries for the sole purpose of qualifying them to certify financial statements filed and rate filings made by entities under this Chapter as to the actuarial validity of those filings. The qualifications shall be commensurate with the degree of complexity of the actuarial principles applicable to the various statements filed or rate filings made. Nothing in this section affects the scope of practice or the professional qualifications of actuaries. (1995, c. 517, s. 2.)

Editor's Note. — Session Laws 1995, c. 517, s. 42, made this section effective upon ratification. The Act was ratified July 29, 1995.

Session Laws 1995, c. 517, s. 41, contains a severability clause.

§ 58-2-195. Commissioner may require records, reports, etc., for agencies, agents and others.

(a) The Commissioner is empowered to make and promulgate reasonable rules and regulations governing the recording and reporting of insurance business transactions by insurance agencies, agents, brokers and producers of record, any of which agencies, agents, brokers or producers of record are licensed in this State or are transacting insurance business in this State to the end that such records and reports will accurately and separately reflect the insurance business transactions of such agency, agent, broker or producer of record in this State. Information from records required to be kept pursuant to the provisions of this section must be furnished the Commissioner on demand and the original records required to be kept pursuant to the provisions of this section shall be open to the inspection for the Commissioner or any other authorized employee described in G.S. 58-2-25 when demanded.

(b) Every insurance agency transacting insurance business in this State shall at all times have appointed some person employed or associated with such agency who shall have the responsibility of seeing that such records and reports as are required pursuant to the provisions of this section are kept and maintained.

(c) Any person subject to the provisions of subsection (a) of this section who violates the provisions of this section or the rules and regulations prescribed by the Commissioner pursuant to the provisions of this section may after notice and hearing: for the first offense have his license or licenses (in case license be issued for more than one company in such person's case) suspended or revoked for not less than one month nor more than six months and for the second offense shall have his license or licenses (in case license be issued from more than one company in his case) suspended or revoked for the period of one year and such person shall not thereafter be licensed for one year from the date said revocation or suspension first became effective.

(d) For the purpose of enforcing the provisions of this section the Commissioner or any other authorized employee described in G.S. 58-2-25 is authorized and empowered to examine persons, administer oaths and require production of papers and records relative to this section.

(e) Whenever the Commissioner deems it to be prudent for the protection of policyholders in this State, he or any other authorized employee described in G.S. 58-2-25 shall visit and examine any insurance agency, agent, broker, adjuster, motor vehicle damage appraiser, or producer of record. The refusal of any agency, agent, broker, adjuster, motor vehicle damage appraiser, or producer of record to submit to examination is grounds for the revocation or refusal of a license. (1971, c. 948, s. 1; 1987, c. 629, ss. 14, 15; c. 752, s. 1; 1995, c. 360, s. 2(e).)

Effect of Amendments. — The 1995 amendment, effective July 1, 1995, rewrote subsection (e).

§ 58-2-215. Consumer Protection Fund.

(a) A special fund is created in the Office of the State Treasurer, to be known as the Department of Insurance Consumer Protection Fund. The Fund shall be placed in an interest bearing account and any interest or other income derived from the Fund shall be credited to the Fund. Moneys in the Fund shall only be spent pursuant to warrants drawn by the Commissioner on the Fund through the State Treasurer. The Fund shall be subject to the provisions of the Executive Budget Act; except that the provisions of Article 3C of Chapter 143 of the General Statutes do not apply to subdivision (b)(1) of this section.

(b) All moneys credited to the Fund shall be used only to pay the following expenses incurred by the Department:

(1) For the purpose of retaining outside actuarial and economic consultants, legal counsel, and court reporting services in the review and analysis of rate filings, in conducting all hearings, and through any final adjudication.

(2) In connection with any delinquency proceeding under Article 30 of this Chapter, for the purpose of locating and recovering the assets of or any other obligations or liabilities owed to or due an insurer that has been placed under such proceeding.

(3) In connection with any civil litigation, other than under Chapter 150B of the General Statutes or any appeal from an order of the Commissioner or his deputies, that is commenced against the Commissioner or his deputies and that arises out of the performance of their official duties, for the purpose of retaining outside consultants, legal counsel, and court reporting services to defend such litigation.

(c) Moneys appropriated by the General Assembly shall be deposited in the Fund and shall become a part of the continuation budget of the Department of Insurance. Such continuation budget amount shall equal the actual expenditures drawn from the Fund during the prior fiscal year plus the official inflation rate designated by the Director of the Budget in the preparation of the State Budget for each ensuing fiscal year; provided that if interest income on the Fund exceeds the amount yielded by the application of the official inflation rate, such continuation budget amount shall be the actual expenditures drawn from the Fund, except that the appropriation for the 1995-96 fiscal year shall not exceed the sum of seven hundred fifty thousand dollars ($750,000) and for the 1996-97 fiscal year shall not exceed the sum of two hundred fifty thousand dollars ($250,000). In the event the amount in the Fund exceeds two hundred fifty thousand dollars ($250,000) at the end of any fiscal year, beginning with the 1995-96 fiscal year, such excess shall revert to the General Fund.

(d) **(Repealed effective July 1, 1996)** In no event shall more than seventy percent (70%) of the amount in the Fund be allocated or spent for any one purpose specified in subsection (b) of this section in any fiscal year. (1989 (Reg. Sess., 1990), c. 1069, s. 22; 1993 (Reg. Sess., 1994), c. 769, s. 14.1; 1995, c. 507, s. 11A(a), (b).)

Editor's Note. —

Session Laws 1995, c. 507, s. 1.1, provides this act shall be known and cited as the Expansion and Capital Improvements Appropriations Act of 1995.

Session Laws 1995, c. 507, s. 28.12 is a severability clause.

provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1995-97 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1995-97 biennium."

Session Laws 1995, c. 507, s. 11A(c), amended Session Laws 1989 (Reg. Sess., 1990), c. 1069, s. 31, deleting the last sentence regarding the expiration of amendments to the General Statutes by Session Laws 1989 (Reg. Sess., 1990), s. 31, as amended by Session Laws 1995, c. 507, s. 11A(c), provides: "Section 23 [see § 58-36-70] of this act does not apply to the 1990 automobile rate filing made pursuant to Article 36 of Chapter 58 of the General Statutes. Section 27 [§ 143-3.6] of this act shall expire at the end of the 1993-1994 fiscal year and Section 28 [§ 143-3.7] shall become effective upon the expiration of Section 27."

Session Laws 1995, c. 507, s. 1.1, provides that this act shall be known and cited as the Expansion and Capital Improvements Appropriations Act of 1995.

Session Laws 1995, c. 507, s. 28.9, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1995-97 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1995-97 biennium."

§ 58-6-25. Insurance regulatory charge.

(a) Charge Levied. — There is levied on each insurance company an annual charge for the purposes stated in subsection (d) of this section. As used in this section, the term "insurance company" means a company that pays the gross premiums tax levied in G.S. 105-228.5 and G.S. 105-228.8, except that the term does not include a hospital, medical, or dental service corporation regulated under Articles 65 and 66 of this Chapter. The term "insurance company" does not include a company regulated under Article 67 of this Chapter. The charge levied in this section is in addition to all other fees and taxes. The charge shall be at a percentage rate of the company's premium tax liability for the taxable year. In determining an insurance company's premium tax liability for a taxable year, additional taxes imposed by G.S. 105-228.8 shall be disregarded.

(b) Rates. — The rate of the charge for the 1991 taxable year shall be six and five-tenths percent (6.5%). For subsequent taxable years, the rate shall be the percentage rate established by the General Assembly. When the Department prepares its budget request for each upcoming fiscal year, the Department shall propose a percentage rate of the charge levied in this section. The Governor shall submit that proposed rate to the General Assembly each fiscal year. The General Assembly shall set by law the percentage rate of the charge levied in this section. The percentage rate may not exceed the rate necessary to generate funds sufficient to defray the estimated cost of the operations of the Department for each upcoming fiscal year, including a reasonable margin for a reserve fund. The amount of the reserve may not exceed one-third of the estimated cost of operating the Department for each upcoming fiscal year. In calculating the amount of the reserve, the General Assembly shall consider all relevant factors that may affect the cost of operating the Department or a possible unanticipated increase or decrease in North Carolina premiums or other charge revenue.

(c) Returns; When Payable. — The charge levied on each insurance company is payable at the time the insurance company remits its premium tax. If the insurance company is required to remit installment payments of premiums tax under G.S. 105-228.5 for a taxable year, it shall also remit installment payments of the charge levied in this section for that taxable year at the same time and on the same basis as the premium tax installment payments. Each installment payment shall be equal to at least thirty-three and one-third percent (33.3%) of the insurance company's regulatory charge liability incurred in the immediately preceding taxable year.

Every insurance company shall, on or before the date the charge levied in this section is due, file a return on a form prescribed by the Secretary of Revenue. The return shall state the company's total North Carolina premiums for the taxable year and shall be accompanied by any supporting documentation that the Secretary of Revenue may by rule require.

(d) Use of Proceeds. — The Insurance Regulatory Fund is created in the State treasury, under the control of the Office of State Budget and Management. The proceeds of the charge levied in this section and all fees collected under Articles 69 through 71 of this Chapter and under Articles 9 and 9C of Chapter 143 of the General Statutes shall be credited to the Fund. The Fund shall be placed in an interest-bearing account and any interest or other income derived from the Fund shall be credited to the Fund. Moneys in the Fund may be spent only pursuant to appropriation by the General Assembly and in accordance with the line item budget enacted by the General Assembly. The Fund is subject to the provisions of the Executive Budget Act, except that no unexpended surplus of the Fund shall revert to the General Fund. All money credited to the Fund shall be used to reimburse the General Fund for money appropriated to State agencies to pay the expenses incurred in regulating the insurance industry, in certifying statewide data processors under Article 11A of Chapter 131E of the General Statutes, and in purchasing reports of patient data from statewide data processors certified under that Article. (1991, c. 689, s. 289; 1991 (Reg. Sess., 1992), c. 812, s. 6(e); 1995, c. 360, ss. 1(i), 3(a); c. 517, s. 39(f), (g).)

Editor's Note. —

Session Laws 1995, c. 178, s. 1(a), effective June 5, 1995, provides: "The percentage rate to be used in calculating the insurance regulatory charge under G.S. 58-6-25 is seven and twenty-five hundredths percent (7.25%) for the 1995 calendar year."

Session Laws 1995, c. 471, s. 6, effective July 1, 1995, provides for the appropriation of funds from the Department of Insurance Fund for the expenses of administering the Department's self-insured workers' compensation program.

Session Laws 1995, c. 517, ss. 39(i) and 41, contain severability clauses.

Effect of Amendments. — Session Laws 1995, c. 360, s. 1(i), effective January 1, 1996, in the second paragraph of subsection (c) twice substituted "Secretary of Revenue" for "Commissioner" and in the second sentence substituted "The return" for "The report".

Session Laws 1995, c. 360, s. 3(a), effective July 1, 1995, in subsection (a), in the first sentence deleted "to the Department" following "defray the cost" and deleted "and other industries and the general administrative expenses of the State incident thereto" form the end of the sentence; and in subsection (d), in the first sentence substituted "The Insurance Regulatory Fund" for "The Department of Insurance Fund" and added "under the control of the Office of State Budget and Management" to the end of the sentence, and rewrote the last sentence.

Session Laws 1995, c. 517, ss. 39(f) and (g), effective July 29, 1995, substituted "for the purposes stated in subsection (d) of this section" for "to defray the cost of regulating the insurance industry" in subsection (a); and added "in certifying statewide data processors under Article 11A of Chapter 131E of the General Statutes, and in purchasing reports of patient data from statewide data processors certified under that Article" at the end of subsection (d).

ARTICLE 7.

General Domestic Companies.

§ 58-7-21. Credit allowed a domestic ceding insurer.

(a) As used in this section and in G.S. 58-7-26, 58-7-30, and 58-7-31:

(1) "Reinsurance" means a transfer of insurance risk from a ceding insurer to an assuming insurer.

(2) "Insurance risk" means an uncertainty regarding the ultimate amount of any claim payment (underwriting risk) or an uncertainty regarding the timing of the payments (timing risk), or both.

(b) Credit for reinsurance shall be allowed a domestic ceding insurer as either an asset or a deduction from liability on account of reinsurance ceded only when the reinsurer meets the requirements of subdivisions (1), (2), (3), (4), or (5) of this subsection. If meeting the requirements of subdivisions (3) or (4) of this subsection, the reinsurer must also meet the requirements of subdivision (6) of this subsection.

(1) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is licensed to transact insurance or reinsurance in this State.

(2) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is accredited as a reinsurer in this State. An accredited reinsurer is one that:

a. Files with the Commissioner evidence of its submission to this State's jurisdiction;

b. Submits to this State's authority to examine its books and records;

c. Is licensed to transact insurance or reinsurance in at least one state, or in the case of a United States branch of an alien assuming insurer is entered through and licensed to transact insurance or reinsurance in at least one state;

d. Files annually with the Commissioner a copy of its annual statement filed with the insurance regulator of its state of domicile, a copy of its most recent audited financial statement, and a fee of five hundred dollars ($500.00); and either

1. Maintains a policyholders' surplus in an amount that is not less than twenty million dollars ($20,000,000) and whose accreditation has not been denied by the Commissioner within 90 days after its submission; or

2. Maintains a policyholders' surplus in an amount less than twenty million dollars ($20,000,000) and whose accreditation has been approved by the Commissioner.

No credit shall be allowed a domestic ceding insurer if the assuming insurer's accreditation has been revoked by the Commissioner after notice and opportunity for a hearing.

(3) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is domiciled and licensed in, or in the case of a United States branch of an alien assuming insurer is entered through, a state that uses standards regarding credit for reinsurance substantially similar to those applicable under this section and the assuming insurer or United States branch of an alien assuming insurer:

a. Maintains a policyholders' surplus in an amount not less than twenty million dollars ($20,000,000); and

b. Submits to the authority of this State to examine its books and records.

However, the requirement in sub-subdivision (3)a. of this subsection does not apply to reinsurance ceded and assumed under pooling arrangements among insurers in the same holding company system.

(4)a. Credit shall be allowed when the reinsurance is ceded to an assuming insurer that maintains a trust fund in a qualified United States financial institution, as defined in G.S. 58-7-26(b), for the payment of the valid claims of its United States policyholders and ceding insurers, their assigns and successors in interest. The assuming insurer shall report annually to the Commissioner information substantially the same as that required to be reported on the NAIC Annual Statement form by licensed insurers to enable the Commissioner to determine the sufficiency of the trust fund. In the case of a single assuming insurer, the trust shall consist of a trusteed account representing the assuming insurer's liabilities attributable to business written in the United States and, in addition, the assuming insurer shall maintain a trusteed surplus of not less than twenty million dollars ($20,000,000). In the case of a group of insurers, which includes individual unincorporated underwriters, the trust shall consist of a trusteed account representing the group's liabilities attributable to business written in the United States and, in addition, the group shall maintain a trusteed surplus of which one hundred million dollars ($100,000,000) shall be held jointly for the benefit of United States ceding insurers of any member of the group; and the group shall make available to the Commissioner an annual certification of the solvency of each underwriter by the group's domiciliary regulator and its independent certified public accountants.

b. In the case of a group of incorporated insurers under common administration which (i) complies with the filing requirements contained in the previous paragraph, (ii) has continuously transacted an insurance business outside the United States for at least three years immediately before making application for accreditation, (iii) submits to this State's authority to examine its books and records, and (iv) has aggregate policyholders' surplus of ten billion dollars ($10,000,000,000); the trust shall be in an amount equal to the group's several liabilities attributable to business ceded by United States ceding insurers to any member of the group under reinsurance contracts issued in the name of the group. In addition, the group shall maintain a joint trusteed surplus of which one hundred million dollars ($100,000,000) shall be held jointly for the benefit of United States ceding insurers of any member of the group as additional security for any such liabilities, and each member of the group shall make available to the Commissioner an annual certification of the member's solvency by the member's domiciliary regulator and its independent public accountant.

c. The trust shall be established in a form approved by the Commissioner. The trust instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in the trustees of the trust for its United States policyholders and ceding insurers, their assigns and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the Commissioner. The trust shall remain in effect for as long as the assuming insurer has outstanding obligations due under the reinsurance agreements subject to the trust.

d. No later than February 28 of each year the trustees of the trust shall report to the Commissioner in writing, setting forth the balance of the trust and listing the trust's investments at the end of the preceding year, and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire before the next following December 31.

(5) Credit shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of subdi-

visions (1), (2), (3), or (4) of this subsection, but only with respect to the insurance of risks located in jurisdictions where the reinsurance is required by applicable law or regulation of that jurisdiction.

(6) If the assuming insurer is not licensed or accredited to transact insurance or reinsurance in this State, the credit permitted by subdivisions (3) and (4) of this subsection shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

a. That if the assuming insurer fails to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the ceding insurer's request, shall submit to the jurisdiction of any court of competent jurisdiction in any state of the United States, shall comply with all requirements necessary to give the court jurisdiction, and shall abide by the final decision of the court or of any appellate court if there is an appeal; and

b. To designate the Commissioner as its true and lawful attorney upon whom may be served any lawful process in any action, suit, or proceeding begun by or on behalf of the ceding company.

This subdivision does not affect the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if such an obligation is created in the agreement.

(c) This section applies to all reinsurance cessions made on or after January 1, 1992, under reinsurance agreements that have an inception, anniversary, or renewal date on or after January 1, 1992. (1991, c. 681, s. 22; 1993, c. 452, s. 42; 1993 (Reg. Sess., 1994), c. 678, s. 8; 1995, c. 193, s. 13; c. 360, s. 2(g).)

Editor's Note. —

Session Laws 1995, c. 193, s. 67, contains a severability clause.

Effect of Amendments. —

Session Laws 1995, c. 193, s. 13, effective June 7, 1995, in subsection (a) substituted "58-7-31" for "58-7-32" in the introductory language; and substituted "the" for "such" preceding "payments" in subdivision (a)(2).

Session Laws 1995, c. 360, s. 2(g), effective July 1, 1995, deleted "and bears the expense of the examination" following "records" in subdivision (b)(4)b.(iii).

§ 58-7-30. Insolvency of ceding insurer; exceptions; written reinsurance agreements.

(a) Notwithstanding any other provision of this Article, no credit shall be allowed, as an admitted asset or as a deduction from liability, to any ceding insurer for reinsurance, unless the reinsurance is payable by the assuming insurer, on the basis of claims allowed against the ceding insurer under the contract or contracts reinsured without diminution because of the insolvency of the ceding insurer, directly to the ceding insurer or to its domiciliary receiver except (1) where the contract specifically provides for another payee of the reinsurance in the event of the insolvency of the ceding insurer or (2) where the assuming insurer, with the consent of the direct insured or insureds, has assumed the policy obligations of the ceding insurer as direct obligations of the assuming insurer to the payees under the policies and in substitution of the obligations of the ceding insurer to the payees.

(b) No credit shall be allowed, as an admitted asset or as a deduction from liability, to any ceding insurer for reinsurance, unless the reinsurance is documented by a policy, certificate, treaty, or other form of agreement that is properly executed by an authorized officer of the assuming insurer. If the reinsurance is ceded through an underwriting manager or agent, the manager or agent shall provide to the domestic ceding insurer evidence of the manager or agent's authority to assume reinsurance for and on behalf of the assuming insurer. The evidence shall consist of either an acceptable letter of authority executed by an authorized officer of the assuming insurer or a copy of the actual agency agreement between the underwriting manager or agent and the assuming insurer; and the evidence shall be specific as to the classes of business within the authority and as to the term of the authority. If there is any conflict between this subsection and Article 9 of this Chapter, the provisions of Article 9 govern. (1985, c. 572, s. 1; 1995, c. 193, s. 14; c. 517, s. 4.)

Editor's Note. — Session Laws 1995, c. 193, s. 13 and c. 517, s. 41, contain severability clauses.

Effect of Amendments. — Session Laws 1995, c. 193, s. 13, effective June 7, 1995, added "Notwithstanding any other provision of this Article" to the beginning of the section.

Session Laws 1995, c. 517, s. 4, effective October 1, 1995, added "written reinsurance agreements" in the catchline; added the subsection (a) designation; and added subsection (b).

§ 58-7-31. Life and health reinsurance agreements.

(a) Notwithstanding any other provision of this Article, this section applies to every domestic life and accident and health insurer, to every other licensed life and accident and health insurer that is not subject to a substantially similar statute or administrative rule in its domiciliary state, and to every licensed property and casualty insurer with respect to its accident and health business. This section does not apply to assumption reinsurance, yearly renewable term reinsurance, nor to certain nonproportional reinsurance, such as stop loss or catastrophe reinsurance.

(b) No insurer shall, for reinsurance ceded, reduce any liability or establish any asset in any financial statement filed with the Commissioner if, by the terms of the reinsurance agreement, in substance or effect, any of the following conditions exist:

(1) Renewal expense allowances provided or to be provided to the ceding insurer by the reinsurer in any accounting period, are not sufficient to cover anticipated allocable renewal expenses of the ceding insurer on the portion of the business reinsured, unless a liability is established for the present value of the shortfall, using assumptions equal to the applicable statutory reserve basis on the business reinsured. Those expenses include commissions, premium taxes, and direct expenses including, but not limited to, billing, valuation, claims, and maintenance expected by the company at the time the business is reinsured.

(2) The ceding insurer can be deprived of surplus or assets at the reinsurer's option or automatically upon the occurrence of some event, such as the insolvency of the ceding insurer; except that termination of the reinsurance agreement by

the reinsurer for nonpayment of reinsurance premiums or other amounts due, such as modified coinsurance reserve adjustments, interest, and adjustments on funds withheld, and tax reimbursements, are not a deprivation of surplus or assets.

(3) The ceding insurer is required to reimburse the reinsurer for negative experience under the reinsurance agreement; except that neither offsetting experience refunds against current and prior years' losses under the reinsurance agreement nor payment by the ceding insurer of an amount equal to the current and prior years' losses under the reinsurance agreement upon voluntary termination of in-force reinsurance by the ceding insurer are a reimbursement to the reinsurer for negative experience. Voluntary termination does not include situations where termination occurs because of unreasonable provisions that allow the reinsurer to reduce its risk under the reinsurance agreement.

(4) The ceding insurer must, at specific points in time scheduled in the reinsurance agreement, terminate or automatically recapture all or part of the reinsurance ceded.

(5) The reinsurance agreement involves the possible payment by the ceding insurer to the reinsurer of amounts other than from income realized from the reinsured policies. No ceding company shall pay reinsurance premiums or other fees or charges to a reinsurer that are greater than the direct premiums collected by the ceding company.

(6) The treaty does not transfer all of the significant risk inherent in the business being reinsured. The following table identifies for a representative sampling of products or type of business, the risks that are considered to be significant. For products not specifically included, the risks determined to be significant shall be consistent with this table.

Risk Categories:

a.= Morbidity.

b.= Mortality.

c.= Lapse. (This is the risk that a policy will voluntarily terminate before the recoupment of a statutory surplus strain experienced at issue of the policy.)

d.= Credit Quality (C1). (This is the risk that invested assets supporting the reinsured business will decrease in value. The main hazards are that assets will default or that there will be a decrease in earning power. It excludes market value declines due to changes in interest rate.)

e.= Reinvestment (C3). (This is the risk that interest rates will fall and funds reinvested [coupon payments or monies received upon asset maturity or call] will therefore earn less than expected. If asset durations are less than liability durations, the mismatch will increase.)

Risk Categories:

f.= Disintermediation (C3). (This is the risk that interest rates will rise and policy loans and surrenders increase or maturing contracts do not renew at anticipated rates of renewal. If asset durations are greater than the liability durations, the mismatch will increase. Policyholders will move their funds into new products offering higher rates. The company may have to sell assets at a loss to provide for these withdrawals.)

(7)a. The credit quality, reinvestment, or disintermediation risk is significant for the business reinsured and the ceding company does not (other than for the classes of business excepted in subdivision (7)b. of this section) either transfer the underlying assets to the reinsurer or legally segregate such assets in a trust or escrow account or otherwise establish a mechanism satisfactory to the Commissioner that legally segregates, by contract or contractual provisions, the underlying assets.

b. Notwithstanding the requirements of subdivision (7)a. of this section, the assets supporting the reserves for the following classes of business and any classes of business that do not have a significant credit quality, reinvestment, or disintermediation risk may be held by the ceding company without segregation of those assets:

— Health Insurance — LTC/LTD
— Traditional Non-Par Permanent
— Traditional Par Permanent
— Adjustable Premium Permanent
— Indeterminate Premium Permanent
— Universal Life Fixed Premium
(no dump-in premiums allowed)

The associated formula for determining the reserve interest rate adjustment must use a formula that reflects the ceding company's investment earnings and incorporates all realized and unrealized gains and losses reflected in the statutory statement. The following is an acceptable formula:

$$\text{Rate} = \frac{2\ (I + CG)}{X + Y - I - CG}$$

Where: I is the net investment income.
CG is capital gains less capital losses.
X is the current year cash and invested assets plus investment income due and accrued less borrowed money.
Y is the same as X but for the prior year.

(8) Settlements are made less frequently than quarterly or payments due from the reinsurer are not made in cash within 90 days after the settlement date.

(9) The ceding insurer is required to make representations or warranties not reasonably related to the business being reinsured.

(10) The ceding insurer is required to make representations or warranties about future performance of the business being reinsured.

(11) The reinsurance agreement is entered into for the principal purpose of producing significant surplus aid for the ceding insurer, typically on a temporary basis, while not transferring all of the significant risks inherent in the business reinsured and, in substance or effect, the expected potential liability to the ceding insurer remains basically unchanged.

(c) Notwithstanding subsection (a) of this section, an insurer may, with the prior approval of the Commissioner, take such reserve credit or establish such asset as the Commissioner deems to be consistent with the insurance laws or rules of this State, including actuarial interpretations or standards adopted by the Commissioner.

(d)(1) Reinsurance agreements entered into after October 1, 1993, that involve the reinsurance of business issued prior to the effective date of the reinsurance agreements, along with any subsequent amendments thereto, shall be filed by the ceding company with the Commissioner within 30 days after its date of execution. Each filing shall include data detailing the final impact of the transaction. The ceding insurer's actuary who signs the financial statement actuarial opinion with respect to valuation of reserves shall consider this statute and any applicable actuarial standards of practice when determining the proper credit in financial statements filed with the Commissioner. The actuary should maintain adequate documentation and be prepared upon request to describe the actuarial work performed for inclusion in the financial statements and to demonstrate that such work conforms to this statute.

(2) Any increase in surplus net of federal income tax resulting from arrangements described in subdivision (d)(1) of this section shall be identified separately on the insurer's statutory financial statement as a surplus item (aggregate write-ins for gains and losses in surplus in the Capital and Surplus Account, page 4 of the Annual Statement) and recognition of the surplus increase as income shall be reflected on a net of tax basis in the "Reinsurance Ceded" line, page 4 of the Annual Statement as earnings emerge from the business reinsured.

(e) No reinsurance agreement or amendment to any reinsurance agreement may be used to reduce any liability or to establish any asset in any financial statement filed with the Commissioner, unless the reinsurance agreement, amendment, or a binding letter of intent has been duly executed by both parties no later than the "as of date" of the financial statement.

(f) In the case of a letter of intent, a reinsurance agreement or an amendment to a reinsurance agreement must be executed within a reasonable period of time, not exceeding 90 days after the execution date of the letter of intent, in order for credit to be granted for the reinsurance ceded.

(g) The reinsurance agreement shall contain provisions that provide that:

(1) The reinsurance agreement shall constitute the entire reinsurance agreement between the parties with respect to the business being reinsured thereunder and that there are no understandings between the parties other than as expressed in the reinsurance agreement; and

(2) Any change or modification to the reinsurance agreement shall be null and void unless made by amendment to the reinsurance agreement and signed by both parties.

(h) Insurers subject to this section shall reduce to zero by December 31, 1994, any reserve credits or assets established with respect to reinsurance agreements entered into prior to October 1, 1993, that, under the provisions of this section, would not be entitled to recognition of such reserve credits or assets; provided, however, that such reinsurance agreements shall have been in compliance with laws or regulations in existence immediately preceding October 1, 1993. (1993, c. 452, s. 4; 1993 (Reg. Sess., 1994), c. 678, s. 9; 1995, c. 193, ss. 15, 16.)

Editor's Note. —

Session Laws 1995, c. 193, s. 67, contains a severability clause.

Effect of Amendments. —

Session Laws 1995, c. 193, ss. 15, 16, effective June 7, 1995, added "Notwithstanding any other provision of this Article" to the beginning of subsection (a); and deleted a comma following "reinsurance agreement" in subsection (f).

§ 58-7-75. Amount of capital and/or surplus required; impairment of capital or surplus.

The amount of capital and/or surplus requisite to the formation and organization of companies under the provisions of Articles 1 through 64 of this Chapter shall be as follows:

(1) Stock Life Insurance Companies. — A stock corporation may be organized in the manner prescribed in this Chapter and licensed to do the business of life insurance, only when it has paid-in capital of at least six hundred thousand dollars ($600,000) and a paid-in initial surplus of at least nine hundred thousand dollars ($900,000), and it may in addition do the kind of business specified in G.S. 58-7-15(2), without having additional capital or surplus. Every such company shall at all times thereafter maintain a minimum capital of not less than six hundred thousand dollars ($600,000) and a minimum surplus of at least one hundred fifty thousand dollars ($150,000). Provided that, any such corporation may do either or both of the kinds of insurance authorized for stock accident and health insurance companies, as set out in G.S. 58-7-15(3)a. and b., where its charter so permits, and only as long as it maintains a minimum capital and surplus equal to the sum of the minimum capital and surplus requirements of this subdivision and the minimum capital and surplus requirements of subdivision (2) of this section.

(2) Stock Accident and Health Insurance Companies.

a. A stock corporation may be organized in the manner prescribed in this Chapter and licensed to do only the kind of insurance specified in G.S. 58-7-15(3)a, when it has paid-in capital of not less than four hundred thousand dollars ($400,000), and a paid-in initial surplus of at least six hundred thousand dollars ($600,000). Every such company shall at all times thereafter maintain a minimum capital of not less than four hundred thousand dollars ($400,000) and a minimum surplus of at least one hundred thousand dollars ($100,000).

b. Any company organized under the provisions of paragraph a of this subdivision may, by the provisions of its original charter or any amendment thereto, acquire the power to do the kind of business specified in G.S. 58-7-15(3)b, if it has a paid-in capital of at least six hundred thousand dollars ($600,000) and a paid-in initial surplus of at least nine hundred thousand dollars ($900,000). Every such company shall at all times maintain a minimum capital of not less than six hundred thousand dollars ($600,000) and a minimum surplus of at least one hundred fifty thousand dollars ($150,000).

(3) Stock Fire and Marine Companies. — A stock corporation may be organized in the manner prescribed in this Chapter and licensed to do one or more of the kinds of insurance specified in G.S. 58-7-15 (4), (5), (6), (7), (8), (11), (12), (19), (20), (21) and (22) only when it has a paid-in capital of not

less than eight hundred thousand dollars ($800,000) and a paid-in initial surplus of not less than one million two hundred thousand dollars ($1,200,000). Every such company shall at all times thereafter maintain a minimum capital of not less than eight hundred thousand dollars ($800,000) and a minimum surplus of at least two hundred thousand dollars ($200,000). (4) Policy. — A contract of insurance as defined in G.S. 58-1-10.

(5) Policyholder. — Any person that has the right to terminate or otherwise alter the terms of a policy. It includes any group policy certificate holder whose certificate is in force on the proposed effective date of the assumption, if the certificate holder has the right to keep the certificate in force without any change in benefits after termination of the group policy. The right to keep the certificate in force referred to in this subdivision does not include the right to elect individual coverage under the Consolidated Omnibus Budget Reconciliation Act ("COBRA"), section 601, et seq., of the Employee Retirement Income Security Act of 1974, as amended, 29 U.S.C. § 1161, et seq.

(6) Transferring insurer. — The insurer that transfers an insurance obligation or risk to an assuming insurer under an assumption reinsurance agreement. (1995, c. 318, s. 1.)

§ 58-10-30. Notice requirements.

(a) The transferring insurer shall provide or cause to be provided to each policyholder a notice of transfer by first-class mail, addressed to the policyholder's last known address or to the address to which premium notices or other policy documents are sent; or with respect to home service business, by personal delivery with acknowledged receipt. A notice of transfer shall also be sent to the transferring insurer's agents or brokers of record on the affected policies.

(b) The notice of transfer shall be in a form identical or substantially similar to Appendix A of the NAIC Assumption Reinsurance Model Act, as amended by the NAIC and shall state or provide:

(1) The date on which the transfer and novation of the policyholder's policy is proposed to take place.

(2) The names, addresses, and telephone numbers of the assuming and transferring insurers.

(3) That the policyholder has the right to either consent to or reject the transfer and novation.

(4) The procedures and time limit for consenting to or rejecting the transfer and novation.

(5) A summary of any effect that consenting to or rejecting the transfer and novation will have on the policyholder's rights.

(6) A statement that the assuming insurer is licensed to write the type of business being assumed in the state where the policyholder resides, or is otherwise authorized, as provided in this Part, to assume that business.

(7) The name and address of the person at the transferring insurer to whom the policyholder should send the policyholder's written statement of acceptance or rejection of the transfer and novation.

(8) The address and telephone number of the insurance department where the policyholder resides so that the policyholder may write or call that insurance department for further information about the financial condition of the assuming insurer.

(9) The following financial data for both insurers:

a. Ratings for the last five years, if available, or for any shorter period that is available, from two nationally recognized insurance rating services acceptable to the Commissioner, including the rating services' explanations of the meanings of their ratings. If ratings are unavailable for any year of the five-year period, this shall also be disclosed.

b. A balance sheet as of December 31 for the previous three years, if available, or for any shorter period that is available, and as of the date of the most recent quarterly statement.

c. A copy of the Management's Discussion and Analysis that was filed as a supplement to the previous year's annual statement.

d. An explanation of the reason for the transfer.

(c) The notice of transfer shall include a preaddressed, postage-paid response card that the policyholder may return as the policyholder's written statement of acceptance or rejection of the transfer and novation.

(d) The notice of transfer shall be filed as part of the prior approval requirement set forth in subsection (e) of this section.

(e) Prior approval by the Commissioner is required for any transaction in which a domestic insurer assumes or transfers obligations or risks on policies under an assumption reinsurance agreement. No insurer licensed in this State shall transfer obligations or risks on policies issued to or owned by residents of this State to any insurer that is not licensed in this State. A domestic insurer shall not assume obligations or risks on policies issued to or owned by policyholders residing in any other state unless it is licensed in the other state, or the insurance regulator of that state has approved the assumption.

(f) Any licensed foreign insurer that enters into an assumption reinsurance agreement that transfers the obligations or risks on policies issued to or owned by residents of this State shall file with the Commissioner the assumption certificate, a copy of the notice of transfer, and an affidavit that the transaction is subject to substantially similar requirements in the states of domicile of both the transferring and assuming insurers. If those requirements do not exist in the state of domicile of either the transferring or assuming insurer, the requirements of subsection (g) of this section apply.

(g) Any licensed foreign insurer that enters into an assumption reinsurance agreement that transfers the obligations or risks on policies issued to or owned by residents of this State shall obtain prior approval of the Commissioner and be subject to all other requirements of this Part with respect to residents of this State, unless the transferring and assuming insurers are subject to assumption reinsurance requirements adopted by statute or administrative rule in the states of their domicile that are substantially similar to those contained in this Part and in any administrative rules adopted under this Part.

(h) The following factors, along with any other factors the Commissioner deems to be appropriate under the circumstances, shall be considered by the Commissioner in reviewing a request for approval:

(1) The financial condition of the transferring and assuming insurers and the effect the transaction will have on the financial condition of each company.
(2) The competence, experience, and integrity of those persons who control the operation of the assuming insurer.
(3) The plans or proposals the assuming insurer has with respect to the administration of the policies subject to the proposed transfer.
(4) Whether the transfer is fair and reasonable to the policyholders of both insurers.
(5) Whether the notice of transfer to be provided by the insurer is fair, adequate, and not misleading. (1995, c. 318, s. 1.)

§ 58-10-35. Policyholder rights.

(a) Policyholders may reject the transfer and novation of their policies by indicating on the response card that the assumption is rejected and returning the card to the transferring insurer.

(b) Payment of any premium to the assuming company during the 24-month period after the notice of transfer has been received indicates the policyholder's acceptance of the transfer to the assuming insurer; and a novation shall occur only if the premium notice clearly states that payment of the premium to the assuming insurer constitutes acceptance of the transfer. The premium notice shall also provide a method for the policyholder to pay the premium while reserving the right to reject the transfer. With respect to any home service business or any other business not using premium notices, the disclosures and procedural requirements of this subsection are to be set forth in the notice of transfer required by G.S. 58-10-30 and in the assumption certificate.

(c) After no fewer than 24 months after the mailing of the initial notice of transfer required under G.S. 58-10-30, if positive consent to, or rejection of, the transfer and assumption has not been received or consent has occurred under subsection (b) of this section, the transferring insurer shall send to the policyholder a second and final notice of transfer as specified in G.S. 58-10-30. If the policyholder does not accept or reject the transfer during the one-month period immediately after the date on which the transferring insurer mailed the second and final notice of transfer, the policyholder's consent and novation of the contract will occur. With respect to the home service business, or any other business not using premium notices, the 24-month and one-month periods shall be measured from the date of delivery of the notice of transfer under G.S. 58-10-30.

(d) The transferring insurer shall be deemed to have received the response card on the date it is postmarked. A policyholder may also send the response card by facsimile, other electronic transmission, registered mail, express delivery, or courier service; in which case the response card shall be deemed to have been received by the transferring insurer on the date of actual receipt by the transferring insurer. (1995, c. 318, s. 1.)

§ 58-10-40. Effect of consent.

If a policyholder consents to the transfer under G.S. 58-10-35 or if the transfer is effected under G.S. 58-10-45, there shall be a novation of the policy, subject to the assumption reinsurance agreement, with the result that the transferring insurer is thereby relieved of all insurance obligations or risks transferred under the assumption reinsurance agreement and the assuming insurer is directly and solely liable to the policyholder for those insurance obligations or risks. (1995, c. 318, s. 1.)

§ 58-10-45. Commissioner's discretion.

If a domestic insurer or a foreign insurer from a state having a substantially similar law is deemed by its domiciliary insurance regulator to be in hazardous financial condition or a proceeding has been instituted against it for the purpose of reorganizing or conserving the insurer, and the transfer of the policies is in the best interest of the policyholders, as determined by the domiciliary insurance regulator, a transfer and novation may be effected notwithstanding the provisions of this Part. This may include a form of implied consent and adequate notification to the policyholders of the circumstances requiring the transfer as approved by the Commissioner. (1995, c. 318, s. 1.)

Part 3. Disclosure of Material Transactions.

§ 58-10-55. Report.

(a) This Part applies only to domestic insurers. Effective October 1, 1995, every insurer shall file a report with the Commissioner disclosing material acquisitions and dispositions of assets or material nonrenewals, cancellations, or revisions of ceded reinsurance agreements, unless the acquisitions and dispositions of assets or material nonrenewals, cancellations, or revisions of ceded reinsurance agreements have been submitted to the Commissioner for review, approval, or informational purposes under any other provisions of this Chapter or the North Carolina Administrative Code. This report is due within 15 days after the end of the calendar month in which any of these transactions occurred. A copy of the report, including any filed exhibits or other attachments, shall also be filed with the NAIC.

(b) All reports obtained by or disclosed to the Commissioner under this Part are confidential and are not subject to subpoena. No report shall be made public by the Commissioner, the NAIC, or any other person, except to insurance regulators of other states, without the prior written consent of the reporting insurer, unless the Commissioner, after giving the insurer notice and an opportunity to be heard, determines that the interest of policyholders, shareholders, or the public will be served by the publication of the report. In that event, the Commissioner may publish all or any part of the report in a manner the Commissioner considers appropriate. (1995, c. 318, s. 1.)

Editor's Note. — Session Laws 1995, c. 318, s. 9 made this Part effective January 1, 1996.

Session Laws 1995, c. 318, s. 8, contains a severability clause.

§ 58-10-60. Acquisitions and dispositions of assets.

(a) Insurers do not have to report acquisitions or dispositions under G.S. 58-10-55 if they are not material. For the purposes of this Part, a material acquisition or the aggregate of any series of related acquisitions during any 30-day period, or a material disposition or the aggregate of any series of related dispositions during any 30-day period, is one that is nonrecurring, not in the ordinary course of business, and involves more than five percent (5%) of the insurer's total admitted assets as reported in its most recent financial statement filed with the Department.

(b) Asset acquisitions subject to this Part include every purchase, lease, exchange, merger, consolidation, succession, or other acquisition, other than the construction or development of real property by or for the insurer or the acquisition of materials for that purpose. Asset dispositions subject to this Part include every sale, lease, exchange, merger, consolidation, mortgage, hypothecation, assignment for the benefit of creditors or otherwise, abandonment, destruction, or other disposition.

(c) The following information shall be disclosed in any report under this section:

(1) Date of the transaction.
(2) Manner of acquisition or disposition.
(3) Description of the assets involved.
(4) Nature and amount of the consideration given or received.
(5) Purpose of, or reason for, the transaction.
(6) Manner by which the amount of consideration was determined.
(7) Gain or loss recognized or realized as a result of the transaction.
(8) Name of each person from whom the assets were acquired or to whom they were disposed.

(d) Every insurer shall report material acquisitions and dispositions on a nonconsolidated basis unless the insurer is part of a consolidated group of insurers that uses a pooling arrangement or one hundred percent (100%) reinsurance agreement that affects the solvency and integrity of the insurer's reserves and the insurer ceded substantially all of its direct and assumed business to the pool. An insurer cedes substantially all of its direct and assumed business to a pool if the insurer has less than one million dollars ($1,000,000) total direct plus assumed written premiums during a calendar year that are not subject to a pooling arrangement and the net income of the business not subject to the pooling arrangement represents less than five percent (5%) of the insurer's capital and surplus. (1995, c. 318, s. 1.)

§ 58-10-65. Nonrenewals, cancellations, or revisions of ceded reinsurance agreements.

(a) Insurers do not have to report nonrenewals, cancellations, or revisions of ceded reinsurance agreements under G.S. 58-10-55 if they are not material. For the purposes of this Part, a nonrenewal, cancellation, or revision of a ceded reinsurance agreement is considered material and must be reported if:

(1) It is for property and casualty business, including accident and health business written by a property and casualty insurer and affects:
  a. More than fifty percent (50%) of the insurer's total ceded written premium; or
  b. More than fifty percent (50%) of the insurer's total ceded indemnity and loss adjustment reserves.

(2) It is for life, annuity, and accident and health business and affects more than fifty percent (50%) of the total reserve credit taken for business ceded, on an annualized basis, as indicated in the insurer's most recent annual statement.

(3) It is for either property and casualty, or life, annuity, and accident and health business, and:
  a. An authorized reinsurer representing more than ten percent (10%) of a total cession is replaced by one or more unauthorized reinsurers; or
  b. Previously established collateral requirements have been reduced or waived with respect to one or more unauthorized reinsurer's representing collectively more than ten percent (10%) of a total cession.

(b) No filing is required if:

(1) For property and casualty business, including accident and health business written by a property and casualty insurer, the insurer's total ceded written premium represents, on an annualized basis, less than ten percent (10%) of its total written premium for direct and assumed business.

(2) For life, annuity, and accident and health business, the total reserve credit taken for business ceded represents, on an annualized basis, less than ten percent (10%) of the statutory reserve requirement before any cession.

(c) The following information shall be disclosed in any report under this section:

(1) Effective date of the nonrenewal, cancellation, or revision.

(2) Description of the transaction, with an identification of the initiator of the transaction.

(3) Purpose of, or reason for, the transaction.

(4) If applicable, identity of the replacement reinsurers.

(d) Every insurer shall report all material nonrenewals, cancellations, or revisions of ceded reinsurance agreements on a nonconsolidated basis unless the insurer is part of a consolidated group of insurers that uses a pooling arrangement or one hundred percent (100%) reinsurance agreement that affects the solvency and integrity of the insurer's reserves and the insurer ceded substantially all of its direct and assumed business to the pool. An insurer cedes substantially all of its direct and assumed business to a pool if the insurer has less than one million dollars ($1,000,000) total direct plus assumed written premiums during a calendar year that are not subject to the pooling arrangement and the net income of the business not subject to the pooling arrangement represents less than five percent (5%) of the insurer's capital and surplus. (1995, c. 318, s. 1.)

§ 58-12-4. Finding; endorsement of additional capital.

The General Assembly finds that an excess of capital over the amount produced by the risk-based capital requirements contained in this Article and in the formulas, schedules, and instructions referenced in this Article is desirable in the business of insurance. Accordingly, the General Assembly encourages insurers to seek to maintain capital above the risk-based capital levels required by this Article. Additional capital is used and useful in the insurance business and helps to secure an insurer against various risks inherent in or affecting the business of insurance but not accounted for or only partially measured by the risk-based capital requirements contained in this Article. (1995, c. 318, s. 3.)

Editor's Note. — Session Laws 1995, c. 318, s. 9, made this section effective January 1, 1996.

Session Laws 1995, c. 318, s. 8, contains a severability clause.

§ 58-12-6. Risk-based capital reports.

(a) Every domestic insurer shall, on or before each March 1 (the "filing date"), prepare and submit to the Commissioner a report of its risk-based capital levels as of the end of the calendar year just ended, in a form and containing such information as is required by the risk-based capital instructions. In addition, every domestic insurer shall file its risk-based capital report:

(1) With the NAIC in accordance with the risk-based capital instructions; and

(2) With the insurance regulator in any state in which the insurer is authorized to do business, if the Commissioner has notified the insurer of its request in writing, in which case the insurer shall file its risk-based capital report not later than the later of:

a. Fifteen days after the receipt of notice to file its risk-based capital report with that state; or

b. The filing date.

(b) A life or health insurer's risk-based capital shall be determined in accordance with the formula set forth in the risk-based capital instructions. The formula shall take into account (and may adjust for the covariance between):

(1) The risk with respect to the insurer's assets;

(2) The risk of adverse insurance experience with respect to the insurer's liabilities and obligations;

(3) The interest rate risk with respect to the insurer's business; and

(4) All other business risks and such other relevant risks as are set forth in the risk-based capital instructions.

These risks shall be determined in each case by applying the factors in the manner set forth in the risk-based capital instructions.

(c) If a domestic insurer files a risk-based capital report that in the judgment of the Commissioner is inaccurate, the Commissioner shall adjust the risk-based capital report to correct the inaccuracy and shall notify the insurer of the adjustment. The notice shall contain a statement of the reason for the adjustment. A risk-based capital report as adjusted is referred to as an "adjusted risk-based capital report".

(d) A property or casualty insurer's risk-based capital shall be determined in accordance with the formula set forth in the risk-based capital instructions. The formula shall take into account (and may adjust for the covariance between):

(1) Asset risk;

(2) Credit risk;

(3) Underwriting risk; and

(4) All business and other relevant risks set forth in the risk-based capital instructions, determined in each case by applying the factors in the manner set forth in the risk-based capital instructions. (1993 (Reg. Sess., 1994), c. 678, s. 1; 1995, c. 318, s. 4.)

Editor's Note. —
Session Laws 1995, c. 318, s. 8, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective January 1, 1996, substituted "March 1" for "March 15" in the introductory language of subsection (a); in the first sentence of subsection (b) substituted "A life or health" for "An", and added "capital" preceding "instructions"; and added subsection (d).

§ 58-12-11. Company action level event.

(a) "Company action level event" means any of the following events:

(1) The filing of a risk-based capital report by an insurer that indicates that:

a. The insurer's total adjusted capital is greater than or equal to its regulatory action level risk-based capital but less than its company action level risk-based capital; or

b. The insurer has total adjusted capital that is greater than or equal to its company action level risk-based capital but less than the product of its authorized control level risk-based capital and 2.5 and has a negative trend, if the insurer is a life or health insurer.

(2) The notification by the Commissioner to the insurer of an adjusted risk-bases capital report that indicates the event in sub-subdivision (1)a. or b. of this subsection if the insurer does not challenge the adjusted risk-based capital report under G.S. 58-12-30.

(3) If the insurer challenges an adjusted risk-based capital report that indicates the event in sub-subdivision (1)a. or b. of this subsection under G.S. 58-12-30, the notification by the Commissioner to the insurer that the Commissioner has rejected the insurer's challenge.

(b) In the event of a company action level event, the insurer shall prepare and submit to the Commissioner a comprehensive financial plan that:

(1) Identifies the conditions in the insurer that contribute to the company action level event.

(2) Contains proposals of corrective actions that the insurer intends to take and would be expected to result in the elimination of the company action level event.

(3) Provides forecasts of the insurer's financial results in the current year and at least the four succeeding years, both in the absence of proposed corrective actions and giving effect to the proposed corrective actions, including forecasts of statutory operating income, net income, capital, or surplus (the forecasts for both new and renewal business should include separate forecasts for each major line of business and separately identify each significant income, expense, and benefit component).

(4) Identifies the key assumptions affecting the insurer's forecasts and the sensitivity of the forecasts to the assumptions.

(5) Identifies the quality of, and problems associated with, the insurer's business, including its assets, anticipated business growth and associated surplus strain, extraordinary exposure to risk, mix of business, and use of reinsurance in each case, if any.

(c) The risk-based capital plan shall be submitted:

(1) Within 45 days after the company action level event; or

(2) If the insurer challenges an adjusted risk-based capital report pursuant to G.S. 58-12-30, within 45 days after notification to the insurer that the Commissioner has rejected the insurer's challenge.

(d) Within 60 days after the submittal by an insurer of a risk-based capital plan to the Commissioner, the Commissioner shall notify the insurer whether the risk-based capital plan shall be implemented or is, in the judgment of the Commissioner, unsatisfactory. If the Commissioner determines the risk-based capital plan is unsatisfactory, the notification to the insurer shall set forth the reasons for the determination, and may set forth proposed revisions that will render the risk-based capital plan satisfactory, in the judgment of the Commissioner. Upon notification from the Commissioner, the insurer shall prepare a revised risk-based capital plan, which may incorporate by reference any revisions proposed by the Commissioner, and shall submit the revised risk-based capital plan to the Commissioner:

(1) Within 45 days after notification from the Commissioner; or
(2) If the insurer challenges the notification from the Commissioner under G.S. 58-12-30, within 45 days after a notification to the insurer that the Commissioner has rejected the insurer's challenge.

(e) In the event of a notification by the Commissioner to an insurer that the insurer's risk-based capital plan or revised risk-based capital plan is unsatisfactory, the Commissioner may, subject to the insurer's right to a hearing under G.S. 58-12-30, specify in the notification that the notification constitutes a regulatory action level event.

(f) Every domestic insurer that files a risk-based capital plan or revised risk-based capital plan with the Commissioner shall file a copy of the risk-based capital plan or revised risk-based capital plan with the insurance regulator in any state in which the insurer is authorized to do business if:

(1) That state has a risk-based capital provision substantially similar to G.S. 58-12-21(a); and
(2) The insurance regulator of that state has notified the insurer of its request for the filing in writing, in which case the insurer shall file a copy of the risk-based capital plan or revised risk-based capital plan in that state no later than the later of:
    a. Fifteen days after the receipt of notice to file a copy of its risk-based capital plan or revised risk-based capital plan with the state; or
    b. The date on which the risk-based capital plan or revised risk-based capital plan is filed under subsection (c) or (d) of this section. (1993 (Reg. Sess., 1994), c. 678, s. 1; 1995, c. 193, s. 21; c. 318, s. 5.)

Editor's Note. — Session Laws 1995, c. 193, s. 67 and Session Laws 1995, c. 318, s. 8, contain severability clauses.

Effect of Amendments. — Session Laws 1995, c. 193, s. 21, effective June 7, 1995, substituted "subsection (c) or (d) of this section" for "G.S. 58-12-30(c)" at the end of subdivision (f)(2)b.

Session Laws 1995, c. 318, s. 5, effective January 1, 1996, added "if the insurer is a life or health insurer" in subdivision (a)(1)b.

§ 58-12-30. Hearings.

Upon (i) notification to an insurer by the Commissioner of an adjusted risk-based capital report; or (ii) notification to an insurer by the Commissioner that the insurer's risk-based capital plan or revised risk-based capital plan is unsatisfactory, and the notification constitutes a regulatory action level event with respect to the insurer; or (iii) notification to any insurer by the Commissioner that the insurer has failed to adhere to its risk-based capital plan or revised risk-based capital plan and that the failure has a substantial adverse effect on the ability of the insurer to eliminate the company action level event with respect to the insurer in accordance with its risk-based capital plan or revised risk-based capital plan; or (iv) notification to an insurer by the Commissioner of a corrective order with respect to the insurer, the insurer has a right to a confidential hearing, at which the insurer may challenge any determination or action by the Commissioner. The insurer shall notify the Commissioner of its request for a hearing within five days after the notification by the Commissioner under this section. Upon receipt of the insurer's request for a hearing, the Commissioner shall set a date for the hearing; the date shall be no less than 10 days nor more than 30 days after the date of the insurer's request. (1993 (Reg. Sess., 1994), c. 678, s. 1; 1995, c. 517, s. 5.)

Editor's Note. —

Session Laws 1995, c. 517, s. 41, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective July 29, 1995, added "confidential" preceding "hearing" in clause (iv) of the first sentence, and made punctuation and stylistic changes.

§ 58-12-35. Confidentiality and prohibition on announcements.

(a) All risk-based capital reports, to the extent the information therein is not required to be set forth in a publicly available annual statement schedule, and the risk-based capital plans, including the results or report of any examination or analysis of an insurer performed pursuant hereto and any corrective order issued by the Commissioner pursuant to examination or analysis, with respect to any domestic insurer or foreign insurer that are filed with the Commissioner constitute information that shall be kept confidential by the Commissioner. This information shall not be made public or be subject to subpoena, other than by the Commissioner, and then only for the purpose of enforcement actions taken by the Commissioner under this Article or any other provision of this Chapter.

(b) The General Assembly finds that the comparison of an insurer's total adjusted capital to any of its risk-based capital levels is a regulatory tool that may indicate the need for possible corrective action with respect to the insurer, and is not intended as a means to rank insurers generally. Therefore, except as otherwise required under this Article, the making, publishing, disseminating, circulating, or placing before the public, or causing, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in a newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio or television station, or in any other way, an advertisement, announcement, or statement containing an assertion, representation, or statement with regard to the risk-based capital levels of any insurer, or of any component derived in the calculation by any insurer, agent, broker, or other person engaged in any manner in the insurance business is prohibited; provided, however, that if any materially false statement with respect to the comparison regarding an insurer's total adjusted capital to its risk-based capital levels (or any of them) or an inappropriate comparison of any other amount to the insurers' risk-based capital levels is published in any written publication and the insurer is able to demonstrate to the Commissioner, with substantial proof, the falsity of the statement, or the inappropriateness, as the case may be, then the insurer may publish an announcement in a written publication if the sole purpose of the announcement is to rebut the materially false statement. (1993 (Reg. Sess., 1994), c. 678, s. 1; 1995, c. 193, s. 22.)

Editor's Note. — Session Laws 1995, c. 193, s. 67, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective June 7, 1995, made "corrective order" lower case in the first sentence of subsection (a).

§ 58-12-40. Supplemental provisions; rules; exemptions.

(a) The provisions of this Article are supplemental to any other provisions of the laws of this State, and do not preclude or limit any other powers or duties of the Commissioner under those laws, including Article 30 of this Chapter.

(b) Risk-based capital instructions, risk-based capital reports, adjusted risk-based capital reports, risk-based capital plans, and revised risk-based capital plans are solely for use by the Commissioner in monitoring the solvency of insurers and the need for possible corrective action with respect to insurers. The Commissioner shall not use any of these reports or plans for rate making nor consider or introduce them as evidence in any rate proceeding. The Commissioner shall not use these reports or plans to calculate or derive any elements of an appropriate premium level or rate of return for any kind of insurance that an insurer or any affiliate is authorized to write.

(c) The Commissioner may exempt from the application of this Article any domestic property or casualty insurer that does all of the following:

(1) Writes direct business only in this State.

(2) Writes direct annual premiums of one thousand dollars ($1,000) or less.

(3) Assumes no reinsurance in excess of five percent (5%) of direct written premiums. (1993 (Reg. Sess., 1994), c. 678, s. 1; 1995, c. 318, s. 6.)

Editor's Note. — Session Laws 1995, c. 318, s. 8, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective January 1, 1996, added "rules; exemptions" to the end of the catchline; added the subsection (a) designation; and added subsections (b) and (c).

§ 58-12-45. Foreign insurers.

(a) Any foreign insurer shall, upon written request of the Commissioner, submit to the Commissioner a risk-based capital report as of the end of the calendar year just ended the later of:

(1) The date a risk-based capital report would be required to be filed by a domestic insurer under this Article; or

(2) Fifteen days after the request is received by the foreign insurer.

Any foreign insurer shall, at the written request of the Commissioner, promptly submit to the Commissioner a copy of any risk-based capital plan that is filed with the insurance regulator of any other state.

(b) In the event of a company action level event, regulatory action level event, or authorized control level event with respect to any foreign insurer as determined under the risk-based capital statute or rule applicable in the state of domicile of the insurer, or if no risk-based capital statute or rule is in force in that state under the provisions of this Article, if the insurance regulator of the state of domicile of the foreign insurer fails to require the foreign insurer to file a risk-based capital plan in the manner specified under the risk-based capital statute or, if no risk-based capital provision is in force in that state, under G.S. 58-12-11, the Commissioner may require the foreign insurer to file a risk-based capital plan with the Commissioner. In that event the failure of the foreign insurer to file a risk-based capital plan with the Commissioner is grounds to order the insurer to cease and desist from writing new insurance business in this State.

(c) In the event of a mandatory control level event with respect to any foreign insurer, if no domiciliary receiver has been appointed with respect to the foreign insurer under the rehabilitation or liquidation statutes of the state of domicile of the foreign insurer, the Commissioner may make application to the Superior Court of Wake County as permitted under Article 30 of this Chapter with respect to the liquidation of property of foreign insurers found in this State; and the occurrence of the mandatory control level event is an adequate ground for the application. (1993 (Reg. Sess., 1994), c. 678, s. 1; 1995, c. 193, s. 23.)

Editor's Note. —
Session Laws 1995, c. 193, s. 67, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective June 7, 1995, in the first sentence of subsection (b), substituted "event, regulatory action level event, or authorized control level event" for "event or regulatory action level event", inserted "or rule" following "capital statute", and substituted "statute or rule" for "provision" following "risk-based capital"; and substituted "of" for "or" preceding "domicile of" in subsection (c).

§ 58-12-60. Property or casualty phase-in provision.

For risk-based capital reports required to be filed by property or casualty insurers with respect to 1995, the following requirements apply in lieu of the provisions of G.S. 58-12-11, 58-12-16, 58-12-21, and 58-12-25:

(1) In the event of a company action level event with respect to a domestic insurer, the Commissioner shall take no regulatory action under this Article.

(2) In the event of a regulatory action level event under G.S. 58-12-16(a)(1), (2), or (3), the Commissioner shall take the actions required under G.S. 58-12-11.

(3) In the event of a regulatory action level event under G.S. 58-12-16(a)(4), (5), (6), (7), (8), or (9), or an authorized control level event, the Commissioner shall take the actions required under G.S. 58-12-16 with respect to the insurer.

(4) In the event of a mandatory control level event with respect to an insurer, the Commissioner shall take the actions required under G.S. 58-12-21 with respect to the insurer. (1995, c. 318, s. 7.)

Session Laws 1995, c. 318, s. 8, contains a severability clause.

ARTICLE 14.

Unauthorized Insurance by Domestic Companies.

§ 58-14-15. Penalties provided for unauthorized acts.

When any domestic insurer knowingly engages in the practice of soliciting, advertising or making contracts for insurance in states or jurisdictions in which it is not licensed, the Commissioner may issue an order requiring the company to cease and desist from engaging in such activities and, for the purposes of this section, the acts prohibited by G.S. 58-14-10 and the foregoing sections, are declared to be an unfair trade practice within the meaning of G.S. 58-63-15 and [G.S.] 58-63-40. When the Commissioner has reason to believe that any domestic company has been engaged or is engaging in the practice of knowingly soliciting, advertising or writing contracts of insurance on risks within a state or jurisdiction in which it is not licensed, the Commissioner shall serve the company with notice of hearing and the hearing shall conform with the hearing procedure set forth in G.S. 58-63-25. Any action taken by the Commissioner after the hearing shall comply with G.S. 58-63-32, and any company aggrieved by an order of the Commissioner is entitled to the judicial review provided in G.S. 58-63-35. (1967, c. 935, s. 1; 1991, c. 720, ss. 4, 54; 1995, c. 193, s. 24.)

Service may also be made by mailing a copy of the summons and of the complaint, registered or certified mail, return receipt requested, addressed to the Commissioner. As a condition precedent to a valid service of process under this section, the party obtaining such service shall pay to the Commissioner at the time of service or acceptance of service the sum of ten dollars ($10.00), which the party shall recover as part of the taxable costs if the party prevails in the action. Sess., 1990), c. 1069, s. 31, deleting the last sentence regarding the expiration of amendments to the General Statutes by Session Laws 1989 (Reg. Sess., 1990), c. 1069, if the legislature did not appropriate or transfer funds. Session Laws 1989 (Reg. ARTICLE 19.

Insurance Holding Company System Regulatory Act.

§ 58-19-5. Definitions.

As used in this Article, unless the context requires otherwise, the following terms have the following meanings:

(1) An "affiliate" of or person "affiliated" with a specific person is a person that indirectly through one or more intermediaries or directly controls, is controlled by, or is under common control with the person specified.

(2) "Control", including the terms "controlling", "controlled by", and "under common control with", means the direct or indirect possession of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise. Control is presumed to exist if any person directly or indirectly owns, controls, holds with the power to vote, or holds proxies representing, ten percent (10%) or more of the voting securities of any other person. This presumption may be rebutted by a showing made in the manner provided by G.S. 58-19-25(j) that control does not exist in fact. The Commissioner may determine, after furnishing all persons in interest notice and opportunity to be heard and making specific findings of fact to support such determination, that control exists in fact, notwithstanding the absence of a presumption to that effect.

(3) "Insurance holding company system" means an entity comprising two or more affiliated persons, one or more of which is an insurer.

(4) "Insurer" includes a person subject to Articles 65 and 66 or 67 of this Chapter. "Insurer" does not include (1) an agency, authority, or instrumentality of the United States; any of its possessions and territories; the Commonwealth of Puerto Rico; the District of Columbia; nor a state or political subdivision of a state; nor (2) fraternal benefit societies or fraternal orders.

(5) "Person" means an individual, corporation, partnership, association, joint stock company, trust, unincorporated organization, or any similar entity or any combination of the foregoing acting in concert.

(6) A "security holder" of a specified person is one who owns any security of such person, including common stock, preferred stock, debt obligations, or any other security convertible into or evidencing the right to acquire any of the foregoing.

(7) A "subsidiary" of a specified person is an affiliate controlled by such person indirectly through one or more intermediaries or directly.

(8) "Voting security" includes any security convertible into or evidencing a right to acquire a voting security. (1989, c. 722, s. 1; 1995, c. 517, ss. 9, 10.)

Editor's Note. — Session Laws 1995, c. 517, s. 41, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective July 29, 1995, deleted "unless the power is the result of an official position with or corporate office held by the person" at the end of the first sentence of subdivision (2); and deleted the last sentence of subdivision (5), which read: "'Person' does not include any joint venture partnership exclusively engaged in owning, managing, leasing, or developing real or tangible personal property".

§ 58-19-15. Acquisition of control of or merger with domestic insurer.

(a) No person other than the issuer shall make a tender offer for or a request or invitation for tenders of, or enter into any agreement to exchange securities, or seek to acquire, or acquire, in the open market or otherwise, any voting security of a domestic insurer, if, after the consummation thereof, the person would, directly or indirectly (or by conversion or by exercise of any right to acquire), be in control of the insurer, and no person shall enter into an agreement to merge with or otherwise to acquire control of a domestic insurer or any person controlling a domestic insurer unless the offer, request, invitation, agreement, or acquisition is conditioned upon the approval of the Commissioner under this section. No such merger or other acquisition of control is effective until a statement containing the information required by this section has been filed with the Commissioner and all other provisions of this section have been complied with and the merger or acquisition of control has been approved by the Commissioner under this section. The statement containing the information required by this section shall also be filed with the domestic insurer when it is filed with the Commissioner.

(a1) For the purposes of this section a "domestic insurer" includes any person controlling a domestic insurer. Further, for the purposes of this section, "person" does not include any securities broker holding, in the usual and customary broker's function, less than twenty percent (20%) of the voting securities of an insurance company or of any person that controls an insurance company.

(a2) Any acquisition of control of a domestic insurer must be completed not later than 90 days after the date of the Commissioner's order approving the acquisition under this section, unless the Commissioner grants an extension in writing on a showing of good cause for the delay. Any increase in a company's capital and surplus required under this Article as a result of the change of control of a domestic insurer must be completed not later than 90 days after the date of the Commissioner's order approving the change of control and before the company writes any new insurance business.

(a3) If the deadlines for completion in subsection (a2) of this section are not met, the person seeking to acquire control of the domestic insurer must resubmit the statement required by subsection (b) of this section, and the Commissioner may reconsider approval of acquisition of control under this section.

(b) The statement to be filed with the Commissioner under subsection (a) of this section shall be made under oath or affirmation and shall contain the following information:

(1) The name and address of each person by whom or on whose behalf the merger or other acquisition of control referred to in subsection (a) of this section is to be effected (hereinafter

called "acquiring party"), and: (i) if such person is an individual, his principal occupation and all offices and positions held during the past five years, and any conviction of crimes other than minor traffic violations during the past 10 years; (ii) if such person is not an individual, a report of the nature of its business operations during the past five years or for such lesser period as such person and any predecessors thereof shall have been in existence; an informative description of the business intended to be done by such person and such person's subsidiaries; and a list of all individuals who are or who have been selected to become directors or executive officers of such person, or who perform or will perform functions appropriate to such positions. Such list shall include for each such individual the information required by sub-subdivision (1)(i) of this subsection.

(2) The source, nature, and amount of the consideration used or to be used in effecting the merger or other acquisition of control; a description of any transaction wherein funds were or are to be obtained for any such purpose, including any pledge of the insurer's stock, or the stock of any of its subsidiaries or controlling affiliates; and the identity of persons furnishing such consideration; provided, however, that where a source of such consideration is a loan made in the lender's ordinary course of business, the identity of the lender shall remain confidential, if the person filing such statement so requests.

(3) Fully audited financial information as to the earnings and financial condition of each acquiring party for the preceding five fiscal years of each such acquiring party, or for such lesser period as such acquiring party and any predecessors thereof have been in existence; and similar unaudited information as of a date not earlier than 90 days prior to the filing of the statement.

(4) Any plans or proposals that each acquiring party may have to liquidate such insurer, to sell its assets or merge or consolidate it with any person, or to make any other material change in its business or corporate structure or management.

(5) The number of shares of any security referred to in subsection (a) of this section that each acquiring party proposes to acquire; the terms of the offer, request, invitation, agreement, or acquisition referred to in subsection (a) of this section; and a statement as to the method by which the fairness of the proposal was arrived at.

(6) The amount of each class of any security referred to in subsection (a) of this section that is beneficially owned or concerning which there is a right to acquire beneficial ownership by each acquiring party.

(7) A full description of any contracts, arrangements, or understandings with respect to any security referred to in subsection (a) of this section in which any acquiring party is involved, including transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or with-

holding of proxies. Such description shall identify the persons with whom such contracts, arrangements, or understandings have been entered into.

(8) A description of the purchase of any security referred to in subsection (a) of this section during the 12 calendar months preceding the filing of the statement, by any acquiring party, including the dates of purchase, names of the purchasers, and consideration paid or agreed to be paid therefor.

(9) A description of any recommendations to purchase any security referred to in subsection (a) of this section made during the 12 calendar months preceding the filing of the statement, by any acquiring party, or by anyone based upon interviews or at the suggestion of such acquiring party.

(10) Copies of all tender offers for, requests, or invitations for tenders of, exchange offers for, and agreements to acquire or exchange any securities referred to in subsection (a) of this section, and any related additional soliciting material that has been distributed.

(11) The term of any agreement, contract, or understanding made with or proposed to be made with any third party in connection with any acquisition of control of or merger with a domestic insurer, and the amount of any fees, commissions, or other compensation to be paid to the third party with regard thereto.

(12) Such additional information as the Commissioner may by rule prescribe as necessary or appropriate for the protection of policyholders of the insurer or in the public interest.

If the person required to file the statement referred to in subsection (a) of this section is a partnership, limited partnership, syndicate, or other group, the Commissioner shall require that the information called for by subdivisions (1) through (12) of this subsection be given with respect to each partner of such partnership or limited partnership, each member of such syndicate or group, and each person who controls such partner or member. If any such partner, member, or person is a corporation or the person required to file the statement referred to in subsection (a) of this section is a corporation, the Commissioner shall require that the information called for by subdivisions (1) through (12) of this subsection be given with respect to such corporation, each officer and director of such corporation, and each person who is, directly or indirectly, the beneficial owner of more than ten percent (10%) of the outstanding voting securities of such corporation.

If any material change occurs in the facts set forth in the statement filed with the Commissioner and sent to such insurer pursuant to this section, an amendment setting forth such change, together with copies of all documents and other material relevant to such change, shall be filed with the Commissioner and sent to such insurer by the filer within two business days after the person learns of such change.

(c) If any offer, request, invitation, agreement, or acquisition referred to in subsection (a) of this section is proposed to be made by means of a registration statement under the Federal Securities Act of 1933, in circumstances requiring the disclosure of similar information under the Federal Securities Exchange Act of 1934, or under any State law requiring similar registration or disclosure, the person required to file the statement referred to in subsection (a) may utilize such documents in furnishing the information called for by that statement.

(d) The Commissioner shall approve any merger or other acquisition of control referred to in subsection (a) of this section unless, after a public hearing thereon, he finds any of the following:

(1) After the change of control, the domestic insurer referred to in subsection (a) of this section would not be able to satisfy the requirements for the issuance of a license to write the kind or kinds of insurance for which it is presently licensed.
(2) The effect of the merger or other acquisition of control would be substantially to lessen competition in insurance or tend to create a monopoly in this State.
(3) The financial condition of any acquiring party might jeopardize the financial stability of the insurer or prejudice the interest of its policyholders.
(4) Any plans or proposals that the acquiring party has to liquidate the insurer, sell its assets or consolidate or merge it with any person, or to make any other material change in its business or corporate structure or management, are unfair and unreasonable to policyholders of the insurer and not in the public interest.
(5) The competence, experience, and integrity of those persons who would control the operation of the insurer are such that it would not be in the interests of policyholders of the insurer and of the public to permit the merger or other acquisition of control.
(6) The acquisition is likely to be hazardous or prejudicial to the insurance-buying public.

(e) The public hearing referred to in subsection (d) of this section shall be held within 120 days after the statement required by subsection (a) of this section is filed, and the Commissioner shall give at least 30 days notice of the hearing to the person filing the statement, to the insurer, and to such other persons as may be designated by the Commissioner. The Commissioner shall make a determination as expeditiously as is reasonably practicable after the conclusion of the hearing. At the hearing, the person filing the statement, the insurer, any person to whom notice of hearing was sent, and any other person whose interest may be affected by the hearing shall have the right to present evidence, examine and cross-examine witnesses, and offer oral or written arguments; and in connection therewith shall be entitled to conduct discovery proceedings at any time after the statement is filed with the Commissioner under this section and in the same manner as is presently allowed in the superior courts of this State. In connection with discovery proceedings authorized by this section, the Commissioner may issue such protective orders and other orders governing the timing and scheduling of discovery proceedings as might otherwise have been issued by a superior court of this State in connection with a civil proceeding. If any party fails to make reasonable and adequate response to discovery on a timely basis or fails to comply with any order of the Commissioner with respect to discovery, the Commissioner on the Commissioner's own motion or on motion of any other party or person may order that the hearing be postponed, recessed, convened, or reconvened, as the case may be, following proper completion of discovery and reasonable notice to the person filing the statement, to the insurer, and to such other persons as may be designated by the Commissioner.

(f) The Commissioner may retain, at the acquiring person's expense, any attorneys, actuaries, economists, accountants, or other experts not otherwise a part of the Commissioner's staff as may be reasonably necessary to assist the Commissioner in reviewing the proposed acquisition of control.

(g) The expenses of mailing any notices and other materials required by this section shall be borne by the person making the filing. As security for the payment of such expenses, such person shall file with the Commissioner an acceptable bond or other deposit in an amount to be determined by the Commissioner.

§ 58-19-25. Registration of insurers.

(a) Every insurer that is licensed to do business in this State and that is a member of an insurance holding company system shall register with the Commissioner, except a foreign insurer subject to the registration requirements and standards adopted by statute or regulation in the jurisdiction of its domicile that are substantially similar to those contained in this section and G.S. 58-19-30 or a provision such as the following: Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions within 15 days after the end of the month in which it learns of each change or addition. The insurer shall also file a copy of its registration statement and any amendments to the statement in each state in which that insurer is authorized to do business if requested by the insurance regulator of that state. Any insurer that is subject to registration under this section shall register within 30 days after it becomes subject to registration, and an amendment to the registration statement shall be filed by March 1 of each year for the previous calendar year; unless the Commissioner for good cause shown extends the time for registration or filing, and then within the extended time. All registration statements shall contain a summary, on a form prescribed by the Commissioner, outlining all items in the current registration statement representing changes from the prior registration statement. The Commissioner may require any insurer that is a member of a holding company system that is not subject to registration under this section to furnish a copy of the registration statement or other information filed by the insurance company with the insurance regulator of its domiciliary jurisdiction.

(b) Every insurer subject to registration shall file the registration statement on a form prescribed by the Commissioner, which shall contain the following current information:

(1) The bylaws, capital structure, general financial condition, ownership, and management of the insurer and any person controlling the insurer.

(2) The identity and relationship of every member of the insurance holding company system.

(3) The following agreements in force, and transactions currently outstanding or that have occurred during the last calendar year between such insurer and its affiliates:

a. Loans, other investments, or purchases, sales or exchanges of securities of the affiliates by the insurer or of the insurer by its affiliates.

b. Purchases, sales, or exchange of assets.

c. Transactions not in the ordinary course of business.

d. Guarantees or undertakings for the benefit of an affiliate that result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered into in the ordinary course of the insurer's business.

e. All management agreements, service contracts, and cost-sharing arrangements.

f. Reinsurance agreements.

g. Dividends and other distributions to shareholders.

h. Consolidated tax allocation agreements.

(4) Any pledge of the insurer's stock, including stock of any subsidiary or controlling affiliate, for a loan made to any member of the insurance holding company system.

(5) Other matters concerning transactions between registered insurers and any affiliates as may be included from time to time in any registration forms adopted or approved by the Commissioner.

(c) No information need be disclosed on the registration statement filed pursuant to subsection (b) of this section if such information is not material for the purposes of this section. Unless the Commissioner by rule or order provides otherwise, all sales, purchases, exchanges, loans or extensions of credit, investments, or guarantees involving one-half of one percent (½%) or less of an insurer's admitted assets as of the preceding December 31 are not material for the purposes of this section.

(d) Subject to G.S. 58-19-30(c), each domestic insurer shall report to the Commissioner all dividends and other distributions to shareholders within 15 business days following the declaration thereof. The Commissioner may prescribe the form to be used to report that information.

(e) Any person within an insurance holding company system subject to registration shall provide complete and accurate information to an insurer, where such information is reasonably necessary to enable the insurer to comply with the provisions of this Article.

(f) The Commissioner shall terminate the registration of any insurer that demonstrates that it no longer is a member of an insurance holding company system.

(g) The Commissioner may require or allow two or more affiliated insurers subject to registration under this section to file a consolidated registration statement.

(h) The Commissioner may allow an insurer that is authorized to do business in this State and that is part of an insurance holding company system to register on behalf of any affiliated insurer that is required to register under subsection (a) of this section and to file all information and material required to be filed under this section.

(i) The provisions of this section do not apply to any insurer, information, or transaction if and to the extent that the Commissioner by rule or order exempts the same from the provisions of this section.

(j) Any person may file with the Commissioner a disclaimer of affiliation with any authorized insurer, or such a disclaimer may be filed by such insurer or any member of an insurance holding company system. The disclaimer shall fully disclose all material relationships and bases for affiliation between such person and such insurer as well as the basis for disclaiming such affiliation. After a disclaimer has been filed, the insurer shall be relieved of any duty to register or report under this section that may arise out of the insurer's relationship with such person unless the Commissioner disallows such a disclaimer. The Commissioner shall disallow such a disclaimer only after furnishing all parties in interest with notice and opportunity to be heard and after making specific findings of fact to support such disallowance.

(k) The failure to file a registration statement or any summary of the registration statement thereto required by this section within the time specified for such filing is a violation of this section. (1989, c. 722, s. 1; 1991, c. 681, ss. 33, 34; 1993, c. 452, ss. 30-32; c. 504, s. 13; 1993 (Reg. Sess., 1994), c. 678, s. 14; 1995, c. 193, s. 26.)

In the event such insurer or acquiring party fails to comply with such order, the Commissioner shall have the power to examine such insurer or its affiliates or such acquiring party to obtain such information.

(b) The Commissioner may retain, at the expense of the registered insurer or acquiring party that is being examined, such attorneys, actuaries, economists, accountants, and other experts not otherwise a part of the Commissioner's staff as are reasonably necessary to assist in the conduct of the examination under subsection (a) of this section. CASE NOTES

§ 58-30-75. Grounds for rehabilitation.

The Commissioner may petition the Court for an order authorizing him to rehabilitate a domestic insurer or an alien insurer domiciled in this State on any one or more of the following grounds:

(1) The insurer is in such condition that the further transaction of business would be hazardous financially to its policyholders, creditors, or the public.

(2) There is reasonable cause to believe that there has been embezzlement from the insurer, wrongful sequestration or diversion of the insurer's assets, forgery or fraud affecting the insurer, or other illegal conduct in, by, or with respect to the insurer that if established would endanger assets in an amount threatening the solvency of the insurer.

(3) The insurer has failed to remove any person who in fact has executive authority in the insurer, whether an officer, manager, general agent, employee, or other person; if the person has been found after notice and hearing by the Commissioner to be dishonest or untrustworthy in a way affecting the insurer's business.

(4) Control of the insurer, whether by stock ownership or otherwise, and whether direct or indirect, is in a person or persons found after notice and hearing to be untrustworthy.

(5) Any person who in fact has executive authority in the insurer, whether an officer, manager, general agent, director or trustee, employee, or other person, has refused to be examined under oath by the Commissioner concerning its affairs, whether in this State or elsewhere; and after reasonable notice of the fact, the insurer has failed promptly and effectively to terminate the employment and status of the person and all his influence on management.

(6) After demand by the Commissioner the insurer has failed to promptly make available for examination any of its own property, books, accounts, documents, or other records; those of any subsidiary or related company within the control of the insurer; or those of any person having executive authority in the insurer insofar as they pertain to the insurer.

(7) Without first obtaining the written consent of the Commissioner pursuant to G.S. 58-7-150, the insurer has (i) transferred, or attempted to transfer, in a manner contrary to Article 19 of this Chapter, substantially its entire property or business, or (ii) has entered into any transaction, the effect of which is to merge, consolidate, or reinsure substantially its entire property or business in or with the property or business of any other person.

(8) The insurer or its property has been or is the subject of an application for the appointment of a receiver, trustee, custodian, conservator, or sequestrator or similar fiduciary of the insurer or its property otherwise than as authorized under Articles 1 through 64 of this Chapter, and such appointment has been made or is imminent, and such appointment might oust the courts of this State of jurisdiction or might prejudice orderly delinquency proceedings under this Article.

(9) Within the previous four years the insurer has willfully violated its charter or articles of incorporation, its bylaws,

Articles 1 through 67 of this Chapter, or any valid order of the Commissioner under G.S. 58-30-60.

(10) The insurer has failed to pay within 60 days after due any obligation to any state or any subdivision thereof or any judgment entered in any state, if the court in which such judgment was entered has jurisdiction over such subject matter; except that such nonpayment is not a ground until 60 days after any good faith effort by the insurer to contest the obligation has been terminated, whether it is before the Commissioner or in the courts, or the insurer has systematically attempted to compromise or renegotiate previously agreed settlements with its creditors on the ground that it is financially unable to pay its obligations in full.

(11) The insurer has failed to file its annual report or any other financial report required by statute within the time allowed by law and, after written demand by the Commissioner, has failed to immediately give an adequate explanation.

(12) The board of directors or the holders of a majority of the shares entitled to vote, or a majority of those individuals entitled to the control of those persons specified in G.S. 58-30-5, request or consent to rehabilitation under this Article. (1989, c. 452, s. 1; c. 770, s. 72.1; 1995, c. 193, s. 31.)

Editor's Note. — Session Laws 1995, c. 193, s. 67, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective June 7, 1995, substituted "Articles 1 through 67" for "Articles 1 through 64" in subdivision (9).

§ 58-30-180. Domiciliary liquidator's proposal to distribute assets.

(a) Within 120 days of a final determination of insolvency of an insurer by the Court, the liquidator shall make application to the Court for approval of a proposal to disburse assets out of marshalled assets, from time to time as such assets become available, to a domestic or foreign guaranty association having obligations because of such insolvency. If the liquidator determines that there are insufficient assets to disburse, the application required by this section shall be considered satisfied by a filing by the liquidator stating the reasons for this determination.

(b) Such proposal shall at least include provisions for:

(1) Reserving amounts for the payment of expenses of administration and the payment of claims of secured creditors, to the extent of the value of the security held, and claims falling within the priorities established in G.S. 58-30-220(1) and (4);

(2) Disbursement of the assets marshalled to date and subsequent disbursement of assets as they become available;

(3) Equitable allocation of disbursements to each of the domestic and foreign guaranty associations entitled thereto;

(4) The securing by the liquidator from each of the associations entitled to disbursements pursuant to this section of an agreement to return to the liquidator such assets, together with income earned on assets previously disbursed, as may be required to pay claims of secured creditors and claims falling within the priorities established in G.S. 58-30-220 in

accordance with such priorities. No bond shall be required of any such association; and

(5) A full report to be made by each association to the liquidator accounting for all assets so disbursed to the association, all disbursements made therefrom, any interest earned by the association on such assets and any other matter as the Court directs.

(c) The liquidator's proposal shall provide for disbursements to the associations in amounts estimated at least equal to the claim payments made or to be made thereby for which such associations could assert a claim against the liquidator; and shall further provide that if the assets available for disbursement from time to time do not equal or exceed the amount of such claim payments made or to be made by the association then disbursements shall be in the amount of available assets.

(d) The liquidator's proposal shall, with respect to an insolvent insurer writing life or health insurance or annuities, provide for disbursements of assets to any domestic or foreign guaranty association covering life or health insurance or annuities or to any other entity reinsuring, assuming, or guaranteeing policies or contracts of insurance under the acts creating such associations.

(e) Notice of such application shall be given to the association in and to the insurance regulators of each of the states. Any such notice shall be deemed to have been given when deposited in United States certified mail, first class postage prepaid, at least 30 days prior to submission of such application to the Court. Action on the application may be taken by the Court provided the above required notice has been given and provided further that the liquidator's proposal complies with subdivisions (b)(1) and (b)(2) of this section. (1989, c. 452, s. 1; 1995, c. 517, s. 13.)

Editor's Note. — Session Laws 1995, c. 517, s. 41, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective October 1, 1995, substituted "(4)" for "(2)" at the end of subdivision (b)(1).

§ 58-30-220. Priority of distribution.

The priority of distribution of claims from the insurer's estate shall be in accordance with the order in which each class of claims is set forth in this section. Every claim in each class shall be paid in full or adequate funds shall be retained for payment before the members of the next class receive any payment. No subcategories shall be established within the categories in a class. The order of distribution of claims shall be:

(1) The receiver's expenses for the administration and conservation of assets of the insurer.

(2) Claims or portions of claims for benefits under policies and for losses incurred, including claims of third parties under liability policies; claims for unearned premiums; claims for funds or consideration held under funding agreements, as defined in G.S. 58-7-16; claims under life insurance and annuity policies, whether for death proceeds, annuity proceeds, or investment values; and claims of domestic and foreign guaranty associations, including claims for the reasonable administrative expenses of domestic and foreign guaranty associations; but excluding claims of insur-

ance pools, underwriting associations, or those arising out of reinsurance agreements, claims of other insurers for subrogation, and claims of insurers for payments and settlements under uninsured and underinsured motorist coverages.

(3) Claims of the federal or any state or local government or taxing authority, including claims for taxes.

(4) Compensation actually owing to employees other than officers of the insurer for services rendered within three months before the commencement of a delinquency proceeding against the insurer under this Article, but not exceeding one thousand dollars ($1,000) for each employee. In the discretion of the Commissioner, this compensation may be paid as soon as practicable after the proceeding has been commenced. This priority is in lieu of any other similar priority that may be authorized by law as to wages or compensation of those employees.

(5) Claims of general creditors, including claims of insurance pools, underwriting associations, or those arising out of reinsurance agreements; claims of other insurers for subrogation; and claims of insurers for payments and settlements under uninsured and underinsured motorist coverages. (1989, c. 452, s. 1; 1993 (Reg. Sess., 1994), c. 600, s. 2; 1995, c. 517, s. 14.)

Editor's Note. — Session Laws 1995, c. 517, s. 41, contains a severability clause.

Effect of Amendments. —

The 1995 amendment, effective October 1, 1995, substituted "The receiver's expenses for the" for "Claims for cost of" in subdivision (1); deleted former subdivision (2), regarding compensation owing to employees other than officers, and redesignated former subdivision (3) as present subdivision (2); in present subdivision (2) added "claims for unearned premiums", and "including claims for the reasonable administrative expenses of domestic and foreign guaranty associations"; added present subdivision (3); and rewrote former subdivision (4), which formerly read "Claims for unearned premiums".

§ 58-30-300. Interstate priorities.

(a) In a liquidation proceeding in this State involving one or more reciprocal states, the order of distribution of the domiciliary state shall control as to all claims of residents of this and reciprocal states. All claims of residents of reciprocal states shall be given equal priority of payment from general assets regardless of where such assets are located.

(b) The owners of special deposit claims against an insurer for which a liquidator is appointed in this or any other state shall be given priority against the special deposits in accordance with the statutes governing the creation and maintenance of the deposits. If there is a deficiency in any deposit, so that the claims secured by it are not fully discharged from it, the claimants may share in the general assets, but the sharing shall be deferred until general creditors, and also claimants against other special deposits who have received smaller percentages from their respective special deposits, have been paid percentages of their claims equal to the percentage paid from the special deposit.

(c) The owner of a secured claim against an insurer for which a liquidator has been appointed in this or any other state may surrender the owner's security and file the claim as a general creditor, or the claim may be discharged by resort to the security in accordance with G.S. 58-30-215 in which case the deficiency, if any, shall be treated as a claim against the general assets of the insurer on the same basis as claims of unsecured creditors. (1989, c. 452, s. 1; 1995, c. 193, s. 32.)

Editor's Note. — Session Laws 1995, c. 193, s. 67, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective June 7, 1995, in subsection (c) substituted "secured" for "secure" following "The owner of a" and made the subsection gender neutral.

ARTICLE 31.

Insuring State Property, Officials and Employees.

§ 58-31-52. State motor vehicle safety program.

(a) Findings, Policy, and Purpose. — Motor vehicle accidents exact a terrible toll of human tragedy and suffering as well as national resources within the United States. The same is true, on a smaller scale, within North Carolina State government. Every year State employees or members of the general public are killed or injured, and a significant portion of the State's financial resources is expended as a direct result of accidents involving State-owned vehicles. Accordingly, it is North Carolina policy that the State-owned motor vehicle fleet and vehicles used on behalf of the State be operated and maintained in such a manner as to minimize deaths, injuries, and costs. The purpose of this section is to direct the Commissioner of Insurance to develop a program to provide policy, requirements, procedures, technical information, and standards for administering a State vehicle safety program which will apply to all State personnel involved in the administration and operation of vehicles on behalf of the State.

(b) The Commissioner shall develop and adopt a State motor vehicle safety program to assure that State-owned motor vehicles are operated and maintained in a safe manner.

(c) In developing the program, the Commissioner shall include the following:

(1) Basic criteria concerning qualifications, screening, and education of drivers.
(2) Required and prohibited driving practices.
(3) Safety maintenance requirements.
(4) Accident reporting and review procedures.

(d) The requirements and procedures established under the program apply to all agencies and persons operating vehicles on behalf of the State, unless specifically exempted by the Commissioner. Agencies may adopt more stringent requirements and procedures than those adopted by the Commissioner under this section. The administration of the program in each agency is the responsibility of each agency head or that person's designee.

(e) The provisions of Chapter 150B of the General Statutes do not apply to the program developed and adopted under this section. (1995, c. 517, s. 15.)

Editor's Note. — Session Laws 1995, c. 517, s. 42, made this section effective upon ratification. The act was ratified July 29, 1995.

Session Laws 1995, c. 517, s. 41, contains a severability clause.

§ 58-31-60. Competitive selection of payroll deduction insurance products paid for by State employees.

(a) Employee Insurance Committee. — The head of each State government employee payroll unit offering payroll deduction insurance products to employees shall appoint an Employee Insurance Committee for the following purposes:

(1) To review insurance products currently offered through payroll deduction to the State employees in the Employee Insurance Committee's payroll unit to determine if those products meet the needs and desires of employees in the Employee Insurance Committee's payroll unit.

(2) To select the types of insurance products that reflect the needs and desires of employees in the Employee Insurance Committee's payroll unit.

(3) To competitively select the best insurance products of the types determined by the Employee Insurance Committee to reflect the needs and desires of the employees of that payroll unit.

As used in this section, "insurance product" includes a prepaid legal services plan registered under G.S. 84-23.1.

(b) Appointment of Employee Insurance Committee Members. — The members of the Employee Insurance Committee shall be appointed by the head of the payroll unit. The Committee shall consist of not less than five or more than nine individuals a majority of whom have been employed in the payroll unit for at least one year. The committee members shall, except where necessary initially to establish the rotation herein prescribed, serve three-year terms with approximately one-third of the terms expiring annually. Committee membership make-up shall fairly represent the work force in the payroll unit and be selected without regard to any political or other affiliations. It shall be the duty of the payroll unit head to assure that the Employee Insurance Committee is completely autonomous in its selection of insurance products and insurance companies and that no member of the Employee Insurance Committee has any conflict of interest in serving on the Committee. A committee on employee benefits elected or appointed by the faculty representative body of a constituent institution of The University of North Carolina shall be deemed constituted and functioning as an employee insurance committee in accordance with this section. Any decision rendered by the Employee Insurance Committee where the autonomy of the Committee or a conflict of interest is questioned shall be subject to appeal pursuant to the Administrative Procedure Act, or in the case of departments, boards and commissions which are specifically exempt from the Administrative Procedure Act, pursuant to the appeals procedure prescribed for such department, board or commission.

All payroll units in existence on May 21, 1985, shall continue to be deemed payroll units, regardless of any subsequent consolidation of such payroll units, for purposes of the appointment of the members of the Employee Insurance Committee in order to assure such units the continuing ability to meet the needs and desires of the employees of such units by having the right to select insurance carriers and insurance products. No Employee Insurance Committee shall be created for employees represented by a previously existing committee. Any such duplicative Employee Insurance Committees are hereby disbanded. In the event of the consolidation of a payroll unit, the head of the former payroll unit shall appoint the members of the Committee in accordance with the provisions of this section.

(c) Payroll Deduction Slots. — Each payroll unit shall be entitled to not less than four payroll deduction slots to be used for payment of insurance premiums for products selected by the Employee Insurance Committee and offered to the employees of the payroll unit. The Employee Insurance Committee shall select only one company per payroll deduction slot. The Company selected by the Employee Insurance Committee shall be permitted to sell through payroll deduction only the products specifically approved by the Employee Insurance Committee. The assignment by the Employee Insurance Committee of a payroll deduction slot shall be for a period of not less than two years unless the insurance company shall be in violation of the terms of the written agreement specified in this subsection. The insurance company awarded a payroll deduction slot shall, pursuant to a written agreement setting out the rights and duties of the insurance company, be afforded an adequate opportunity to solicit employees of the payroll unit by making such employees aware that a representative of the company will be available at a specified time and at a location convenient to the employees.

Notwithstanding any other provision of the General Statutes, once an employee has selected an insurance product for payroll deduction, that product may not be removed from payroll deduction for that employee without his or her specific written consent.

When an employee retires from State employment and payroll deduction under this section is no longer available, the insurance company may not terminate life insurance products purchased under the payroll deduction plan without the retiree's specific written consent solely because the premium is no longer deducted from payroll.

(c1) Procedure for Selection of Insurance Product Proposals. — All insurance product proposals shall be sealed. The Committee shall open all proposals in public and record them in the minutes of the Committee, at which time the proposals become public records open to public inspection.

After the public opening, the Committee shall review the proposals, examining the cost and quality of the products, the reputation and capabilities of the insurance companies submitting the proposals, and other appropriate criteria. The Committee shall determine which proposal, if any, would meet the needs and desires of the employees of that Committee's payroll unit and shall award a payroll deduction slot to the company submitting the proposal that meets those needs and desires. The Committee may reject any or all proposals.

A company may seek to modify or withdraw a proposal only after the public opening and only on the basis that the proposal contains an unintentional clerical error as opposed to an error in judgment. A company seeking to modify or withdraw a proposal shall submit to the Committee a written request, with facts and evidence in support of its position, prior to the award of the payroll deduction slot, but not later than two days after the public opening of the proposals. The Committee shall promptly review the request, examine the nature of the error, and determine whether to permit or deny the request.

(d) Criminal Penalty. — It shall be a Class 3 misdemeanor for any State employee, who has supervisory authority over any member of the Employee Insurance Committee, to attempt to influence the autonomy of any Employee Insurance Committee either in the appointment of members to such Committee or in the operation of such Committee; or for anyone to open a sealed insurance product proposal or disclose or exhibit the contents of a sealed insurance product proposal, prior to the public opening of the proposal. The Commissioner of Insurance shall have the authority to investigate complaints alleging acts subject to the criminal penalty and shall report his findings to the Attorney General of North Carolina. (1985, c. 213, s. 1; 1985 (Reg. Sess., 1986), c. 1013, s. 15; 1987, c. 752, s. 12; c. 864, s. 92; 1989, c. 299; 1991, c. 644, s. 3.1; 1993, c. 539, s. 456; 1994, Ex. Sess., c. 24, s. 14(c); 1995, c. 193, s. 33.)

Editor's Note. — Session Laws 1995, c. 193, s. 67, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective June 7, 1995, added the last sentence in subsection (a).

The Commissioner is authorized to establish for such licenses "staggered" license renewal dates that will apportion renewals throughout each calendar year. If such a system of staggered licensing is adopted, the Commissioner is authorized to extend the licensure period for some licensees. License renewal fees prescribed by G.S. 58-33-125 shall be prorated to the extent they are commensurate with such extensions.

(o) No license as an agent, broker, or limited representative is required of the following:

(1) Any regular salaried officer or employee of an insurance company, of a licensed agent, of a broker, or of a limited representative, if such officer's or employee's duties and responsibilities do not include the negotiation or solicitation of insurance.

(2) Persons who secure and furnish information on behalf of an employer, where no commission is paid for such service, for the purpose of group or wholesale life insurance, annuities, or group, blanket or franchise health insurance; or for enrolling individuals under such plans or issuing certificates thereunder; or otherwise assisting in administering such plans.

(3) Employers or their officers or employees, or the trustees of any employee trust plan, to the extent that such employers, officers, employees, or trustees are engaged in the administration or operation of any program of employee benefits for their own employees or the employees of their subsidiaries or affiliates involving the use of insurance issued by a licensed insurance company; provided that such employers, officers, employees, or trustees are not in any manner compensated, directly or indirectly, by the insurance company issuing such insurance.

(4) Agency office employees acting within the confines of the agent's office, under the direction and personal supervision of the duly licensed agent and within the scope of the agent's license, in the acceptance of applications, personally underwritten by the agent, payment of premiums, and the performance of clerical, stenographic, and similar office duties; provided that the activity does not amount to the interpretation of insurance policies, provisions or coverage, to sales or negotiation of insurance policies, to any underwriting function, or to the signing or verification of applications for insurance.

(5) Licensed insurers authorized to write the kinds of insurance described in G.S. 58-7-15(1) through G.S. 58-7-15(3) that do

business without the involvement of a licensed agent. (1987, c. 629, s. 1; c. 864, ss. 78, 79, 87; 1987 (Reg. Sess., 1988), c. 975, s. 10; 1989, c. 485, ss. 17-20; 1989 (Reg. No person shall provide, present, or instruct any course unless that person has been qualified and possesses a certificate of authority from the Commissioner.

(b) The Commissioner may summarily suspend or terminate the authority of an instructor, course provider, or presenter if the course presentation:

ARTICLE 34.

Agency and Management Contracts.

§ 58-34-2. Managing general agents.

(a) As used in this Article:

(1) "Control", including the terms "controlling", "controlled by", and "under common control", means the direct or indirect possession of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person.

(2) "Insurer" means a domestic insurer but does not mean a reciprocal regulated under Article 15 of this Chapter.

(3) "Managing general agent" or "MGA" means any person who manages all or part of the insurance business of an insurer (including the management of a separate division, department, or underwriting office) and acts as an agent for the insurer, whether known as a managing general agent, manager, or other similar term, who, with or without the authority, either separately or together with persons under common control, produces, directly or indirectly, and underwrites an amount of gross direct written premium equal to or more than five percent (5%) of the policyholder surplus as reported in the last annual statement of the insurer in any one quarter or year together with one or more of the following activities related to the business produced: (i) adjusts or pays any claims, or (ii) negotiates reinsurance on behalf of the insurer. "MGA" does not mean an employee of the insurer; an underwriting manager who, pursuant to contract, manages all or part of the insurance operations of the insurer, is under common control with the insurer, is subject to Article 19 of this Chapter, and whose compensation is not based on the volume of premiums written; a person who, under Article 15 of this Chapter, is designated and authorized by subscribers as the attorney-in-fact for a reciprocal having authority to obligate them on reciprocal and other insurance contracts; or a U.S. Manager of the United States branch of an alien insurer.

(4) "Qualified actuary" means a person who meets the standards of a qualified actuary as specified in the NAIC Annual Statement Instructions, as amended or clarified by rule, order, directive, or bulletin of the Department, for the type of insurer for which the MGA is establishing loss reserves.

(5) "Underwrite" means the authority to accept or reject risk on behalf of the insurer.

(b) Control is presumed to exist if any person directly or indirectly owns, controls, holds with the power to vote, or holds proxies representing ten percent (10%) or more of the voting securities of any other person. The Commissioner may determine, after furnishing all persons in interest notice and opportunity to be heard and making specific findings of fact to support the determination, that control exists in fact, notwithstanding the absence of a presumption to that effect. The Commissioner may determine upon application that any person does not or will not upon the taking of some proposed action control another person. The Commissioner may prospectively revoke or modify that determination, after the notice and opportunity to be heard, whenever, in the Commissioner's judgment, revocation, or modification is consistent with this Article.

(c) No person shall act as an MGA with respect to risks located in this State for an insurer unless that person is a licensed agent in this State. No person shall act as an MGA representing an insurer with respect to risks located outside of this State unless that person is licensed as an agent in this State; and the license may be a nonresident license. The Commissioner may require a bond in an amount acceptable to the Commissioner for the protection of the insurer. The Commissioner may require the MGA to maintain an errors and omissions policy.

(d) No person acting as an MGA shall place business with an insurer unless there is in force a written contract between the MGA and the insurer that sets forth the responsibilities of each party and, where both parties share responsibility for a particular function, specifies the division of such responsibilities, and that contains the following minimum provisions:

(1) The insurer may terminate the contract for cause upon written notice to the MGA. The insurer may suspend the underwriting authority of the MGA during the pendency of any dispute regarding the cause for termination.

(2) The MGA will render accounts to the insurer detailing all transactions and remit all funds due under the contract to the insurer on not less than a monthly basis.

(3) All funds collected for the account of an insurer will be held by the MGA in a fiduciary capacity in a bank that is a member of the Federal Reserve System. This account shall be used for all payments on behalf of the insurer. The MGA may retain no more than three months estimated claims payments and allocated loss adjustment expenses.

(4) Separate records of business written by the MGA will be maintained. The insurer shall have access to and right to copy all accounts related to its business in a form usable by the insurer, and the Commissioner shall have access to all books, bank accounts, and records of the MGA in a form usable to the Commissioner. The records shall be retained according to the provisions of 11 NCAC 11C.0105.

(5) The contract may not be assigned in whole or part by the MGA.

(6) Appropriate underwriting guidelines, including: the maximum annual premium volume; the basis of the rates to be charged; the types of risks that may be written; maximum limits of liability; applicable exclusions; territorial limitations; policy cancellation provisions; and the maximum policy period. The insurer shall have the right to cancel or nonrenew any policy of insurance subject to applicable laws and rules.

(7) If the contract permits the MGA to settle claims on behalf of the insurer:

a. All claims must be reported to the insurer in a timely manner.

b. A copy of the claim file will be sent to the insurer at its request or as soon as it becomes known that the claim: has the potential to exceed an amount determined by the insurer and approved by the Commissioner; involves a coverage dispute; may exceed the MGA's claims settlement authority; is open for more than six months; or is closed by payment of an amount set by the insurer and approved by the Commissioner.

c. All claim files will be the joint property of the insurer and MGA. However, upon an order of liquidation of the insurer the files shall become the sole property of the insurer or its estate; the MGA shall have reasonable access to and the right to copy the files on a timely basis.

d. Any settlement authority granted to the MGA may be terminated for cause upon the insurer's written notice to the MGA or upon the termination of the contract. The insurer may suspend the settlement authority during the pendency of any dispute regarding the cause for termination.

(8) Where electronic claims files are in existence, the contract must address the timely transmission of the data.

(9) If the contract provides for a sharing of interim profits by the MGA, and the MGA has the authority to determine the amount of the interim profits by establishing loss reserves, controlling claim payments, or by any other manner, interim profits will not be paid to the MGA until one year after they are earned for property insurance business and five years after they are earned on casualty business and not until the profits have been verified under subsection (f) of this section.

(10) The MGA shall not:

a. Bind reinsurance or retrocessions on behalf of the insurer, except that the MGA may bind facultative reinsurance contracts pursuant to obligatory facultative agreements if the contract with the insurer contains reinsurance underwriting guidelines including, for both reinsurance assumed and ceded, a list of reinsurers with which such automatic agreements are in effect, the coverages and amounts or percentages that may be reinsured, and commission schedules;

b. Commit the insurer to participate in insurance or reinsurance syndicates;

c. Appoint any producer without assuring that the producer is lawfully licensed to transact the type of insurance for which the producer is appointed;

d. Without prior approval of the insurer, pay or commit the insurer to pay a claim over a specified amount, net of reinsurance, which shall not exceed one percent (1%) of the insurer's policyholder's surplus as of the preceding December 31;

e. Collect any payment from a reinsurer or commit the insurer to any claim settlement with a reinsurer, without the insurer's prior approval. If prior approval is given, a report must be promptly forwarded to the insurer;

f. Permit its subproducer to serve on the insurer's board of directors;
g. Jointly employ an individual who is employed with the insurer; or
h. Appoint a sub-MGA.

(e) An insurer shall have on file by June 1 of each year an audited financial report of each MGA with which it is doing business. The report shall include the opinion of an independent certified public accountant, report the financial position of the MGA as of the most recent year-end and the results of its operations and cash flows, and include appropriate notes to financial statements. The insurer shall provide a copy of the report to the Commissioner within 15 days of receipt by the insurer.

(f) If an MGA establishes loss reserves, the insurer shall provide with its annual statement, in addition to any other required statement of actuarial opinion, the statement of a qualified actuary attesting to the adequacy of loss reserves established on business produced by the MGA. The statement shall comply in all respects with the NAIC Annual Statement Instructions regarding the Statement of Actuarial Opinion.

(g) The insurer shall periodically, at least semiannually, conduct an on-site review of the underwriting and claims processing operations of the MGA. The insurer shall prepare and maintain a written report on the review and make it available to the Commissioner upon the Commissioner's request.

(h) Binding authority for all reinsurance contracts, except those contracts expressly permitted under sub-subdivision (d)(10)a. of this section, or participation in insurance or reinsurance syndicates, shall rest with an officer of the insurer, who shall not be affiliated with the MGA.

(i) Within 15 days after entering into or termination of a contract with an MGA, the insurer shall provide written notification of the appointment or termination to the Commissioner. Notices of appointment of an MGA shall include a copy of the contract, a statement of duties that the MGA is expected to perform on behalf of the insurer, the lines of insurance for which the MGA is to be authorized to act, whether any affiliation exists between the insurer and the MGA and the basis for the affiliation, NAIC biographical affidavit for each officer, director, and each person who owns ten percent (10%) or more of the outstanding voting stock of the MGA, and any other information the Commissioner may request. The Commissioner may prescribe the form to be used for notification of the information required by this item.

(j) The Commissioner shall disapprove any such contract that:
(1) Does not contain the required contract provisions specified in subsection (d) of this section;
(2) Subjects the insurer to excessive charges for expenses or commission;
(3) Vests in the MGA any control over the management of the affairs of the insurer to the exclusion of the board of directors of the insurer;
(4) Is entered into with any person if the person or its officers and directors are of known bad character or have been affiliated directly or indirectly through ownership, control, management, reinsurance transactions, or other insurance or business relationships with any person known to have

been involved in the improper manipulation of assets, accounts, or reinsurance; or

(5) Is determined by the Commissioner to contain provisions that are not fair and reasonable to the insurer.

Failure of the Commissioner to disapprove any such contract within 30 days after the contract has been filed with the Commissioner constitutes the Commissioner's approval of the contract. An insurer may continue to accept business from such person until the Commissioner disapproves the contract. Any disapproval shall be in writing. The Commissioner may, after a hearing held under G.S. 58-2-50, withdraw approval of any contract the Commissioner has previously approved upon finding that the basis of the original approval no longer exists or that the contract has, in actual operation, shown itself to be subject to disapproval on any of the grounds in this subsection.

(k) An insurer shall review its books and records each quarter to determine if any agent has become an MGA. If the insurer determines that an agent has become an MGA, the insurer shall promptly notify the agent of that determination and the insurer and agent must fully comply with the provisions of this Article within 15 days.

(*l*) An insurer shall not appoint to its board of directors an officer, director, employee, subagent, or controlling shareholder of its MGAs. This subsection does not apply to relationships governed by Article 19 of this Chapter or, if applicable, G.S. 58-3-165.

(m) The acts of an MGA are considered to be the acts of the insurer on whose behalf it is acting. An MGA may be examined by the Commissioner under G.S. 58-2-131, 58-2-132, or 58-2-133 as if it were an insurer.

(n) If the Commissioner determines that an MGA or any other person has not materially complied with this section or with any rule adopted or order issued under this section, after notice and opportunity to be heard, the Commissioner may order:

(1) For each separate violation, a civil penalty under the procedures in G.S. 58-2-70(d); or

(2) Revocation or suspension of the person's license.

(3) Repealed by Session Laws 1993, c. 452, s. 47, effective October 1, 1993.

If the Commissioner finds that because of a material noncompliance that an insurer has suffered any loss or damage, the Commissioner may maintain a civil action brought by or on behalf of the insurer and its policyholders and creditors for recovery of compensatory damages for the benefit of the insurer and its policyholders and creditors or for other appropriate relief.

(o) Nothing in this section affects the Commissioner's right to impose any other penalties provided for in this Chapter. Nothing in this Article limits or restricts the rights of policyholders, claimants, and creditors.

(p) If an order of rehabilitation or liquidation of the insurer has been entered under Article 30 of this Chapter, and the receiver appointed under that order determines that the MGA or any other person has not materially complied with this section, or any regulation or order promulgated thereunder, and the insurer suffered any loss or damage therefrom, the receiver may maintain a civil action for recovery of damages or other appropriate sanctions for the benefit of the insurer. Sess., 1990), c. 1069, if the legislature did not appropriate or transfer funds. Session Laws 1989 (Reg. Sess., 1990), s. 31, as amended by Session Laws 1995, c. 507, s. 11A(c), provides: "Section 23 [see § 58-36-70] of this act does not apply to the 1990 automobile rate filing made pursuant to Article 36 of Chapter 58 of the General Statutes. Section 27 [§ 143-3.6] of this act shall expire at the end of the 1993-1994 fiscal year and Section 28 [§ 143-3.7] shall become effective upon the expiration of Section 27."

§ 58-35-85. Procedure for cancellation of insurance contract upon default; return of unearned premiums; collection of cash surrender value.

When an insurance premium finance agreement contains a power of attorney or other authority enabling the insurance premium finance company to cancel any insurance contract or contracts listed in the agreement, the insurance contract or contracts shall not be cancelled unless the cancellation is effectuated in accordance with the following provisions:

(1) Not less than 10 days' written notice be mailed to the last known address of the insured or insureds shown on the insurance premium finance agreement of the intent of the insurance premium finance company to cancel his or their insurance contract or contracts unless the defaulted installment payment is received. A notice thereof shall also be sent to the insurance agent.

(2) After expiration of the period, the insurance premium finance company shall send the insurer a request for cancellation and shall mail a copy of the request for cancellation to the insured at his last known address as shown on the insurance premium finance agreement. The premium finance company shall include a copy of the power of attorney with the request for cancellation if the insurer has not already received a copy of the power of attorney with the application.

(3) Upon receipt of a copy of the request for cancellation notice by the insurer, the insurance contract shall be cancelled

with the same force and effect as if the aforesaid request for cancellation had been submitted by the insured himself, without requiring the return of the insurance contract or contracts.

(4) All statutory, regulatory, and contractual restrictions providing that the insured may not cancel his insurance contract unless he first satisfies the restrictions by giving a prescribed notice to a governmental agency, the insurance carrier, an individual, or a person designated to receive the notice for said governmental agency, insurance carrier, or individual shall apply where cancellation is effected under the provisions of this section.

(5) Whenever an insurance contract is cancelled in accordance with this section, the insurer shall promptly return whatever gross unearned premiums are due under the contract to the insurance premium finance company effecting the cancellation for the benefit of the insured or insureds. Whenever the return premium is in excess of the amount due the insurance premium finance company by the insured under the agreement, the excess shall be remitted promptly to the order of the insured, subject to the minimum service charge provided for in this Article.

(6) The provisions of this section relating to request for cancellation by the insurance premium finance company of an insurance contract and the return by an insurer of unearned premiums to the insurance premium finance company, also apply to the surrender by the insurance premium finance company of an insurance contract providing life insurance and the payment by the insurer of the cash value of the contract to the insurance premium finance company, except that the insurer may require the surrender of the insurance contract. (1963, c. 1118; 1967, c. 825; 1969, c. 941; 1987, c. 864, s. 22; 1995, c. 121, s. 1.)

Effect of Amendments. — The 1995 amendment, effective October 1, 1995, substituted "sent" for "mailed" in the last sentence of subdivision (1); in subdivision (2), in the first sentence substituted "send" for "mail" and deleted "including a copy of the power of attorney" preceding the first occurrence of "cancellation", and added the last sentence; and made stylistic changes throughout the section.

ARTICLE 36.

North Carolina Rate Bureau.

§ 58-36-1. North Carolina Rate Bureau created.

There is hereby created a Bureau to be known as the "North Carolina Rate Bureau," with the following objects and functions:

(1) To assume the functions formerly performed by the North Carolina Fire Insurance Rating Bureau, the North Caro-

lina Automobile Rate Administrative Office, and the Compensation Rating and Inspection Bureau of North Carolina, with regard to the promulgation of rates, for insurance against loss to residential real property with not more than four housing units located in this State and any contents thereof and valuable interest therein and other insurance coverages written in connection with the sale of such property insurance; for theft of and physical damage to private passenger (nonfleet) motor vehicles as the same are defined under Article 40 of this Chapter; for liability insurance for such motor vehicles, automobile medical payments insurance, uninsured motorists coverage and other insurance coverages written in connection with the sale of such liability insurance; and for workers' compensation and employers' liability insurance written in connection therewith except for insurance excluded from the Bureau's jurisdiction in G.S. 58-36-1(3).

(2) The Bureau shall provide reasonable means to be approved by the Commissioner whereby any person affected by a rate made by it may be heard in person or by his authorized representative before the governing committee or other proper executive of the Bureau.

(3) The Bureau shall have the duty and responsibility of promulgating and proposing rates for insurance against loss to residential real property with not more than four housing units located in this State and any contents thereof or valuable interest therein and other insurance coverages written in connection with the sale of such property insurance; for insurance against theft of or physical damage to private passenger (nonfleet) motor vehicles; for liability insurance for such motor vehicles, automobile medical payments insurance, uninsured motorists coverage and other insurance coverages written in connection with the sale of such liability insurance; and, as provided in G.S. 58-36-100, for loss costs and residual market rate filings for workers' compensation and employers' liability insurance written in connection therewith. The provisions of this subdivision shall not apply to motor vehicles operated under certificates of authority from the Utilities Commission, the Interstate Commerce Commission, or their successor agencies, where insurance or other proof of financial responsibility is required by law or by regulations specifically applicable to such certificated vehicles. The Bureau shall have no jurisdiction over excess workers' compensation insurance for employers qualifying as self-insurers as provided in G.S. 97-93; nor shall the Bureau's jurisdiction include farm buildings, farm dwellings and their appurtenant structures, farm personal property or other coverages written in connection with farm real or personal property; travel or camper trailers designed to be pulled by private passenger motor vehicles, unless insured under policies covering nonfleet private passenger motor vehicles; residential real and personal property insured in multiple line insurance policies covering business activities as the primary insurable interest; and marine, general liability, burglary and theft, glass, and animal collision insurance,

except when such coverages are written as an integral part of a multiple line insurance policy for which there is an indivisible premium.

(4) Agreements may be made between or among members with respect to equitable apportionment among them of insurance which may be afforded applicants who are in good faith entitled to but who are unable to procure such insurance through ordinary methods. The members may agree between or among themselves on the use of reasonable rate modifications for such insurance, agreements, and rate modifications to be subject to the approval of the Commissioner.

(5)a. It is the duty of every insurer that writes workers' compensation insurance in this State and is a member of the Bureau, as defined in this section and G.S. 58-36-5 to insure and accept any workers' compensation insurance risk that has been certified to be "difficult to place" by any fire and casualty insurance agent who is licensed in this State. When any such risk is called to the attention of the Bureau by receipt of an application with an estimated or deposit premium payment and it appears that the risk is in good faith entitled to such coverage, the Bureau will bind coverage for 30 days and will designate a member who must issue a standard workers' compensation policy of insurance that contains the usual and customary provisions found in those policies. Multiple coordinated policies, as defined by the Bureau and approved by the Commissioner, may be used for the issuance of coverage under this subdivision for risks involved in employee leasing arrangements. Coverage will be bound at 12:01 A.M. on the first day following the postmark time and date on the envelope in which the application is mailed including the estimated annual or deposit premium, or the expiration of existing coverage, whichever is later. If there should be no postmark, coverage will be effective 12:01 A.M. on the date of receipt by the Bureau unless a later date is requested. Those applications hand delivered to the Bureau will be effective as of 12:01 A.M. of the date following receipt by the Bureau unless a later date is requested. The Bureau will make and adopt such rules as are necessary to carry this section into effect, subject to final approval of the Commissioner. As a prerequisite to the transaction of workers' compensation insurance in this State, every member of the Bureau that writes such insurance must file with the Bureau written authority permitting the Bureau to act in its behalf, as provided in this section, and an agreement to accept risks that are assigned to the member by the Bureau, as provided in this section.

b. The Bureau shall maintain a compendium of employers refused voluntary coverage, which shall be made available by the Bureau to all insurers, licensed agents, and self-insureds' administrators doing business in this State. It shall be stored and indexed to allow access to information by industry, primary classifications of employees, geography, experience modification, and in any other manner the Bureau determines is commercially useful to facilitate voluntary coverage of listed employers. The Bureau shall be immune from civil liability for erroneous information released by the Bureau pursuant to this section, provided that the Bureau acted in good faith and without malicious or willful intent to harm in releasing the erroneous information.

c. Failure or refusal by any assigned employer risk to make full disclosure to the Bureau, servicing carrier, or insurer writing a policy of information regarding the employer's true ownership, change of ownership, operations, or payroll, or any other failure to disclose fully any records pertaining to workers' compensation insurance shall be sufficient grounds for the Bureau to authorize the termination of the policy of that employer.

(6) The Bureau shall maintain and furnish to the Commissioner on an annual basis the statistics on earnings derived by member companies from the investment of unearned premium, loss, and loss expense reserves on nonfleet private passenger motor vehicle insurance policies written in this State. Whenever the Bureau proposes rates under this Article, it shall prepare a separate exhibit for the experience years in question showing the combined earnings realized from the investment of such reserves on policies written in this State. The amount of earnings may in an equitable manner be included in the ratemaking formula to arrive at a fair and equitable rate. The Commissioner may require further information as to such earnings and may require calculations of the Bureau bearing on such earnings.

(7) Member companies shall furnish, upon request of any person carrying nonfleet private passenger motor vehicle insurance in the State upon whose risk a rate has been promulgated, information as to rating, including the method of calculation. Subdivision (5) was amended by Session Laws 1993, c. 517, s. 18 in the coded bill drafting format prescribed by § 120-20.1. It is set out in the form above at the direction of the Revisor of Statutes.

Session Laws 1995, c. 517, s. 41, contains a severability clause.

Effect of Amendments. —

Session Laws 1995, c. 505, s. 1, effective July 28, 1995, added "as provided in G.S. 58-36-100, for loss costs and residual market rate filings" in the first sentence of subdivision (3).

Session Laws 1995, c. 517, s. 18, effective July 29, 1995, in subdivision (5)a., deleted the seventh and eighth sentences, regarding certification by the State Department of Labor that the insured is complying with the laws, rules and regulations of the Department, and in subdivision (5)b., rewrote the first sentence, and added the last sentence.

§ 58-36-15. Filing loss costs, rates, plans with Commissioner; public inspection of filings.

(a) The Bureau shall file with the Commissioner copies of the rates, loss costs, classification plans, rating plans and rating systems used by its members. Each rate filing shall become effective on the date specified in the filing, but not earlier than 105 days from the date the filing is received by the Commissioner: Provided that (1) rate filings for workers' compensation insurance and employers' liability insurance written in connection therewith shall not become effective earlier than 120 days from the date the filing is received by the Commissioner or on the date as provided under G.S. 58-36-100, whichever is earlier; and (2) any filing may become effective on a date earlier than that specified in this subsection upon agreement between the Commissioner and the Bureau.

(b) A filing shall be open to public inspection immediately upon submission to the Commissioner.

(c) The Bureau shall maintain reasonable records, of the type and kind reasonably adapted to its method of operation, of the experience of its members and of the data, statistics or information collected or used by it in connection with the rates, rating plans, rating systems, loss costs and other data as specified in G.S. 58-36-100, underwriting rules, policy or bond forms, surveys or inspections made or used by it.

(d) With respect to the filing of rates for nonfleet private passenger motor vehicle insurance, the Bureau shall, on or before February 1 of each year, or later with the approval of the Commissioner, file with the Commissioner the experience, data, statistics, and information referred to in subsection (c) of this section and any proposed adjustments in the rates for all member companies of the Bureau. The filing shall include, where deemed by the Commissioner to be necessary for proper review, the data specified in subsections (c), (e), (g) and (h) of this section. Any filing that does not contain the data required by this subsection may be returned to the Bureau and not be deemed a proper filing. Provided, however, that if the Commissioner concludes that a filing does not constitute a proper filing he shall promptly notify the Bureau in writing to that effect, which notification shall state in reasonable detail the basis of the Commissioner's conclusion. The Bureau shall then have a reasonable time to remedy the defects so specified. An otherwise defective filing thus remedied shall be deemed to be a proper and timely filing, except that all periods of time specified in this Article will run from the date the Commissioner receives additional or amended documents necessary to remedy all material defects in the original filing.

(e) The Commissioner may require the filing of supporting data including:

(1) The Bureau's interpretation of any statistical data relied upon;

(2) Descriptions of the methods employed in setting the rates;

(3) Analysis of the incurred losses submitted on an accident year or policy year basis into their component parts; to wit, paid losses, reserves for losses and loss expenses, and reserves for losses incurred but not reported;

(4) The total number and dollar amount of paid claims;

(5) The total number and dollar amount of case basis reserve claims;

(6) Earned and written premiums at current rates by rating territory;
(7) Earned premiums and incurred losses according to classification plan categories; and
(8) Income from investment of unearned premiums and loss and loss expense reserves generated by business within this State.

Provided, however, that with respect to business written prior to January 1, 1980, the Commissioner shall not require the filing of such supporting data which has not been required to be recorded under statistical plans approved by the Commissioner.

(f) On or before September 1 of each calendar year the Bureau shall submit to the Commissioner the experience, data, statistics, and information referred to in subsection (c) of this section and required under G.S. 58-36-100 and a residual market rate or prospective loss costs review based on such data for workers' compensation insurance and employers' liability insurance written in connection therewith. Any rate increase for such insurance that is implemented pursuant to this Article shall become effective solely to such insurance as is written having an inception date on or after the effective date of the rate increase.

(g) The following information must be included in policy form, rule, and rate filings under this Article and under Article 37 of this Chapter:
(1) A detailed list of the rates, rules, and policy forms filed, accompanied by a list of those superseded; and
(2) A detailed description, properly referenced, of all changes in policy forms, rules, prospective loss costs, and rates, including the effect of each change.

(h) Except to the extent the Commissioner determines that this subsection is inapplicable to filings made under G.S. 58-36-100 and except for filings made under G.S. 58-36-30, all policy form, rule, prospective loss costs, and rate filings under this Article and Article 37 of this Chapter that are based on statistical data must be accompanied by the following properly identified information:
(1) North Carolina earned premiums at the actual and current rate level; losses and loss adjustment expenses, each on paid and incurred bases without trending or other modification for the experience period, including the loss ratio anticipated at the time the rates were promulgated for the experience period;
(2) Credibility factor development and application;
(3) Loss development factor derivation and application on both paid and incurred bases and in both numbers and dollars of claims;
(4) Trending factor development and application;
(5) Changes in premium base resulting from rating exposure trends;
(6) Limiting factor development and application;
(7) Overhead expense development and application of commission and brokerage, other acquisition expenses, general expenses, taxes, licenses, and fees;
(8) Percent rate or prospective loss costs change;
(9) Final proposed rates;
(10) Investment earnings, consisting of investment income and realized plus unrealized capital gains, from loss, loss expense, and unearned premium reserves;

(11) Identification of applicable statistical plans and programs and a certification of compliance with them;
(12) Investment earnings on capital and surplus;
(13) Level of capital and surplus needed to support premium writings without endangering the solvency of member companies; and
(14) Such other information that may be required by any rule adopted by the Commissioner.

Provided, however, that no filing may be returned or disapproved on the grounds that such information has not been furnished if insurers have not been required to collect such information pursuant to statistical plans or programs or to report such information to the Bureau or to statistical agents, except where the Commissioner has given reasonable prior notice to the insurers to begin collecting and reporting such information, or except when the information is readily available to the insurers.

(i) The Bureau shall file with and at the time of any rate or prospective loss costs filing all testimony, exhibits, and other information on which the Bureau will rely at the hearing on the rate filing. The Department shall file all testimony, exhibits, and other information on which the Department will rely at the hearing on the rate filing 20 days in advance of the convening date of the hearing. Upon the issuance of a notice of hearing the Commissioner shall hold a meeting of the parties to provide for the scheduling of any additional testimony, including written testimony, exhibits or other information, in response to the notice of hearing and any potential rebuttal testimony, exhibits, or other information. This subsection also applies to rate filings made by the North Carolina Motor Vehicle Reinsurance Facility under Article 37 of this Chapter. (1977, c. 828, s. 6; 1979, c. 824, s. 2; 1981, c. 521, s. 1; 1985, c. 666, s. 3; 1985 (Reg. Sess., 1986), c. 1027, ss. 2, 3; 1993, c. 409, s. 10; 1995, c. 505, s. 2.)

Editor's Note. —

Session Laws 1995, c. 505, s. 9, provides: "Notwithstanding G.S. 58-36-15(f), the Bureau may make its 1995 filing after September 1, 1995."

Effect of Amendments. — The 1995 amendment, effective July 28, 1995, in subsection (a) added "loss costs" in the first sentence, and added "or on the date as provided under G.S. 58-36-100, whichever is earlier" in the first proviso of the second sentence; added "loss costs and other data as specified in G.S. 58-36-100" in subsection (c); substituted "and required under G.S. 58-36-100 and a residual market rate or prospective loss costs review" for "and a rate review" in the first sentence of subsection (f); added "prospective loss costs" in subdivision (g)(2); in subsection (h), in the introductory language added "to the extent the Commissioner determines that this subsection is inapplicable to filings made under G.S. 58-36-100 and except" and "prospective loss costs", and in subdivision (h)(8) added "or prospective loss costs"; and added "or prospective loss costs" in the first sentence of subsection (i).

§ 58-36-25. Appeal of Commissioner's order.

(a) Any order or decision of the Commissioner shall be subject to judicial review as provided in Article 2 of this Chapter.

(b) Whenever a Bureau rate is held to be unfairly discriminatory or excessive and no longer effective by order of the Commissioner issued under G.S. 58-36-20, the members of the Bureau, in accordance with rules and regulations established and adopted by the governing committee, shall have the option to continue to use such rate for the interim period pending judicial review of such order, provided each such member shall place in escrow account the purportedly unfairly discriminatory or excessive portion of the premium collected during such interim period. Upon a final determination by the Court, or upon a consent agreement or consent order between the Bureau and the Commissioner, the Commissioner shall order the escrowed funds to be distributed appropriately. If refunds are to be made to policyholders, the Commissioner shall order that the members of the Bureau refund the difference between the total premium per policy using the rate levels finally determined and the total premium per policy collected during the interim period pending judicial review, except that refund amounts that are five dollars ($5.00) or less per policy shall not be required. The court may also require that purportedly excess premiums resulting from an adjustment of premiums ordered pursuant to G.S. 58-36-20(b) be placed in such escrow account pending judicial review. If refunds made to policyholders are ordered under this subsection, the amounts refunded shall bear interest at the rate determined under this subsection. That rate, to be computed by the Bureau, shall be the average of the prime rates on the effective date of the filing and each anniversary of that date occurring prior to the date of the Commissioner's order requiring refunds, with the prime rate on each of the dates being the average of the prime rates of the four largest banking institutions domiciled in this State as of that date, plus three percent (3%). (1977, c. 828, s. 6; 1979, c. 824, s. 4; 1985 (Reg. Sess., 1986), c. 1027, ss. 3.1, 4; 1995, c. 517, s. 19.)

Editor's Note. — Session Laws 1995, c. 517, s. 41, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective July 29, 1995, in subsection (b) rewrote the second sentence, added the third sentence, and rewrote the last sentence.

§ 58-36-30. Deviations.

(a) No insurer, officer, agent or representative thereof shall knowingly issue or deliver or knowingly permit the issuance or delivery of any policy of insurance in this State which does not conform to the rates, rating plans, classifications, schedules, rules and standards made and filed by the Bureau. However, an insurer may deviate from the rates promulgated by the Bureau provided the insurer has filed the deviation to be applied both with the Bureau and the Commissioner, and provided the said deviation is uniform in its application to all risks in the State of the class to which such deviation is to apply; and provided such deviation is approved by the Commissioner. The Commissioner shall approve proposed deviations if the same do not render the rates excessive, inadequate or unfairly discriminatory. If approved, the deviation may thereafter be amended, subject to the provisions of this subsection. The deviation may be terminated only if the deviation will have been in effect for a period of six months before the effective date of the termination and the insurer notifies the Commissioner of the termination no later than 15 days before the effective date of the termination.

(b) A rate in excess of that promulgated by the Bureau may be charged on any specific risk provided such higher rate is charged with the approval of the Commissioner and with the knowledge and written consent of the insured. This subsection may be used to provide motor vehicle liability coverage limits above those required under Article 9A of Chapter 20 of the General Statutes and above those cedable to the Facility under Article 37 of this Chapter to persons whose personal excess liability insurance policies require that they maintain specific higher liability coverage limits. All data filed with the Commissioner under this subsection are proprietary and confidential and are not public records under G.S. 132-1 or G.S. 58-2-100.

(c) Any deviation with respect to workers' compensation and employers' liability insurance written in connection therewith as filed under subsection (a) of this section shall apply uniformly to all classifications. Any approved rate under subsection (b) of this section with respect to workers' compensation and employers' liability insurance written in connection therewith shall be furnished to the Bureau.

(d) Notwithstanding any other provision of law prohibiting insurance rate differentials based on age, with respect to nonfleet private passenger motor vehicle insurance under the jurisdiction of the Bureau, any member of the Bureau may apply for and use in this State, subject to the Commissioner's approval, a downward deviation in the rates for insureds who are 55 years of age or older. (1977, c. 828, s. 6; 1983, c. 162, ss. 1, 2; 1985, c. 666, s. 1; 1987, c. 869, s. 1; 1993, c. 409, s. 25; 1995, c. 517, ss. 20, 21.)

Editor's Note. — Session Laws 1995, c. 517, s. 41, contains a severability clause.

Effect of Amendments. — Session Laws 1995, c. 517, s. 20, effective October 1, 1995, added the second sentence in subsection (b).

Session Laws 1995, c. 517, s. 21, effective July 29, 1995, added the last sentence in subsection (c).

§ 58-36-70. Rate filings and hearings for motor vehicle insurance.

Editor's Note. —

Session Laws 1995, c. 507, s. 11A(c), amended Session Laws 1989 (Reg. Sess., 1990), c. 1069, s. 31, deleting the last sentence regarding the expiration of amendments to the General Statutes by Session Laws 1989 (Reg. Sess., 1990), c. 1069, if the legislature did not appropriate or transfer funds. Session Laws 1989 (Reg. Sess., 1990), s. 31, as amended by Session Laws 1995, c. 507, s. 11A(c), provides: "Section 23 [see § 58-36-70] of this act does not apply to the 1990 automobile rate filing made pursuant to Article 36 of Chapter 58 of the General Statutes. Section 27 [§ 143-3.6] of this act shall expire at the end of the 1993-1994 fiscal year and Section 28 [§ 143-3.7] shall become effective upon the expiration of Section 27."

Session Laws 1995, c. 507, s. 1.1, provides that that act shall be known and cited as the Expansion and Capital Improvements Appropriations Act of 1995.

Session Laws 1995, c. 507, s. 28.9, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1995-97 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1995-97 biennium."

§ 58-36-85. Termination of a nonfleet private passenger motor vehicle insurance policy.

(a) Definitions. — The following definitions apply in this section:

(1) Policy. — A nonfleet private passenger motor vehicle liability insurance policy, including a policy that provides medical payments, uninsured motorist, or underinsured motor-

ist coverage, whose named insured is one individual or two or more individuals who reside in the same household.

(2) Terminate. — To cancel or refuse to renew a policy.

(b) Termination Restrictions. — An insurer shall not terminate a policy for a reason that is not specified in G.S. 58-37-50(1) through (5) or G.S. 58-36-65(g). A termination of a policy is not effective unless the insurer either has notified a named insured of the termination by sending a written termination notice by first class mail to the insured's last known address or is not required by this subsection to send a written termination notice. Proof of mailing of a written termination notice is proof that the notice was sent.

An insurer is not required to send a written termination notice if any of the following applies:

(1) The insurer has manifested its willingness to renew the policy by issuing or offering to issue a renewal policy, a certificate, or other evidence of renewal.

(2) The insurer has manifested its willingness to renew the policy by any means not described in subdivision (1) of this subsection, including mailing a premium notice or expiration notice by first class mail to the named insured and the failure of the insured to pay the required premium on or before the premium due date.

(3) A named insured has given written notification to the insurer or its agent that the named insured wants the policy to be terminated.

(c) Contents of Notice. — The form of a written termination notice used by an insurer must be approved by the Commissioner before it is used. A written termination notice must state the reason for the termination and the date the termination is effective. If the policy is terminated for nonpayment of the premium, the effective date may be 15 days from the date the notice is mailed. If the policy is terminated for any other reason, the effective date must be at least 60 days after the notice is mailed. A written termination notice must include or be accompanied by a statement that advises the insured of the penalty for driving a vehicle without complying with Article 13 of Chapter 20 of the General Statutes and that the insured has the right to request the Department to review the termination.

(d) Request for Review. — An insured who receives from an insurer a written termination notice may obtain review of the termination by filing with the Department a written request for review within 10 days after receiving a termination notice that complies with subsection (c) of this section. An insured who does not file a request within the required time waives the right to a review.

(e) Administrative Review. — When the Department receives a written request to review a termination, it must investigate and determine the reason for the termination. The Department shall issue a letter requiring one of the following upon completing its review:

(1) Approval of the termination, if it finds the termination complies with the law.

(2) Renewal or reinstatement of the policy, if it finds the termination does not comply with the law.

(3) Renewal or reinstatement of the policy and payment by the insurer of the costs of the Department's review, not to exceed one thousand dollars ($1,000), if it finds the termination does not comply with the law and the insurer willfully violated this section.

The Department shall mail the letter to the insured and the insurer. An insured or an insurer who disagrees with the determination of the Department in the letter may file a petition for a contested case under Article 3A of Chapter 150B of the General Statutes and the rules adopted by the Commissioner to implement that Article. The petition must be filed within 30 days after receiving the copy of the letter.

(f) Delegation. — The Commissioner shall designate an employee or a deputy to conduct the departmental review of a termination. The Commissioner may designate a deputy to conduct a contested case hearing concerning a termination. The Commissioner may not designate a deputy who conducted the departmental review of a termination to conduct a contested case hearing concerning the same termination.

(g) Effect of Review on Policy. — A policy shall remain in effect during administrative and judicial review of an insurer's action to terminate the policy.

(h) Liability Limit. — There is no liability on the part of and no cause of action for defamation or invasion of privacy arises against an insurer, an insurer's authorized representatives, agents, or employees, or a licensed insurance agent or broker for a communication or statement made concerning a written notice of termination.

(i) Records. — An insurer shall keep a record of a termination for three years. (1993 (Reg. Sess., 1994), c. 761, s. 30; 1995, c. 517, s. 22.)

Editor's Note. —

Session Laws 1995, c. 517, s. 41, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective July 29, 1995, in subsection (e) substituted "issue a letter requiring" for "enter an order for" in the second sentence, substituted "the letter" for "a copy of the order" in the first sentence of the second paragraph, added "in the letter" in the next to last sentence, and substituted "letter" for "order" at the end of the last sentence.

CASE NOTES

Nonrenewal for Nonpayment of Premiums. —

By sending a "Premium Notice" to insured, insurance company manifested its willingness to renew the policy and the failure to pay the premium by the due date was a termination of the policy by the insured not by the insurer. Zenns v. Hartford Accident & Indem. Co., 115 N.C. App. 482, 444 S.E.2d 692, cert. denied, 337 N.C. 699, 448 S.E.2d 541 (1994).

Notice in Premium Notice Required. — Where the premium notice neither expressly informed plaintiff that his policy was about to expire nor apprised him of the date of expiration, the notice was simply a statement of an account that will be due on the date indicated and failed to constitute a manifestation of the insurance company's willingness to renew within the meaning of subsection (g). Hales v. North Carolina Ins. Guar. Ass'n, 337 N.C. 329, 445 S.E.2d 590 (1994).

A Policy Continues after Expiration until Notice Is Given. —

In order to cancel a policy the carrier must comply with the procedural requirements of the statute or the attempt at cancellation fails and the policy will continue in effect despite the insured's failure to pay in full the required premium. Hales v. North Carolina Ins. Guar. Ass'n, 337 N.C. 329, 445 S.E.2d 590 (1994).

§ 58-36-100. Prospective loss costs filings and final rate filings for workers' compensation and employers' liability insurance.

(a) **(Effective until September 1, 1997)** Nothing in this section requires the Bureau or its member insurers to refile rates previously implemented before two years after the effective date of this section. Any member insurer of the Bureau may continue to use all rates and deviations filed and approved for its use until disapproved, or the insurer makes its own filing to change its rates, either by making an independent filing or by filing a reference filing adoption form adopting the Bureau's prospective loss costs, or modification thereof. Except as provided in subsection (m) of this section, with the initial prospective loss costs reference filing, the Bureau shall no longer develop or file any minimum premiums, minimum premium formulas, or expense constants. If an insurer wishes to amend minimum premium formulas, it must file, for approval, the minimum premium rules, formulas, or amounts it proposes to use.

(a) **(Effective September 1, 1997)** Nothing in this section requires the Bureau or its member insurers to refile rates previously implemented before two years after the effective date of this section. Any member insurer of the Bureau may continue to use all rates and deviations filed and approved for its use until disapproved, or the insurer makes its own filing to change its rates, either by making an independent filing or by filing a reference filing adoption form adopting the Bureau's prospective loss costs, or modification thereof. Except as provided in subsection (m) of this section, with the initial prospective loss costs reference filing, the Bureau shall no longer develop or file any minimum premiums, minimum premium formulas, or expense constants. If an insurer wishes to amend minimum premium formulas, it must file the minimum premium rules, formulas, or amounts it proposes to use.

(b) Definitions. As used in this section, the following terms have the following meanings:

(1) "Expenses". — That portion of a rate attributable to acquisition, field supervision, collection expenses, general expenses, as determined by the insurer.

(2) "Developed losses". — Losses (including loss adjustment expenses) adjusted, using standard actuarial techniques, to eliminate the effect of differences between current payment or reserve estimates and those needed to provide actual ultimate loss (including loss adjustment expense) payments.

(3) "Insurer". — A member insurer or group.

(4) "Loss trending". — Any procedure for projecting developed losses to the average date of loss for the period during which the policies are to be effective.

(5) "Multiplier". — An insurer's determination of the expenses, other than loss expense and loss adjustment expense, associated with writing workers' compensation and employers' liability insurance, which shall be expressed as a single nonintegral number to be applied equally and uniformly to the prospective loss costs approved by the Commissioner in

making rates for each classification of risks utilized by that insurer.

(6) "Prospective loss costs". — That portion of a rate that does not include provisions for expenses (other than loss adjustment expenses) or profit; and that are based on historical aggregate losses and loss adjustment expenses adjusted through development to their ultimate value and projected through trending to a future point in time.

(7) "Rate". — The cost of insurance per exposure unit, whether expressed as a single number or as a prospective loss cost with an adjustment to account for the treatment of expenses, profit, and variations in loss experience, prior to any application of individual risk variations based on loss or expense considerations, and does not include minimum premiums.

(8) "Supplementary rating information". — Includes any manual or plan of rates, classification, rating schedule, minimum premium, policy fee, rating rule, rate-related underwriting rule, experience rating plan, statistical plan and any other similar information needed to determine the applicable rate in effect or to be in effect.

(c) Except as provided in subsection (m) of this section, for workers' compensation and employers' liability insurance written in connection with workers' compensation insurance, the Bureau shall no longer develop or file advisory final rates that contain provisions for expenses (other than loss adjustment expenses) and profit. The Bureau shall instead develop and file for approval with the Commissioner, in accordance with this section, reference filings containing advisory prospective loss costs and the underlying loss data and other supporting statistical and actuarial information for any calculations or assumptions underlying these loss costs. Loss-based assessments, any tax levied by the State or any political subdivision of the State, licensing costs, and fees will be included in prospective loss costs.

(d) After a reference filing has been filed with the Commissioner and approved, the Bureau shall provide its member insurers with a copy of the approved reference filing. The Bureau may print and distribute manuals of prospective loss costs as well as rules and other supplementary rating information described in subsection (k) of this section.

(e) **(Effective until September 1, 1997)** Each insurer shall independently and individually determine the final rates it will file for approval and the effective date of any rate changes. If an insurer decides to use the prospective loss costs in the approved reference filing in support of its own filing, the insurer shall make a filing for approval using the reference filing adoption form. The insurer's rates shall be the combination of the prospective loss costs and the loss multiplier contained in the reference filing adoption form. Insurers may file modifications of the prospective loss costs in the approved reference filing based on their own anticipated experience. Supporting documentation is required for any upward or downward modifications of the prospective loss costs in the approved reference filing. A filing made with the Commissioner by an insurer under this subsection is deemed to be approved, if not disapproved by the Commissioner in writing within 60 days after the filing is made.

§ 58-36-100(a), (e), (g), (j), and (*l*)(4) are set out twice. See notes.

(e) **(Effective September 1, 1997)** Each insurer shall independently and individually determine the final rates it will file and the effective date of any rate changes. If an insurer decides to use the prospective loss costs in the approved reference filing in support of its own filing, the insurer shall make a filing using the reference filing adoption form. The insurer's rates shall be the combination of the prospective loss costs and the loss multiplier contained in the reference filing adoption form. Insurers may file modifications of the prospective loss costs in the approved reference filing based on their own anticipated experience. Supporting documentation is required for any upward or downward modifications of the prospective loss costs in the approved reference filing.

(f) The summary of supporting information form shall contain a reference to examples of how to apply an insurer's loss cost modification factor to the Bureau's prospective loss costs. Insurers may vary expense loads by individual classification or grouping. Insurers may use variable or fixed expense loads or a combination of these to establish their expense loadings. Each filing that varies the expense load by class shall specify the expense factor applicable to each class and shall include information supporting the justification for the variation. However, insurers shall file data in accordance with the uniform statistical plan approved by the Commissioner. Insurers may offer premium discount plans.

(g) **(Effective until September 1, 1997)** An insurer may request to have its loss multiplier remain on file and reference all subsequent prospective loss costs reference filings. Upon receipt of subsequent approved Bureau reference filings, the insurer's rates shall be the combination of the prospective loss costs and the loss multiplier contained in the reference filing adoption form on file with the Commissioner, and will be effective on or after the effective date of the prospective loss costs. The insurer need not file anything further with the Commissioner. If an insurer that has filed to have its loss multiplier remain on file with the Department intends to delay, modify, or not adopt a particular Bureau reference filing, the insurer must make an appropriate filing with the Commissioner. The insurer's filed loss multiplier shall remain in effect until the insurer withdraws it or files and receives approval of a revised reference filing adoption form.

(g) **(Effective September 1, 1997)** An insurer may request to have its loss multiplier remain on file and reference all subsequent prospective loss costs reference filings. Upon receipt of subsequent approved Bureau reference filings, the insurer's rates shall be the combination of the prospective loss costs and the loss multiplier contained in the reference filing adoption form on file with the Commissioner, and will be effective on or after the effective date of the prospective loss costs. The insurer need not file anything further with the Commissioner. If an insurer that has filed to have its loss multiplier remain on file with the Department intends to delay, modify, or not adopt a particular Bureau reference filing, the insurer must make an appropriate filing with the Commissioner. The insurer's filed loss multiplier shall remain in effect until the insurer withdraws it or files a revised reference filing adoption form. The provisions of G.S. 58-40-20, 58-40-30, 58-40-35, and 58-40-45 apply to filings made by insurers under this section.

(h) An insurer may file such other information that the insurer

§ 58-36-100(a), (e), (g), (j), and (*l*)(4) are set out twice. See notes.

considers relevant and shall provide such other information as may be requested by the Commissioner. When a filing is not accompanied by the information required under this section, the Commissioner shall inform the filer within 30 days after the initial filing that the filing is incomplete and describe what additional information is required. A filing is complete when the required information is furnished or when the filer certifies to the Commissioner that the additional information required by the Commissioner is not maintained or cannot be provided.

(i) To the extent that an insurer's final rates are determined solely by applying its loss multiplier, as presented in the reference filing adoption form, to the prospective loss costs contained in the Bureau's reference filing and printed in the Bureau's rating manual, the insurer need not develop or file its final rate pages with the Commissioner. If an insurer chooses to print and distribute final rate pages for its own use, based solely upon the application of its filed loss costs, the insurer need not file those pages with the Commissioner. If the Bureau does not print the loss costs in its manual, the insurer must submit its rates to the Commissioner.

(j) **(Effective until September 1, 1997)** For reference filings filed by the Bureau:

(1) If the insurer has filed to have its loss multiplier remain on file, applicable to subsequent reference filings, and a new reference filing is filed and approved and if:

a. The insurer decides to use the revision of the prospective loss costs and effective date as filed, then the insurer does not file anything with the Commissioner. Rates are the combination of the prospective loss costs and the on-file loss multiplier and become effective on the effective date of the loss costs.

b. The insurer decides to use the prospective loss costs as filed but with a different effective date, then the insurer must notify the Commissioner of its effective date before the effective date of the loss costs.

c. The insurer decides to use the revision of the prospective loss costs, but wishes to change its loss multiplier, then the insurer must file for approval a revised reference filing adoption form before the effective date of the reference filing.

d. The insurer decides not to revise its rates using the prospective loss costs, then the insurer must notify the Commissioner before the effective date of the loss costs.

(2) If an insurer has not elected to have its loss multiplier remain on file, applicable to future prospective loss costs reference filings, and a new reference filing is filed and approved, and if:

a. The insurer decides to use the prospective loss costs to revise its rates, then the insurer must file a reference filing adoption form for approval including its effective date.

b. The insurer decides not to use the revisions, then the insurer does not file anything with the Commissioner.

(j) **(Effective September 1, 1997)** For reference filings filed by the Bureau:

(1) If the insurer has filed to have its loss multiplier remain on

file, applicable to subsequent reference filings, and a new reference filing is filed and approved and if:

a. The insurer decides to use the revision of the prospective loss costs and effective date as filed, then the insurer does not file anything with the Commissioner. Rates are the combination of the prospective loss costs and the on-file loss multiplier and become effective on the effective date of the loss costs.

b. The insurer decides to use the prospective loss costs as filed but with a different effective date, then the insurer must notify the Commissioner of its effective date before the effective date of the loss costs.

c. The insurer decides to use the revision of the prospective loss costs, but wishes to change its loss multiplier, then the insurer must file a revised reference filing adoption form before the effective date of the reference filing.

d. The insurer decides not to revise its rates using the prospective loss costs, then the insurer must notify the Commissioner before the effective date of the loss costs.

(2) If an insurer has not elected to have its loss multiplier remain on file, applicable to future prospective loss costs reference filings, and a new reference filing is filed and approved, and if:

a. The insurer decides to use the prospective loss costs to revise its rates, then the insurer must file a reference filing adoption form including its effective date.

b. The insurer decides not to use the revisions, then the insurer does not file anything with the Commissioner.

(k) The Bureau shall file with the Commissioner, for approval, filings containing a revision of rules and supplementary rating information. This includes policy-writing rules, rating plans, classification codes and descriptions, and rules that include factors or relativities, such as employers' liability increased limits factors, classification relativities, or similar factors, but excludes minimum premiums. The Bureau may print and distribute manuals of rules and supplementary rating information, excluding minimum premiums.

(*l*) If a new filing of rules, relativities, and supplementary rating information is filed by the Bureau and approved and if:

(1) The insurer decides to use the revisions and effective date as filed together with the loss multiplier on file with the Commissioner, then the insurer shall not file anything with the Commissioner.

(2) The insurer decides to use the revisions as filed but with a different effective date, then the insurer must notify the Commissioner of its effective date before the approved Bureau filing's effective date.

(3) The insurer decides not to use the revision, then the insurer must notify the Commissioner before the Bureau filing's effective date.

(4) **(Effective until September 1, 1997)** The insurer decides to use the revision with modifications, then the insurer must file the modification with the Commissioner, for

approval, specifying the basis for the modification and the insurer's proposed effective date if different than the Bureau filing's effective date.

(4) **(Effective September 1, 1997)** The insurer decides to use the revision with modifications, then the insurer must file the modification with the Commissioner, specifying the basis for the modification and the insurer's proposed effective date if different than the Bureau filing's effective date.

(m) The Bureau shall file all of the following with the Commissioner:

(1) Final workers' compensation rates and rating plans for the residual market.
(2) The uniform classification plan and rules.
(3) The uniform experience rating plan and rules.
(4) A uniform policy form to be used by member insurers for voluntary and residual market business.
(5) Advisory manual workers' compensation rates to be used for the sole purpose of computing the premium tax liability of self-insurers under G.S. 105-228.5.

(n) The rates filed under subdivision (m)(1) of this section shall be set at levels to self-fund the residual market, provide adequate premiums to pay losses and expenses, establish appropriate reserves, and provide a reasonable margin for underwriting profit and contingencies.

(o) Every insurer shall adhere to the uniform classification plan, experience rating plan, and policy form filed by the Bureau. (1995, c. 505, ss. 3-8.)

Subsections (a), (e), (g), and (j) and subdivision (*l*)(4) Set Out Twice. — The first versions of subsections (a), (e), (g), and (j) and subdivision (*l*)(4) set out above are effective until September 1, 1997. The second versions of subsections (a), (e), (g), and (j) and subdivision (*l*)(4) set out above are effective September 1, 1997.

Editor's Note. — Session Laws 1995, c. 505, s. 11, made this section effective upon ratification. The act was ratified July 28, 1995.

Effect of Amendments. — Session Laws 1995, c. 505, which enacted this section, in ss. 4 through 8, effective September 1, 1997, deleted "for approval" following "must file" in the last sentence of subsection (a); in subsection (e), deleted "for approval" following "will file" in the first sentence, deleted "for approval" following "make a filing" in the second sentence, and deleted the last sentence regarding when a filing is deemed approved if not disapproved by the Commissioner; in subsection (g) deleted "and receives approval of" preceding "a revised reference" in the next to last sentence, and added the last sentence; in subsection (j) deleted "for approval" following "must file" in subdivision (j)(1)b., and deleted "for approval" following "adoption form" in subdivision (j)(2)a.; and deleted "for approval" following "Commissioner" in subdivision (*l*)(4).

ARTICLE 37.

North Carolina Motor Vehicle Reinsurance Facility.

§ 58-37-30. General obligations of agents.

(a) Except as otherwise provided in this Article, no licensed agent of an insurer authorized to solicit and accept premiums for motor vehicle insurance or any component thereof by the company he represents shall refuse on behalf of said company to accept any application from an eligible risk for such insurance and to immediately bind the coverage applied for and for a period of not less than six months if cession of the particular coverage and coverage limits applied for are permitted in the Facility, provided the application is submitted during the agent's normal business hours, at his customary place of business and in accordance with the agent's customary practices and procedures. The commission paid on the insurance coverages provided in this Article shall not be less than the commission on insurance coverage written through the North Carolina Insurance Plan on May 1, 1973. The same commission shall apply uniformly statewide.

(b) It shall be the responsibility of the agent to write the coverage applied for at what he believes to be the appropriate rate level. If coverage is written at the Facility rate level and the company elects not to cede, the policy shall be rated at a rate under Article 36 of this Chapter. Coverage written at a rate under Article 36 of this Chapter that is not acceptable to the company must either be placed with another company or rated at the Facility rate level by the agent. (1973, c. 818, s. 1; 1977, c. 828, s. 11; 1995, c. 517, s. 23.)

Editor's Note. — Session Laws 1995, c. 517, s. 41, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective October 1, 1995, in subsection (b) substituted "a rate under Article 36 of this Chapter" for "the voluntary rate level" in the second sentence, and substituted "a rate under Article 36 of this Chapter that" for "the voluntary rate level which" in the last sentence.

§ 58-37-40. Plan of operation.

(a) Within 60 days after the initial organizational meeting, the Facility shall submit to the Commissioner, for his approval, a proposed plan of operation, consistent with the provisions of this Article, which shall provide for economical, fair and nondiscriminating administration and for the prompt and efficient provision of motor vehicle insurance to eligible risks. Should no plan be submitted within the aforesaid 60-day period, then the Commissioner of Insurance shall formulate and place into effect a plan consistent with the provisions of this Article.

(b) The plan of operation, unless sooner approved in writing, shall be deemed to meet the requirements of the Article if it is not disapproved by order of the Commissioner within 30 days from the date of filing. Prior to the disapproval of all or any part of the proposed plan of operation the Commissioner shall notify the Facility in what respect the plan of operation fails to meet the specific requirements of this Article. The Facility shall, within 30 days thereafter, submit for his approval a revised plan of operation which meets the specific requirements of this Article. In the event the Facility fails to submit a revised plan of operation which meets the specific requirements of this Article within the aforesaid 30-day period, the Commissioner shall enter an order accordingly and shall immediately thereafter formulate and place into effect a plan consistent with the provisions of this Article.

(c) Any revision of the proposed plan of operation or any subsequent amendments to an approved plan of operation shall be subject to approval or disapproval by the Commissioner in the manner herein provided in subsection (b) with respect to the initial plan of operation.

(d) Any order of the Commissioner with respect to the plan of operation or any revision or amendment thereof shall be subject to court review as provided in G.S. 58-2-75.

(e) Upon approval of the Commissioner of the plan so submitted or promulgation of a plan deemed approved by the Commissioner, all insurance companies licensed to write motor vehicle insurance in this State or any component thereof as a prerequisite to further engaging in writing the insurance shall formally subscribe to and participate in the plan so approved.

The plan of operation shall provide for, among other matters, (i) the establishment of necessary facilities; (ii) the management of the Facility; (iii) the preliminary assessment of all members for initial expenses necessary to commence operations; (iv) the assessment of members if necessary to defray losses and expenses; (v) the distribution of gains to defray losses incurred since September 1, 1977; (vi) the distribution of gains by credit or reduction of recoupment or allocation surcharges to policies subject to recoupment or allocation surcharges pursuant to this Article (the Facility may apportion the distribution of gains among the coverages eligible for cession pursuant to this Article); (vii) the recoupment or allocation of losses sustained by the Facility since September 1, 1977, pursuant to this Article, which losses may be recouped by equitable pro rata assessment of member companies; (viii) the standard amount (one hundred percent (100%) or any equitable lesser amount) of coverage afforded on eligible risks which a member company may cede to the Facility; and (ix) the procedure by which reinsurance shall be accepted by the Facility. The plan shall further provide that:

(1) Members of the Board of Governors shall receive reimbursement from the Facility for their actual and necessary expenses incurred on Facility business, en route to perform Facility business, and while returning from Facility business plus a per diem allowance of twenty-five dollars ($25.00) a day which may be waived.

(2) In order to obtain a transfer of business to the Facility effective when the binder or policy or renewal thereof first becomes effective, the company must within 30 days of the binding or policy effective date notify the Facility of the identification of the insured, the coverage and limits afforded, classification data, and premium. The Facility shall accept risks at other times on receipt of necessary information, but acceptance shall not be retroactive. The Facility shall accept renewal business after the member on underwriting review elects to again cede the business.

(f) The plan of operation shall provide that every member shall, following payment of any pro rata assessment, commence recoupment of that assessment by way of a surcharge on motor vehicle insurance policies issued by the member or through the Facility until the assessment has been recouped. Such surcharge shall be a percentage of premium adopted by the Board of Governors of the Facility; and the charges determined on the basis of the surcharge shall be combined with and displayed as a part of the applicable premium charges. Provided, however, that recoupment of losses sustained by the Facility since September 1, 1977, with respect to nonfleet private passenger motor vehicles may be recouped only by surcharging policies (i) that are subject to the classification plan promulgated pursuant to G.S. 58-36-65 and (ii) to which one or more driving record points have been assigned pursuant to said plan, subject to the provisions of G.S. 58-36-75. If the amount collected during the period of surcharge exceeds assessments paid by the member to the Facility, the member shall pay over the excess to the Facility on a date specified by the Board of Governors. If the amount collected during the period of surcharge is less than the assessments paid by the member to the Facility, the Facility shall pay the difference to the member. Except as hereinafter provided, the amount of recoupment shall not be considered or treated as a rate or premium for any purpose. The Board of Governors shall adopt and implement a plan for compensation of agents of Facility members when recoupment surcharges are imposed; such compensation shall not exceed the compensation or commission rate normally paid to the agent for the issuance or renewal of the automobile liability policy issued through the North Carolina Reinsurance Facility affected by such surcharge; provided, however, that the surcharge provided for in this section shall include an amount necessary to recover the amount of the assessment to member companies and the compensation paid by each member, pursuant to this section, to agents.

(g) The plan of operation shall provide that all investment income from the premium on business reinsured by the Facility shall be retained by or paid over to the Facility. In determining the cost of operation of the Facility, all investment income shall be taken into consideration.

(h) The plan of operation shall provide for audit of the annual statement of the Facility by independent auditor approved by the Legislative Services Commission.

(i) The Facility shall file with the Commissioner revisions in the Facility plan of operation for his approval or modification. Such revisions shall be made for the purpose of revising the classification and rating plans for other than nonfleet private passenger motor vehicle insurance ceded to the Facility. (1973, c. 818, s. 1; 1975, c. 19, s. 18; 1977, c. 828, ss. 20, 21; 1981, c. 590; c. 916, ss. 2, 3; 1985 (Reg. Sess., 1986), c. 1027, s. 34; 1987, c. 869, s. 5(1)—5(3); 1989, c. 424, s. 1; 1991, c. 720, s. 4; 1995, c. 517, s. 24.)

Editor's Note. — Session Laws 1995, c. 517, s. 41, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective July 29, 1995, in subsection (e) rewrote the second paragraph preceding subdivision (1), and made stylistic changes.

b. A motor vehicle that is a pickup truck or van that is owned by an individual or by husband and wife or individuals who are residents of the same household if it:

1. Has a gross vehicle weight as specified by the manufacturer of less than 10,000 pounds; and

to the insured's business of installing, maintaining, or repairing furnishings or equipment, or (ii) for farming or ranching.

Such vehicles owned by a family farm copartnership or a family farm corporation shall be considered owned by an individual for the purposes of this section; or

c. A motorcycle, motorized scooter or other similar motorized vehicle not used for commercial purposes.

(2) "Nonfleet" motor vehicle means a motor vehicle not eligible for classification as a fleet vehicle for the reason that the motor vehicle is:

b. One of five or more private passenger motor vehicles owned or hired under a long-term contract:

1. By an individual who is a policy named insured;

Editor's Note. — Session Laws 1995, c. 517, s. 41, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective October 1, 1995, rewrote subdivision (2).

CASE NOTES

"Nonfleet." — Fire vehicles listed in policy were private passenger vehicles not used in insured's business and hence "nonfleet" vehicles to which the exception to intrapolicy stacking of § 20-279.21(b)(4) as it read prior to 1991 did not apply. McCaskill v. Pennsylvania Nat'l Mut. Cas. Ins. Co., 118 N.C. App. 320, 454 S.E.2d 842 (1995).

§ 58-40-90. Examination of rating, joint underwriting, and joint reinsurance organizations.

The Commissioner shall, at least once every three years, make or cause to be made an examination of each rating organization licensed pursuant to G.S. 58-40-50 and each advisory organization licensed pursuant to G.S. 58-40-55. The Commissioner may, as often as deemed expedient, make or cause to be made, an examination of each group, association, or other organization referred to in G.S. 58-40-60. This examination shall relate only to the activities conducted pursuant to this Article and to the organizations licensed under this Article. The officers, manager, agents and employees of any such organization may be examined at any time under oath and shall exhibit all books, records, account, documents or agreements governing its method of operation. In lieu of any such examination, the Commissioner may accept the report of an examination made by the insurance advisory official of another state, pursuant to the laws of that state. (1977, c. 828, s. 2; 1995, c. 360, s. 2(b).)

Effect of Amendments. — The 1995 amendment, effective July 1, 1995, made the section gender neutral, deleted the former fourth sentence which read "The reasonable cost of any such examination shall be paid by the organization examined upon presentation to it of a detailed account of such cost", and made stylistic changes throughout the section.

ARTICLE 41.

Insurance Regulatory Reform Act.

§ 58-41-50. Policy form and rate filings; punitive damages; data required to support filings.

(a) With the exception of inland marine insurance that is not written according to manual rates and rating plans, all policy forms must be filed with and either approved by the Commissioner or 90 days have elapsed and he has not disapproved the form before they may be used in this State. With respect to liability insurance policy forms, an insurer may exclude or limit coverage for punitive damages awarded against its insured.

(b) With the exception of inland marine insurance that is not written according to manual rates and rating plans, all rates or prospective loss cost multipliers by licensed fire and casualty companies or their designated rating organizations must be filed with the Commissioner at least 60 days before they may be used in this State. Any filing may become effective on a date earlier than that specified in this subsection upon agreement between the Commissioner and the filer.

(c) A filing that does not include the statistical and rating information required by subsections (d) and (e) of this section is not a proper filing, and will be returned to the filing insurer or organization. The filer may then remedy the defects in the filing. An otherwise defective filing thus remedied shall be deemed to be a proper filing, except that all periods of time specified in this Article will run from the date the Commissioner receives additional or amended documents necessary to remedy all material defects in the filing.

(d) The following information must be included in each policy form, rule, and rate filing:

(1) A detailed list of the rates, rules, and policy forms filed, accompanied by a list of those superseded; and

(2) A detailed description, properly referenced, of all changes in policy forms, rules, and rates, including the effect of each change.

(e) Each policy form, rule, and rate filing that is based on statistical data must be accompanied by the following properly identified information:

(1) North Carolina earned premiums at the actual and current rate level; losses and loss adjustment expenses, each on paid and incurred bases without trending or other modification for the experience period, including the loss ratio anticipated at the time the rates were promulgated for the experience period;

(2) Credibility factor development and application;

(3) Loss development factor derivation and application on both paid and incurred bases and in both numbers and dollars of claims;

(4) Trending factor development and application;
(5) Changes in premium base resulting from rating exposure trends;
(6) Limiting factor development and application;
(7) Overhead expense development and application of commission and brokerage, other acquisition expenses, general expenses, taxes, licenses, and fees;
(8) Percent rate change;
(9) Final proposed rates;
(10) Investment earnings, consisting of investment income and realized plus unrealized capital gains, from loss, loss expense, and unearned premium reserves;
(11) Identification of applicable statistical plans and programs and a certification of compliance with them;
(12) Investment earnings on capital and surplus;
(13) Level of capital and surplus needed to support premium writings without endangering the solvency of the company or companies involved; and
(14) Such other information that may be required by any rule adopted by the Commissioner.

Provided, however, that no filing may be returned or disapproved on the grounds that such information has not been furnished if the filer has not been required to collect such information pursuant to statistical plans or programs or to report such information to statistical agents, except where the Commissioner has given reasonable prior notice to the filer to begin collecting and reporting such information or except when the information is readily available to the filer.

(f) It is unlawful for an insurer to charge or collect, or attempt to charge or collect, any premium for insurance except in accordance with filings made with the Commissioner under this section and Article 40 of this Chapter.

(g) An insurer subject to this Article may develop and use an individual form or rate as a result of the uniqueness of a particular risk. The form or rate shall be developed, filed, and used in accordance with rules adopted by the Commissioner. (1985 (Reg. Sess., 1986), c. 1027, s. 14; 1987, c. 441, ss. 7, 9, 10; 1991, c. 644, s. 4; 1995, c. 193, s. 37.)

Editor's Note. — Session Laws 1995, c. 193, s. 67 contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective June 7, 1995, inserted "or prospective loss cost multipliers" following "all rates" in the first sentence of subsection (b).

ARTICLE 45.

Essential Property Insurance for Beach Area Property.

§ 58-45-35. Persons eligible to apply to Association for coverage; contents of application.

(a) Any person having an insurable interest in insurable property, may, on or after the effective date of the plan of operation, be entitled to apply to the Association for such coverage and for an inspection of the property. A broker or agent authorized by the applicant may apply on the applicant's behalf. Each application shall contain a statement as to whether or not there are any unpaid premiums due from the applicant for essential property insurance on the property.

The term "insurable interest" as used in this subsection shall include any lawful and substantial economic interest in the safety or preservation of property from loss, destruction or pecuniary damage.

(b) If the Association determines that the property is insurable and that there is no unpaid premium due from the applicant for prior insurance on the property, the Association, upon receipt of the premium, or part of the premium, as is prescribed in the plan of operation, shall cause to be issued a policy of essential property insurance and shall offer additional extended coverage, optional perils endorsements, crime insurance, separate policies of windstorm and hail insurance, or their successor forms of coverage, for a term of one year or three years. Any policy issued under this section shall be renewed, upon application, as long as the property is insurable property.

(c) If the Association, for any reason, denies an application and refuses to cause to be issued an insurance policy on insurable property to any applicant or takes no action on an application within the time prescribed in the plan of operation, the applicant may appeal to the Commissioner and the Commissioner, or the Commissioner's designee from the Commissioner's staff, after reviewing the facts, may direct the Association to issue or cause to be issued an insurance policy to the applicant. In carrying out the Commissioner's duties under this section, the Commissioner may request, and the Association shall provide, any information the Commissioner deems necessary to a determination concerning the reason for the denial or delay of the application.

(d) An agent who is licensed under Article 33 of this Chapter as an agent of a company which is a member of the Association established under this Article shall not be deemed an agent of the Association.

(e) Policies of windstorm and hail insurance provided for in subsection (b) of this section are available only for risks for which essential property insurance has been written by licensed insurers. Whenever such other essential property insurance written by licensed insurers includes replacement cost coverage, the Association shall also offer replacement cost coverage. In order to be eligible for a policy of windstorm and hail insurance, the applicant shall provide the Association, along with the premium payment for the windstorm and hail insurance, a certificate that the essential property insurance is in force. The policy forms for windstorm and hail insurance shall be filed by the Association with the Commissioner for his approval before they may be used. § 58-48-20. Definitions.

CASE NOTES

Subrogation and Contribution. — Because subrogation and contribution are contractual or tort based forms of remedies and equitable subrogation is a judicially imposed remedy grounded in equity, the phrase "or otherwise" as used in subsection (4) does not encompass the purely equitable remedy. North Carolina Ins. Guar. Ass'n v. Century Indem. Co., 115 N.C. App. 175, 444 S.E.2d 464, cert. denied, 337 N.C. 696, 448 S.E.2d 532 (1994).

Quoted in Hales v. North Carolina Ins. Guar. Ass'n, 337 N.C. 329, 445 S.E.2d 590 (1994).

§ 58-48-35. Powers and duties of the Association.

CASE NOTES

The General Assembly did not intend for the term "subrogation" to encompass equitable subrogation, particularly in a context in which plaintiff failed to fulfill its statutory obligation under subdivision (a)(1), based upon its misreading of the insurance contract. North Carolina Ins. Guar. Ass'n v. Century Indem. Co., 115 N.C. App. 175, 444 S.E.2d 464, cert. denied, 337 N.C. 696, 448 S.E.2d 532 (1994).

Police Power of Commissioner — Where, in order to determine which claims to pursue and which to abandon, it was necessary for the Commissioner and the Association to review plaintiff's claim files, the Commissioner seeking custody of the files was well within the usual scope of police power activity conducted to protect the general welfare. Eastern Appraisal Servs., Inc. v. State, 118 N.C. App. 692, 457 S.E.2d 312 (1995).

Defendant's Umbrella Coverage Did Not "Drop Down" to Primary Coverage. — Where there was no ambiguity as to the term "amount recoverable" or as to the scope of coverage and the primary insurer's insolvency did not constitute an occurrence as that term was defined in the policy, defendant's umbrella coverage did not "drop down" to become primary coverage. North Carolina Ins. Guar. Ass'n v. Century Indem. Co., 115 N.C. App. 175, 444 S.E.2d 464, cert. denied, 337 N.C. 696, 448 S.E.2d 532 (1994).

Defendant insurer was entitled to be paid by the association an amount up to the statutory cap, as stated in subdivision (a)(1). North Carolina Ins. Guar. Ass'n v. Century Indem. Co., 115 N.C. App. 175, 444 S.E.2d 464, cert. denied, 337 N.C. 696, 448 S.E.2d 532 (1994).

§ 58-48-60. Prevention of insolvencies.

(a) Repealed by Session Laws 1989, c. 206, s. 7.

(b) To aid in the detection and prevention of insurer insolvencies, the board of directors may, upon majority vote, request that the Commissioner order an examination of any member insurer which the board in good faith believes may be in a financial condition hazardous to the policyholders or the public. Within 30 days of the receipt of such request, the Commissioner shall begin such examination. The examination may be conducted as an NAIC examination or may be conducted by such persons as the Commissioner designates. The examination report shall be treated as are other examination reports. In no event shall such examination report be released to the board of directors prior to its release to the public, but this shall not preclude the Commissioner from complying with subsection (c) below. The Commissioner shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the Commissioner but it shall not be open to public inspection prior to the release of the examination report to the public.

(c) It shall be the duty of the Commissioner to report to the board of directors when he has reasonable cause to believe that any member insurer examined or being examined at the request of the board of directors may be insolvent or in a financial condition hazardous to the policyholders or the public.

(d) The board of directors may, upon majority vote, make reports and recommendations to the Commissioner upon any matter germane to the solvency, liquidation, rehabilitation or conservation of any member insurer. Such reports and recommendations shall not be considered public documents.

(e) The board of directors may, upon majority vote, make recommendations to the Commissioner for the detection and prevention of insurer insolvencies.

(f) The board of directors may, at the conclusion of any domestic insurer insolvency in which the Association was obligated to pay covered claims, prepare a report on the history and causes of such insolvency, based on the information available to the Association, and submit such report to the Commissioner. (1971, c. 670, s. 1; 1989, c. 206, s. 7; 1991, c. 720, s. 27; 1995, c. 360, s. 2(j).)

Effect of Amendments. — The 1995 amendment, effective July 1, 1995, deleted "The cost of such examination shall be paid by the Association and" from the beginning of the fourth sentence in subsection (b).

Article 49.

Determination of Jurisdiction Over Providers of Health Care Benefits; Regulation of Multiple Employer Welfare Arrangements.

§ 58-49-5. Authority and jurisdiction of Commissioner.

(1985, c. 304, s. 1; 1993 (Reg. Sess., 1994), c. 569, s. 2; 1995, c. 193, s. 40.)

Editor's Note. — Session Laws 1995, c. 193, s. 67 contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective June 7, 1995, deleted "exclusive" preceding "jurisdiction of the Commissioner", inserted "exclusive" preceding "jurisdiction of another agency", and made two stylistic changes.

The 1995 amendment, effective June 7, 1995, substituted "G.S. 58-51-5(5) and

G.S. 58-51-15(a)(1), (4), and (10)" for "Articles 50 through 55 of this Chapter contained in subdivision (5) of G.S. 58-51-5, and clauses (2), (3), (8), and (12) of G.S. 58-251" in subsection (d).

§ 58-50-130. Required health care plan provisions.

(a) Health benefit plans covering small employers are subject to the following provisions:

(1) Except in the case of a late enrollee, any preexisting-conditions provision may not limit or exclude coverage for a period beyond 12 months following the insured's initial effective date of coverage and must define preexisting conditions as "those conditions for which medical advice or treatment was received or recommended or that could be medically documented within the 12-month period immediately preceding the effective date of the person's coverage".

(2) In determining whether a preexisting-conditions provision applies to an eligible employee or to a dependent, all health benefit plans shall credit the time the person was covered under a previous group health benefit plan if the previous coverage was continuous to a date not more than 60 days before the effective date of the new coverage, exclusive of any applicable waiting period under the plan. As used in this subdivision with respect to previous coverage, "health benefit plan" is not limited to plans subject to this act under G.S. 58-50-115.

(3) The health benefit plan is renewable with respect to all eligible employees or dependents at the option of the policyholder or contract holder except:

  a. For nonpayment of the required premiums by the policyholder or contract holder;

  b. For fraud or misrepresentation of the policyholder or contract holder or, with respect to coverage of individual enrollees, the enrollees, or their representatives;

  c. For noncompliance with plan provisions that have been approved by the Commissioner;

  d. When the number of enrollees covered under the plan is less than the number of insureds or percentage of enrollees required by participation requirements under the plan; or

  e. When the policyholder or contract holder is no longer actively engaged in the business in which it was engaged on the effective date of the plan.

  f. When the small employer carrier stops writing new business in the small employer market, if:

    1. It provides notice to the Department and either to the policyholder, contract holder, or employer, of its decision to stop writing new business in the small employer market; and

    2. It does not cancel health benefit plans subject to this Act for 180 days after the date of the notice required under paragraph 1; and for that business of the carrier that remains in force, the carrier shall continue to be governed by this Act with respect to business conducted under this Act.

A small employer carrier that stops writing new business in the small employer market in this State after January 1, 1992, shall be prohibited from writing new business in the small employer market in this State for a period of five years from the date of notice to the Commissioner. In the case of an HMO doing business in the small employer market in one service area of this State, the rules set forth in this subdivision shall apply to the HMO's operations in the service area, unless the provisions of G.S. 58-50-125(g) apply.

(4) Late enrollees may be excluded from coverage for the greater of 18 months or an 18-month preexisting-condition exclusion; however, if both a period of exclusion from coverage and a preexisting-condition exclusion are applicable to a late enrollee, the combined period shall not exceed 18 months. If a period of exclusion from coverage is applied, a late enrollee shall be enrolled at the end of such period in the health benefit plan currently held by the small employer.

(4a) A carrier may continue to enforce reasonable employer participation and contribution requirements on small employers applying for coverage; however, participation and contribution requirements may vary among small employers only by the size of the small employer group and shall not differ because of the health benefit plan involved. In applying minimum participation requirements to a small employer, a small employer carrier shall not consider employees or dependents who have qualifying existing coverage in determining whether an applicable participation level is met. "Qualifying existing coverage" means benefits or coverage provided under: (i) Medicare, Medicaid, and other government funded programs; or (ii) an employer-based health insurance or health benefit arrangement, including a self-insured plan, that provides benefits similar to or in excess of benefits provided under the basic health care plan. An accountable health carrier shall not enforce participation or contribution requirements on member small employers, as defined in G.S. 143-622(18), unless those requirements meet with the standards adopted by the State Health Plan Purchasing Alliance Board.

(5) Notwithstanding any other provision of this Chapter, no small employer carrier, insurer, subsidiary or an insurer, or controlled individual of an insurance holding company shall act as an administrator or claims paying agent, as opposed to an insurer, on behalf of small groups which, if they purchased insurance, would be subject to this section. No small employer carrier, insurer, subsidiary of an insurer, or controlled individual of an insurance holding company shall provide stop loss, catastrophic, or reinsurance coverage to small employers that does not comply with the underwriting, rating, and other applicable standards in this Act.

(6) If a small employer carrier offers coverage to a small employer, the small employer carrier shall offer coverage to all eligible employees of a small employer and their dependents. A small employer carrier shall not offer coverage to

only certain individuals in a small employer group except in the case of late enrollees as provided in G.S. 58-50-130(a)(4).

(7) A small employer carrier shall not modify any health benefit plan with respect to a small employer, any eligible employee, or dependent through riders, endorsements, or otherwise, in order to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

(8) In the case of an eligible employee or dependent of an eligible employee who was excluded from or denied coverage by a small employer carrier on or before August 14, 1992, the small employer carrier shall provide an opportunity for such eligible employee or dependent to enroll in the health benefit plan currently held by the small employer not later than the next plan anniversary on or after August 14, 1992.

(b) For all small employer health benefit plans that are subject to this section, premium rates for health benefit plans subject to this section are subject to the following provisions:

(1) Small employer carriers shall use an adjusted- community rating methodology in which the premium for each small employer can vary only on the basis of the eligible employee's or dependent's age as determined in accordance with subdivision (6) of this subsection, the gender of the eligible employee or dependent, number of family members covered, or geographic area as determined under subdivision (7) of this subsection. Premium rates charged during a rating period to small employers with similar case characteristics for same coverage shall not vary from the adjusted community rate by more than twenty percent (20%) for any reason, including differences in administrative costs and claims experience.

(2) Rating factors related to age, gender, number of family members covered, or geographic location may be developed by each carrier to reflect the carrier's experience. The factors used by carriers are subject to the Commissioner's review;

(3) Small employer carriers shall not modify the rate for a small employer for 12 months from the initial issue date or renewal date, unless the group is composite rated and composition of the group changed by twenty percent (20%) or more or benefits are changed. The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

a. The percentage change in the adjusted community rate as measured from the first day of the prior rating period to the first day of the new rating period, and

b. Any adjustment, not to exceed fifteen percent (15%) annually, due to claim experience, health status, or duration of coverage of the employees or dependents of the small employer, and

c. Any adjustment because of change in coverage or change in case characteristics of the small employer group.

(4), (5) Repealed by Session Laws 1995, c. 238, s. 1, effective June 13, 1995.

(6) For the purposes of subsection (b) of this section, a small employer carrier shall, unless the employer uses composite rating, use the following age brackets:
a. Younger than 15 years;
b. 15 to 19 years;
c. 20 to 24 years;
d. 25 to 29 years;
e. 30 to 34 years;
f. 35 to 39 years;
g. 40 to 44 years;
h. 45 to 49 years;
i. 50 to 54 years;
j. 55 to 59 years;
k. 60 to 64 years;
l. 65 years.
Carriers may combine, but shall not split, complete age brackets for the purposes of determining rates under subsection (b) of this section. Small employer carriers shall be permitted to develop separate rates for individuals aged 65 years and older for coverage for which Medicare is the primary payor and coverage for which Medicare is not the primary payor.

(7) For the purposes of subsection (b) of this section, a carrier shall not apply different geographic rating factors to the rates of small employers located within the same county; and

(8) The Department may adopt rules to administer this subsection and to assure that rating practices used by small employer carriers are consistent with the purposes of this subsection. Those rules shall include consideration of differences based on the following:
a. Health benefit plans that use different provider network arrangements may be considered separate plans for the purposes of determining the rating in subdivision (1) of this subsection, provided that the different arrangements are expected to result in substantial differences in claims costs;
b. Except as provided for in sub-subdivision a. of this subdivision, differences in rates charged for different health benefit plans shall be reasonable and reflect objective differences in plan design, but shall not permit differences in premium rates because of the case characteristics of groups assumed to select particular health benefit plans; and
c. Small employer carriers shall apply allowable rating factors consistently with respect to all small employers.

(c) Repealed by Session Laws 1993, c. 529, s. 3.7, effective January 1, 1995.

(d) In connection with the offering for sale of any health benefit plan to a small employer, each small employer carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of:

(1) Repealed by Session Laws 1993, c. 529, s. 3.7, effective January 1, 1995.

(2) Provisions concerning the small employer carrier's right to change premium rates and the factors other than claims experience that affect changes in premium rates.

(3) Provisions relating to renewability of policies and contracts.

(4) Provisions affecting any preexisting conditions provision.

(e) Each small employer carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

(f) Each small employer carrier shall file with the Commissioner annually on or before March 15 an actuarial certification certifying that it is in compliance with this Act and that its rating methods are actuarially sound. The small employer carrier shall retain a copy of the certification at its principal place of business.

(g) A small employer carrier shall make the information and documentation described in subsection (e) of this section available to the Commissioner upon request. Except in cases of violations of this Act, the information is proprietary and trade secret information and is not subject to disclosure by the Commissioner to persons outside of the Department except as agreed to by the small employer carrier or as ordered by a court of competent jurisdiction.

(h) The provisions of subdivisions (a)(1), (3), and (5) and subsections (b) through (g) of this section apply to health benefit plans delivered, issued for delivery, renewed, or continued in this State or covering persons residing in this State on or after January 1, 1992. The provisions of subdivisions (a)(2) and (4) of this section apply to health benefit plans delivered, issued for delivery, renewed, or continued in this State or covering persons residing in this State on or after the date the plan becomes operational, as designated by the Commissioner. For purposes of this subsection, the date a health benefit plan is continued is the anniversary date of the issuance of the health benefit plan. Article 51.

Nature of Policies.

§ 58-51-15. Accident and health policy provisions.

(a) Required Provisions. — Except as provided in subsection (c) of this section each such policy delivered or issued for delivery to any person in this State shall contain the provisions specified in this subsection in the substance of the words that appear in this section. Such provisions shall be preceded individually by the caption appearing in this subsection or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the Commissioner may approve.

(1) A provision in the substance of the following language:

ENTIRE CONTRACT; CHANGES: This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this policy or waive any of its provisions.

(2) A provision in the substance of the following language:

TIME LIMIT ON CERTAIN DEFENSES:

a. After two years from the date of issue or reinstatement of this policy no misstatements except fraudulent misstatements made by the applicant in the application for such policy shall be used to void the policy or deny a claim for loss incurred or disability (as defined in the policy) commencing after the expiration of such two-year period.

The foregoing policy provisions may be used in its entirety only in major or catastrophe hospitalization policies and major medical policies each affording benefits of five thousand dollars ($5,000) or more for any one sickness or injury. Disability income policies affording benefits of one hundred dollars ($100.00) or more per month for not less than 12 months and franchise policies. Other policies to which this section applies must delete the words "except fraudulent misstatements."

(The foregoing policy provision shall not be so construed as to affect any legal requirement for avoidance of a policy or denial of a claim during such initial two-year period, nor to limit the application of G.S. 58-51-15(b), (1), (2), (3), (4) and (5) in the event of misstatement with respect to age or occupation or other insurance.)

(A policy which the insured has the right to continue in force subject to its terms by the timely payment of premium:

1. Until at least age 50 or,
2. In the case of a policy issued after age 44, for at least five years from its date of issue, may contain in lieu of the foregoing the following provisions (from which the clause in parentheses may be omitted at the insurer's option) under the caption "INCONTESTABLE."

After this policy has been in force for a period of two years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application.)

b. This policy contains a provision limiting coverage for preexisting conditions. Preexisting conditions must be covered no later than one year after the effective date of coverage. Preexisting conditions are defined as "those conditions for which medical advice or treatment was received or recommended or that could be medically documented within the one-year period immediately preceding the effective date of the person's coverage." Preexisting conditions exclusions may not be implemented by any successor plan as to any covered persons who have already met all or part of the waiting period requirements under any previous plan. Credit must be given for that portion of the waiting period that was met under the previous plan. As used in this policy, the term "previous plan" includes any health benefit plan provided by a health insurer, as those terms are defined in G.S. 58-51-115, or any government plan or program providing health benefits or health care. In determining whether a preexisting condition provision applies to an insured person, all health benefit plans must credit the time the person was covered under a previous plan if the previous plan's coverage was continuos to a date not more than 60 days before the effective date of the new coverage, exclusive of any applicable waiting period under the new coverage.

(3) A provision in the substance of the following language:

GRACE PERIOD: A grace period of ....(insert a number not less than "7" for weekly premium policies, "10" for monthly premium policies and "31" for all other policies) days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force.

(A policy which contains a cancellation provision may add, at the end of the above provision, subject to the right of the insurer to cancel in accordance with the cancellation provision hereof.

A policy in which the insurer reserves the right to refuse any renewal shall have, at the beginning of the above provision, Unless not less than five days prior to the premium due date the insurer has delivered to the insured or has mailed to his last address as shown by the record of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted.)

(4) A provision in the substance of the following language:

REINSTATEMENT: If any renewal premium be not paid within the time granted the insured for payment, a subsequent acceptance of premium by the insurer or by any agent duly authorized by the insurer to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy; provided, however, that if the insurer or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by the insurer, or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the insurer has previously notified the insured in writing of its disapproval of such application. The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than 10 days after such date. In all other respects the insured and insurer shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than 60 days prior to the date of reinstatement.

(The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums:

a. Until at least age 50 or,

b. In the case of a policy issued after age 44, for at least five years from its date of issue.)

(5) A provision in the substance of the following language:

NOTICE OF CLAIM: Written notice of claim must be given to the insurer within 20 days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the beneficiary to the insurer at .... (insert the location of such office as the insurer may designate for the purpose), or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer.

(In a policy providing a loss-of-time benefit which may be payable for at least two years, an insurer may at its option insert the following between the first and second sentences of the above provision:

Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for which indemnity may be payable for at least two years, he shall, at least once in every six months after having given notice of claim, give to the insurer notice of continuance of said disability, except in the event of legal incapacity. The period of six months following any filing of proof by the insured or any payment by the insurer on account of such claim or any denial of liability in whole or in part by the insurer shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured's right to any indemnity which would otherwise have accrued during the period of six months preceding the date on which such notice is actually given.)

(6) A provision in the substance of the following language:

CLAIM FORMS: The insurer, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss. If such forms are not furnished within 15 days after the giving of such notice the claimant shall be deemed to have complied with the requirements of this policy as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character and the extent of the loss for which claim is made.

(7) A provision in the substance of the following language:

PROOFS OF LOSS: Written proof of loss must be furnished to the insurer at its said office in case of claim for loss for which this policy provides any periodic payment contingent upon continuing loss within 90 days after the termination of the period for which the insurer is liable and in case of claim for any other loss within 90 days after the date of such loss. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

(8) A provision in the substance of the following language:

TIME OF PAYMENT OF CLAIMS: Indemnities payable under this policy for any loss other than loss for which this policy provides any period payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this policy provides periodic payment will be paid ...... (insert period for payment which must not be less frequently than monthly) and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

(9) A provision in the substance of the following language:

PAYMENT OF CLAIMS: Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the insured. Any other accrued indemnities unpaid at the insured's death may, at the option of the insurer, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the insured.

(The following provisions, or either of them, may be included with the foregoing provision at the option of the insurer:

If any indemnity of this policy shall be payable to the estate of the insured, or to an insured or beneficiary who is a minor or otherwise not competent to give a valid release, the insurer may pay such indemnity, up to an amount not exceeding $........ (insert an amount which shall not exceed three thousand dollars ($3,000)), to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by the insurer to be equitably entitled thereto. Any payment made by the insurer in good faith pursuant to this provision shall fully discharge the insurer to the extent of such payment.

Subject to any written direction of the insured in the application or otherwise all or a portion of any indemnities provided by this policy on account of hospital, nursing, medical, or surgical services, may at the insurer's option and unless the insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the hospital or person rendering such services; but it is not required that the service be rendered by a particular hospital or person.)

(10) A provision in the substance of the following language:

PHYSICAL EXAMINATIONS AND AUTOPSY: The insurer at its own expense shall have the right and opportunity to examine the person of the insured when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death where it is not forbidden by law.

(11) A provision in the substance of the following language:

LEGAL ACTIONS: No action at law or in equity shall be brought to recover on this policy prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of three years after the time written proof of loss is required to be furnished.

(12) A provision in the substance of the following language:

CHANGE OF BENEFICIARY: Unless the insured makes an irrevocable designation of beneficiary, the right to change of beneficiary is reserved to the insured and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this policy or to any change of beneficiary or beneficiaries, or to any other changes in this policy.

(The first clause of this provision, relating to the irrevocable designation of beneficiary, may be omitted at the insurer's option.)

(b) Other Provisions. — Except as provided in subsection (c) of this section, no such policy delivered or issued for delivery to any person in this State shall contain provisions respecting the matters set forth below unless such provisions are in the substance of the words that appear in this section. Any such provision contained in the policy shall be preceded individually by the appropriate caption appearing in this subsection or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the Commissioner may approve.

(1) A provision in the substance of the following language:

CHANGE OF OCCUPATION: If the insured be injured or contract sickness after having changed his occupation to one classified by the insurer as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this policy as the premium paid would have purchased at the rates and within the limits fixed by the insurer for such more hazardous occupation. If the insured changes his occupation to one classified by the insurer as less hazardous than that stated in this policy, the insurer, upon receipt of proof of such change of occupation, will reduce the premium rate accordingly, and will return the excess pro rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding receipt of such proof, whichever is the more recent. In applying this provision, the classification of occupational risk and the premium rates shall be such as have been last filed by the insurer prior to the occurrence of the loss for which the insurer is liable or prior to date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time this policy was issued; but if such filing was not required, then the classification of occupational risk and the premium rates shall be those last made effective by the insurer in such state prior to the occurrence of the loss or prior to the date of proof of change in occupation.

(2) A provision in the substance of the following language:

MISSTATEMENT OF AGE: If the age of the insured has been misstated, all amounts payable under this policy shall be such as the premium paid would have purchased at the correct age.

(3) A provision in the substance of the following language:

OTHER INSURANCE IN THIS INSURER: If an accident or health or accident and health policy or policies previously issued by the insurer to the insured be in force concurrently herewith, making the aggregate indemnity for .... (insert type of coverage or coverages) in excess of $........ (insert maximum limit of indemnity or indemnities) the excess insurance shall be void and all premiums paid for such excess shall be returned to the insured or to his estate.

Or, in lieu thereof:

Insurance effective at any one time on the insured under a like policy or policies in this insurer is limited to the one such policy elected by the insured, his beneficiary or his estate, as the case may be, and the insurer will return all premiums paid for all other such policies.

(4) A provision in the substance of the following language:

INSURANCE WITH OTHER INSURERS: If there be other valid coverage, not with this insurer, providing benefits for the same loss on a provision of service basis or on an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability under any expense incurred coverage of this policy shall be for such proportion of the loss as the amount which would otherwise have been payable hereunder plus the total of the like amounts under all such other valid coverages for the same loss of which this insurer had notice bears to the total like amounts under all valid coverages for such loss, and for the return of such portion of the premiums paid as shall exceed the pro rata portion for the amount so determined. For the purpose of applying this provision when other coverage is on a provision of service basis, the "like amount" of such other coverage shall be taken as the amount which the services rendered would have cost in the absence of such coverage.

(If the foregoing policy provision is included in a policy which also contains the next following policy provision there shall be added to the caption of the foregoing provision the phrase "… EXPENSE INCURRED BENEFITS." The insurer may, at its option, include in this provision a definition of "other valid coverage," approved as to form by the Commissioner, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and by hospital or medical service organizations, and to any other coverage the inclusion of which may be approved by the Commissioner. In the absence of such definition such term shall not include group insurance, automobile medical payments insurance, or coverage provided by hospital or medical service organizations or by union welfare plans or employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provisions no third-party liability coverage shall be included as "other valid coverage.")

(5) A provision in the substance of the following language:

INSURANCE WITH OTHER INSURERS: If there be other valid coverage, not with this insurer, providing benefits for the same loss on other than an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability for such benefits under this policy shall be for such proportion of the indemnities otherwise provided hereunder for such loss as the like indemnities of which the insurer had notice (including the indemnities under this policy) bear to the total amount of all like indemnities for such loss, and for the return of such portion of the premium paid as shall exceed the pro rata portion for the indemnities thus determined.

(If the foregoing policy provision is included in a policy which also contains the next preceding policy provision there shall be added to the caption of the foregoing provision the phrase "... OTHER BENEFITS." The insurer may, at its option, include in this provision a definition of "other valid coverage," approved as to form by the Commissioner, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and to any other coverage the inclusion of which may be approved by the Commissioner. In the absence of such definition such term shall not include group insurance, or benefits provided by union welfare plans or by employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision no third-party liability coverage shall be included as "other valid coverage.")

(6) A provision in the substance of the following language:

RELATION OF EARNINGS TO INSURANCE: If the total monthly amount of loss of time benefits promised for the same loss under all valid loss of time coverage upon the insured, whether payable on a weekly or monthly basis, shall exceed the monthly earnings of the insured at the time disability commenced or his average monthly earnings for the period of two years immediately preceding a disability for which claim is made, whichever is the greater, the insurer will be liable only for such proportionate amount of such benefits under this policy as the amount of such monthly earnings or such average monthly earnings of the insured bears to the total amount of monthly benefits for the same loss under all such coverage upon the insured at the time such disability commences and for the return of such part of the premiums paid during such two years as shall exceed the pro rata amount of the premiums for the benefits actually paid hereunder; but this shall not operate to reduce the total monthly amount of benefits payable under all such coverage upon the insured below the sum of two hundred dollars ($200.00) or the sum of the monthly benefits specified in such coverages, whichever is the lesser, nor shall it operate to reduce benefits other than those payable for loss of time.

(The foregoing policy provision may be inserted only in a policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums:

a. Until at least age 50 or,
b. In the case of a policy issued after age 44, for at least five years from its date of issue.

The insurer may, at its option, include in this provision a definition of "valid loss of time coverage," approved as to form by the Commissioner, which definition shall be limited in subject matter to coverage provided by governmental agencies or by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, or to any other coverage the inclusion of which may be approved by the Commissioner or any combination of such coverages. In the absence of such definition such term shall not include any coverage provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute), or benefits provided by union welfare plans or by employer or employee benefit organizations.)

(7) A provision in the substance of the following language:

UNPAID PREMIUM: Upon the payment of a claim under this policy, any premium then due and unpaid or covered by any note or written order may be deducted therefrom.

(8) Repealed by Session Laws 1955, c. 886, s. 1.

(9) A provision in the substance of the following language:

CONFORMITY WITH STATE STATUTES: Any provision of this policy which, on its effective date, is in conflict with the statutes of the state in which the insured resides on such date is hereby amended to conform to the minimum requirements of such statutes.

(10) A provision in the substance of the following language:

ILLEGAL OCCUPATION: The insurer shall not be liable for any loss to which a contributing cause was the insured's commission of or attempt to commit a felony or to which a contributing cause was the insured's being engaged in an illegal occupation.

(11) A provision in the substance of the following language:

INTOXICANTS AND NARCOTICS: Except for the payment of benefits for the necessary care and treatment of chemical dependency as provided by law, the insurer shall not be liable for any loss sustained or contracted in consequence of the insured's being intoxicated or under the influence of any narcotic unless administered on the advice of a physician.

(c) Inapplicable or Inconsistent Provisions. — If any provision of this section is in whole or in part inapplicable to or inconsistent with the coverage provided by a particular form of policy the insurer, with the approval of the Commissioner, shall omit from such policy any inapplicable provision or part of a provision, and shall modify any inconsistent provision or part of the provision in such manner as to make the provision as contained in the policy consistent with the coverage provided by the policy.

(d) Order of Certain Policy Provisions. — The provisions which are the subject of subsections (a) and (b) of this section, or any corresponding provisions which are used in lieu thereof in accordance with such subsections, shall be printed in the consecutive order of the provisions in such subsections or, at the option of the insurer, any such provision may appear as a unit in any part of the policy, with other provisions to which it may be logically related, provided the resulting policy shall not be in whole or in part unintelligible, uncertain, ambiguous, abstruse, or likely to mislead a person to whom the policy is offered, delivered or issued.

(e) Third-Party Ownership. — The word "insured," as used in Articles 50 through 55 of this Chapter shall not be construed as preventing a person other than the insured with a proper insurable interest from making application for and owning a policy covering the insured or from being entitled under such a policy to any indemnities, benefits and rights provided therein.

(f) Requirements of Other Jurisdictions.

(1) Any policy of a foreign or alien insurer, when delivered or issued for delivery to any person in this State, may contain any provision which is not less favorable to the insured or the beneficiary than the provisions of Articles 50 through 55 of this Chapter and which is prescribed or required by the law of the state under which the insurer is organized.

(2) Any policy of a domestic insurer may, when issued for delivery in any other state or country, contain any provision permitted or required by the laws of such other state or country.

(g) Filing Procedure. — The Commissioner may make such reasonable rules and regulations concerning the procedure for the filing or submission of policies subject to Articles 50 through 55 of this Chapter as are necessary, proper or advisable to the administration of Articles 50 through 55 of this Chapter. This provision shall not abridge any other authority granted the Commissioner by law. (1953, c. 1095, s. 2; 1955, c. 850, s. 8; c. 886, s. 1; 1961, c. 432; 1979, c. 755, ss. 9-12; 1983 (Reg. Effect of Amendments. — The 1995 amendment, effective July 1, 1995, rewrote subdivision (a)(2)b.

§ 58-51-38. Direct access to obstetrician-gynecologists.

(a) Each health benefit plan shall allow each female plan participant or beneficiary age 13 or older direct access within the health benefit plan, without prior referral, to the health care services of an obstetrician-gynecologist participating in the health benefit plan, within the benefits provided under that health benefit plan pertaining to obstetrician-gynecologist services.

For purposes of this section:

(1) "Health benefit plan" means an HMO subscriber contract or any preferred provider, exclusive provider, or other managed care arrangement offered under a health benefit plan, as defined in G.S. 58- 50-110(11).

(2) "Health care services" means the full scope of medically necessary services provided by the participating obstetrician-gynecologist in the care of or related to the female reproductive system and breasts, and in performing annual screening, counseling, and immunization for disorders and diseases in accordance with the most current published recommendations of the American College of Obstetricians and Gynecologists, and includes services provided by nurse practitioners, physician's assistants, and certified nurse

midwives in collaboration with the obstetrician-gynecologist in the care of the participant or beneficiary.

(3) "Benefits" are those medical services or other items to which an individual is entitled under the terms of her contract with a health benefit plan, as approved by the Department of Insurance.

(b) Each health benefit plan shall inform female participants and beneficiaries in writing of the provisions of this section. The information shall be provided in benefit handbooks and materials and enrollment materials. (1995, c. 63, s. 1.)

Editor's Note. — Session Laws 1995, c. 63, s. 2, made this section effective January 1, 1996, and applicable to health benefit plans issued, renewed, or amended on or after that date. Section 2 further provided that for purposes of this section, renewal is presumed to occur on each anniversary of the date when coverage was first effective on the person or persons covered by the plan.

§ 58-51-80. Group accident and health insurance defined.

(a) Any policy or contract of insurance against death or injury resulting from accident or from accidental means which covers more than one person except blanket accident policies as defined in G.S. 58-51-75, shall be deemed a group accident insurance policy. Any policy or contract which insures against disablement, disease or sickness of the insured (excluding disablement which results from accident or from accidental means) and which covers more than one person, except blanket health insurance policies as defined in G.S. 58-51-75, shall be deemed a group health insurance policy or contract. Any policy or contract of insurance which combines the coverage of group accident insurance and of group health insurance shall be deemed a group accident and health insurance policy. No policy or contract of group accident, group health or group accident and health insurance, and no certificates thereunder, shall be delivered or issued for delivery in this State unless it conforms to the requirements of subsection (b).

(b) No policy or contract of group accident, group health or group accident and health insurance shall be delivered or issued for delivery in this State unless the group of persons thereby insured conforms to the requirements of the following subdivisions:

(1) Under a policy issued to an employer, principal, or to the trustee of a fund established by an employer or two or more employers in the same industry or kind of business, or by a principal or two or more principals in the same industry or kind of business, which employer, principal, or trustee shall be deemed the policyholder, covering, except as hereinafter provided, only employees, or agents, of any class or classes thereof determined by conditions pertaining to employment, or agency, for amounts of insurance based upon some plan which will preclude individual selection. The premium may be paid by the employer, by the employer and the employees jointly, or by the employee; and where the relationship of principal and agent exists, the premium may be paid by the principal, by the principal and agents, jointly, or by the agents. If the premium is paid by the employer and the employees jointly, or by the principal and

agents jointly, or by the employees, or by the agents, the group shall be structured on an actuarially sound basis.

(1a) Under a policy issued to an association or to a trust or to the trustee or trustees of a fund established, created, or maintained for the benefit of members of one or more associations. The association or associations shall have at the outset a minimum of 500 persons and shall have been organized and maintained in good faith for purposes other than that of obtaining insurance; shall have been in active existence for at least five years; and shall have a constitution and bylaws that provide that (i) the association or associations hold regular meetings not less than annually to further purposes of the members; (ii) except for credit unions, the association or associations collect dues or solicit contributions from members; and (iii) the members have voting privileges and representation on the governing board and committees. The policy is subject to the following requirements:

a. The policy may insure members of the association or associations, employees of the association or associations, or employees of members, or one or more of the preceding or all of any class or classes for the benefit of persons other than the employee's employer.

b. The premium for the policy shall be paid from funds contributed by the association or associations, or by employer members, or by both, or from funds contributed by the covered persons or from both the covered persons and the association, associations, or employer members.

c. A policy on which no part of the premium is to be derived from funds contributed by the covered persons specifically for their insurance must insure all eligible persons, except those who reject the coverage, in writing.

(2) For employer groups of 50 or more persons no evidence of individual insurability may be required at the time the person first becomes eligible for insurance or within 31 days thereafter except for any insurance supplemental to the basic coverage for which evidence of individual insurability may be required. With respect to trusteed groups the phrase "groups of 50" must be applied on a participating unit basis for the purpose of requiring individual evidence of insurability.

(3) Policies may contain a provision limiting coverage for preexisting conditions. Preexisting conditions must be covered no later than 12 months after the effective date of coverage. Preexisting conditions are defined as "those conditions for which medical advice or treatment was received or recommended or which could be medically documented within the 12-month period immediately preceding the effective date of the person's coverage." Preexisting conditions exclusions may not be implemented by any successor plan as to any covered persons who have already met all or part of the waiting period requirements under any previous plan. Credit must be given for that portion of the waiting period which was met under the previous plan. As used in this subdivision, a "previous plan" includes any health benefit

plan provided by a health insurer, as those terms are defined in G.S. 58-51-115, or any government plan or program providing health benefits or health care. For employer groups of 50 or more persons and for groups under subdivision (1a) of this subsection and under G.S. 58-51-81: In determining whether a preexisting condition provision applies to an eligible employee, association member, student, or to a dependent, all health benefit plans shall credit the time the person was covered under a previous plan if the previous plan's coverage was continuous to a date not more than 60 days before the effective date of the new coverage, exclusive of any applicable waiting period under the new coverage.

(c) The term "employees" as used in this section shall be deemed to include, for the purposes of insurance hereunder, employees of a single employer, the officers, managers, and employees of the employer and of subsidiary or affiliated corporations of a corporation employer, and the individual proprietors, partners, and employees of individuals and firms of which the business is controlled by the insured employer through stock ownership, contract or otherwise. Employees shall be added to the group coverage no later than 90 days after their first day of employment. Employment shall be considered continuous and not be considered broken except for unexcused absences from work for reasons other than illness or injury. The term "employee" is defined as a nonseasonal person who works on a full-time basis, with a normal work week of 30 or more hours and who is otherwise eligible for coverage, but does not include a person who works on a part-time, temporary, or substitute basis. The term "employer" as used herein may be deemed to include the State of North Carolina, any county, municipality or corporation, or the proper officers, as such, of any unincorporated municipality or any department or subdivision of the State, county, such corporation, or municipality determined by conditions pertaining to the employment.

(d) The term "agents" as used in this section shall be deemed to include, for the purposes of insurance hereunder, agents of a single principal who are under contract to devote all, or substantially all, of their time in rendering personal services for such principal, for a commission or other fixed or ascertainable compensation.

(e) The benefits payable under any policy or contract of group accident, group health and group accident and health insurance shall be payable to the employees, or agents, or to some beneficiary or beneficiaries designated by the employee or agent, other than the employer or principal, but if there is no designated beneficiary as to all or any part of the insurance at the death of the employee or agent, then the amount of insurance payable for which there is no designated beneficiary shall be payable to the estate of the employee or agent, except that the insurer may in such case, at its option, pay such insurance to any one or more of the following surviving relatives of the employee or agent: wife, husband, mother, father, child, or children, brothers or sisters; and except that payment of benefits for expenses incurred on account of hospitalization or medical or surgical aid, as provided in subsection (f), may be made by the insurer to the hospital or other person or persons furnishing such aid. Payment so made shall discharge the insurer's obligation with respect to the amount of insurance so paid.

(f) Any policy or contract of group accident, group health or group accident and health insurance may include provisions for the payment by the insurer of benefits to the employee or agent of the insured group, on account of hospitalization or medical or surgical aid for himself, his spouse, his child or children, or other persons chiefly dependent upon him for support and maintenance.

(g) Any policy or contract of group accident, group health or group accident and health insurance may provide for readjustment of the rate of premium based on the experience thereunder at the end of the first year, or at any time during any subsequent year based upon at least 12 months of experience: Provided that any such readjustment after the first year shall not be made any more frequently than once every six months. Any rate adjustment must be preceded by a 45-day notice to the contract holder before the effective date of any rate increase or any policy benefit revision. A notice of nonrenewal shall be given to the contract holder 45 days prior to termination. Any refund under any plan for readjustment of the rate of premium based on the experience under group policies and any dividend paid under the policies may be used to reduce the employer's or principal's contribution to group insurance for the employees of the employer, or the agents of the principal, and the excess over the contribution by the employer, or principal, shall be applied by the employer, or principal, for the sole benefit of the employees or agents.

(h) Nothing contained in this section applies to any contract issued by any corporation defined in Article 65 of this Chapter. Subdivision (b)(3) of this section applies to MEWAs, as defined in G.S. 58-49-30(a). (1945, c. 385; 1947, c. 721; 1951, c. 282; 1953, c. 1095, ss. 6, 7; 1987, c. 752, s. 19; 1989, c. 485, s. 41; c. 775, ss. 1, 2; 1991, c. 644, s. 11; 1993, c. 408, ss. 3, 3.1; c. 409, s. 14; 1995, c. 507, ss. 23A.1(c), 23A.1(d).)

Editor's Note. —

Session Laws 1995, c. 507, s. 1.1, provides that this act shall be known and cited as the Expansion and Capital Improvements Appropriations Act of 1995.

Session Laws 1995, c. 507, s. 28.12 is a severability clause.

Effect of Amendments. —

The 1995 amendment, effective July 1, 1995, in subdivision (b)(3) substituted "previous" for "prior group" in the fourth sentence, substituted "previous" for "prior" in the fifth sentence, added the sixth sentence, and in the last sentence added "and for groups under subdivision (1a) of this subsection and under G.S. 58-51-81", added "association member, student", deleted "group health benefit" following "under a previous", and added "plan's" preceding "coverage was continuous"; and in subsection (h), in the first sentence substituted "applies" for "shall be deemed applicable", and "Article 65" for "Articles 65 and 66", and added the last sentence.

(1) "Health benefit plan" means any accident and health insurance policy or certificate; a nonprofit hospital or medical service corporation contract; a health maintenance organization subscriber contract; a plan provided by a multiple employer welfare arrangement; or a plan provided by another benefit arrangement. "Health benefit plan" does

ARTICLE 53.

Group Health Insurance Continuation and Conversion Privileges.

Part 2. Conversion.

§ 58-53-60. Premium.

(a) The premium for the converted policy or group conversion trust certificate shall be determined in accordance with the insurer's table of premium rates applicable to the age and class of risk to be covered under that policy and to the type and amount of insurance provided.

(b) All insurers licensed to do business in this State, who issue conversion policies or group conversion trust certificates under this Part, have the right to increase that element of the premium that applies to hospital room and board benefit increases provided for in G.S. 58-53-95(5) by an amount proportionate to the increase promulgated by the Commissioner. Such premium increases shall be filed with the Commissioner.

(c) All premium rates and adjustments to premium rates for converted policies or group conversion trust certificates shall be reasonable and must be filed with and approved by the Commissioner prior to use. A premium rate shall be deemed to be reasonable if the insurer demonstrates that the premium charged is expected to produce an incurred loss ratio to earned premiums of not less than sixty percent (60%) for all policies or group conversion trust certificates providing similar benefits offered and issued by the insurer. If an insurer experiences an incurred loss ratio of greater than eighty percent (80%) for all such policies, it shall be deemed reasonable for that insurer to increase premium rates to a level that will produce a prospective incurred loss ratio of no greater than eighty percent (80%), and the insurer shall file such new rates with the Commissioner not more often than once a year. (1981, c. 706, s. 1; 1983, c. 669; 1995, c. 517, s. 30.)

(15) "Skilled Nursing Facility" shall be defined in accordance with the terms of G.S. 131E-176(23).

(b) Whenever long-term care insurance provides coverage for organic brain disorder syndrome, progressive dementing illness, or primary degenerative dementia, such phrases shall be interpreted to include Alzheimer's Disease. Clinical diagnosis of "organic brain disorder syndrome", "progressive dementing illness", and "primary degenerative dementia" must be accepted as evidence that such conditions exist in an insured when a pathological diagnosis cannot be made; provided that such medical evidence substantially documents the diagnosis of the condition and the insured received treatment for such condition.

(c) All long-term care insurance policies must be filed with and approved by the Commissioner before they can be used in this State and are subject to the provisions of Article 38 of this Chapter. (1987, c. 331, s. 1; 1989, c. 207, ss. 5, 6; 1995, c. 535, s. 3.)

Editor's Note. — Section 131D-2(a)(3), referred to in subdivision (a)(1), was repealed by Session Laws 1995, c. 535, s. 8.

The subdivision (a)(1a) designation and the order of subdivisions in subsection (a) were assigned by the Revisor of Statues.

The reference in subdivision (a)(15) above to § 131E-176(23) should probably now be § 131E-176(17a).

Session Laws 1995, c. 535, which amended this section, in s. 37 provides: "Rules adopted by the Department of Human Resources, the Medical Care Commission, and the Social Services Commission regulating domiciliary care homes prior to the effective date of this act remain in effect for adult care homes until amended or repealed."

Effect of Amendments. — The 1995 amendment, effective October 1, 1995, substituted "Adult care home" for "Domiciliary home" in subdivision (a)(4), and deleted subdivision (a)(7) regarding the term "Home for the aged and disabled".

ARTICLE 58.

General Regulations of Business—Life Insurance.

§ 58-58-22. Individual policy standard provisions.

No policy of individual life insurance shall be delivered in this State unless it contains in substance the following provisions, or provisions that in the Commissioner's opinion are more favorable to the person insured:

(1) Grace period. — A provision that the insured is entitled to a grace period of 31 days for the payment of any premium due except the first, during which grace period the death benefit coverage shall continue in force. The policy may provide that if a claim arises under the policy during the grace period, the amount of any premium due or overdue may be deducted from any amount payable under the policy in settlement.

(2) Incontestability. — A provision that the validity of the policy shall not be contested, except for nonpayment of premium,

once it has been in force for two years after its date of issue; and that no statement made by any person insured under the policy about that person's insurability shall be used during the person's lifetime to contest the validity of the policy after the insurance has been in force for two years.

(3) Misstatement of age or gender. — A provision specifying an equitable adjustment of premiums or benefits, or both, to be made if the age or gender of the person insured has been misstated; the provision to contain a clear statement of the method of adjustment to be used.

(4) Suicide. — A provision that may not limit payment of benefits for a period more than two years after the date of issue of the policy because of suicide and that provides for at least the return of premiums paid on the policy if there is suicide during the two-year period.

(5) Reinstatement. — A provision that, unless the policy has been surrendered for its cash surrender value, or its cash surrender value has been exhausted, the policy will be reinstated at any time within five years after the date of premium default upon written application therefor, the production of evidence of insurability satisfactory to the insurer, the payment of all overdue premiums, and the payment of reinstatement of any other indebtedness to the insurer upon the policy, all with interest at the rate specified. (1995, c. 517, s. 31(a).)

Editor's Note. — Session Laws 1995, c. 517, s. 42, made this section effective October 1, 1995.

§ 58-58-23. Standard provisions for annuity and pure endowment contracts.

No annuity or pure endowment contract, except a reversionary or survivorship annuity and except a group annuity contract, shall be delivered or issued for delivery in this State unless it contains in substance the following provisions or provisions that in the opinion of the Commissioner are more favorable to the holders of the contracts:

(1) Grace period. — A provision for a grace period of not less than 31 days within which any stipulated payment to the insurer falling due after the first payment may be made. During the grace period, the contract shall continue in full force. If a claim arises under the contract because of death before the expiration of the grace period and before the overdue payment to the insurer is made, the amount of the payments, with interest on any overdue payments, may be deducted from any amount payable under the contract.

(2) Incontestability. — If any statements are required as a condition of issue, there shall be a provision that the contract shall be incontestable during the lifetime of the person or of each of the persons as to whom the statements are required after it has been in force for a period of two years after its date of issue, except for nonpayment of stipulated payments to the insurer.

(3) Misstatements of age or gender. — A provision that if the age or gender of any person upon whose life the contract is

made has been misstated, the amount payable or benefits accruing under the contract shall be such as the stipulated payment or payments to the insurer would have been according to the correct age or gender; and if the insurer makes an overpayment because of the misstatement, that amount with interest at the rate specified in the contract may be charged against any current or subsequent payment by the insurer under the contract.

(4) Reinstatement. — A provision that the contract may be reinstated at any time within one year after a default in making stipulated payments to the insurer, unless the cash surrender value has been paid; but all overdue stipulated payments and any indebtedness to the insurer on the contract shall be paid or reinstated with interest at a rate specified in the contract. When applicable, the insurer may also require evidence of insurability satisfactory to the insurer. (1995, c. 517, s. 31(a).)

Editor's Note. — Session Laws 1995, c. 517, s. 42, made this section effective October 1, 1995.

§ 58-58-42. Viatical settlements.

(a) Definitions. — As used in this section:

(1) "Broker" means a person who, for consideration and on behalf of another, offers or advertises the availability of viatical settlements, introduces viators to providers, or offers or attempts to negotiate viatical settlement contracts between a viator and one or more providers; it does not mean an attorney, accountant, or financial planner retained to represent a viator and whose compensation is not paid by a provider.

(2) "Policy" means an individual life insurance policy or a certificate under a group life insurance policy.

(3) "Provider" means a person who enters into a viatical settlement contract with a viator. "Provider" does not mean:

b. The issuer of a policy providing accelerated benefits under 11 NCAC 12.1200.

c. A natural person who enters into no more than one agreement in a calendar year for the transfer of a policy for any value less than the expected death benefit.

(4) "Viatical settlement contract" or "contract" means a written agreement entered into between a provider and a viator that establishes the terms under which the provider will pay consideration that is less than the expected death benefit of the viator's policy in return for the viator's assignment, transfer, sale, devise, or bequest of the death benefit or ownership of the policy to the provider.

(5) "Viator" means the owner or holder of a policy who has a catastrophic or life-threatening illness or condition and who enters into a viatical settlement contract.

(b) Registration. — No person may act as a provider or enter into or solicit a contract without first registering with the Commissioner.

The applicant shall register on a form prescribed by the Commissioner. The Commissioner may require the applicant to disclose fully the identity of all stockholders, partners, officers, and employees. The Commissioner may refuse registration of any partnership, corporation, or other business entity if not satisfied that any officer, employee, stockholder, or partner who may materially influence the applicant's conduct meets the standards of this section. Registration of a partnership, corporation, or other business entity authorizes all members, officers, and designated employees to act as providers under the registration; all of those persons must be named in the application and any supplements to the application. Before any registration is complete, the Commissioner shall investigate each applicant and may register the applicant if the Commissioner finds that the applicant:

(1) Has provided a detailed plan of operation.
(2) Is competent and trustworthy and intends to act in good faith in the capacity involved by the license applied for.
(3) Has a good business reputation and has had experience, training, or education so as to be qualified in the business for which the license is applied.
(4) If a corporation, is incorporated under the laws of this State or is a foreign corporation authorized to transact business in this State.

No registration is complete for any nonresident applicant unless a written designation of an agent for service of process is filed and maintained with the Commissioner or the applicant has filed with the Commissioner the applicant's written irrevocable consent that any action against the applicant may be commenced against the applicant by service of process on the Commissioner.

(c) Enforcement. — The Commissioner may issue a cease and desist order upon any provider if the Commissioner finds that:

(1) There was any misrepresentation in the application for registration;
(2) The provider has been guilty of fraudulent or dishonest practices, is subject to a final administrative action, or is otherwise shown to be untrustworthy or incompetent to act as a provider;
(3) The provider demonstrates a pattern of unreasonable payments to policy owners;
(4) The provider has been convicted of a felony or any misdemeanor of which criminal fraud is an element; or
(5) The provider has violated a provision of this section.

(d) Approval of Contracts. — No provider may use any viatical settlement contract in this State unless it has been filed with and approved by the Commissioner. Any contract form filed with the Commissioner is deemed to be approved if it has not been disapproved within 90 days after the filing. The Commissioner shall disapprove a contract form if, in the Commissioner's opinion, any provision of the contract is unreasonable, contrary to the public interest, or otherwise misleading or unfair to the policy owner.

(e) Reporting Requirements. — Each provider shall file with the Commissioner on or before March 1 of each year a statement containing the information required by the rules adopted by the Commissioner.

(f) Examination. — The Commissioner may, when the Commissioner deems it to be reasonably necessary to protect the public interest, examine the business and affairs of any provider or applicant for registration. The Commissioner may order any provider or applicant to produce records, books, files, or other information that is necessary to ascertain whether or not the provider or applicant is acting or has acted in violation of this section or otherwise contrary to the public interest. The provider or applicant shall pay the expenses incurred in conducting an examination. Names and individual identification data for all viators are confidential and shall not be disclosed by the Commissioner. The provider shall maintain records of all transactions of contracts and make the records available to the Commissioner for inspection during reasonable business hours.

(g) Disclosure. — A provider shall disclose the following information to the viator no later than the date the contract is signed by all parties:

(1) Options other than the contract for a person with a catastrophic or life-threatening illness, including, but not limited to, accelerated benefits offered by the issuer of the policy.

(2) The fact that some or all of the contract consideration may be taxable, and that assistance should be sought from a personal tax advisor.

(3) The fact that the contract consideration could be subject to the claims of creditors.

(4) The fact that receipt of the contract consideration may adversely affect the viator's eligibility for Medicaid or other government benefits or entitlements; and that advice should be obtained from the appropriate government agencies.

(5) The viator's right to rescind a contract within 30 days after the date it is executed by all parties or within 15 days after the receipt of the contract consideration by the viator, whichever is less, as provided in subsection (h) of this section.

(6) The date by which the contract consideration will be available to the viator and the source of the consideration.

(h) General Rules. — A provider entering into a contract with a viator shall first obtain:

(1) A written statement from a licensed attending physician that the viator is of sound mind and under no constraint or undue influence.

(2) A witnessed document in which the viator (i) consents to the contract, (ii) acknowledges the catastrophic or life-threatening illness, (iii) represents that the viator has a full and complete understanding of the contract, (iv) represents that the viator has a full and complete understanding of the benefits of the policy, and (v) releases the medical records and acknowledges that the contract has been entered into freely and voluntarily.

All medical information solicited or obtained by any provider is subject to all State laws relating to confidentiality of medical information. All contracts entered into in this State shall contain an unconditional refund provision for at least 30 days after the date of the contract, or 15 days after the receipt of the viatical settlement proceeds, whichever is less.

(i) Contract Consideration. — Immediately upon receipt from the viator of documents to effect the transfer of the policy, the provider shall direct the contract consideration to an escrow or trust account managed by a trustee or escrow agent in a bank approved by the Commissioner, pending acknowledgment of the transfer by the issuer of the policy. The trustee or escrow agent shall transfer the proceeds that are due to the viator immediately upon receipt of acknowledgment of the transfer from the insurer. Failure to tender the contract consideration by the date disclosed to the viator renders the contract null and void.

(j) Authority to Adopt Standards. — The Commissioner may:

(1) Adopt rules to implement this section.

(2) Establish standards for evaluating reasonableness of payments under contracts. This authority includes regulation of discount rates used to determine the amount paid in exchange for assignment, transfer, sale, devise, or bequest of a benefit under a policy.

(3) Establish appropriate registration and other regulatory requirements for brokers.

(4) Require a bond.

(k) Unfair Trade Practices. — A violation of this section is considered an unfair trade practice under Article 63 of this Chapter. (1995, c. 517, s. 31(b).)

Editor's Note. — Session Laws 1995, c. 517, s. 42, made this section effective October 1, 1995.

Session Laws 1995, c. 517, s. 41, contains a severability clause.

§ 58-58-110. Interest payments on death benefits.

(a) Each insurer admitted to transact insurance in this State which, without the written consent of the beneficiary, fails or refuses to pay the death proceeds or death benefits in accordance with the terms of any policy providing a death benefit issued by it in this State within 30 days after receipt of satisfactory proof of loss because of the death, whether accidental or otherwise, of the insured shall pay interest, at a rate not less than the then current rate of interest on death proceeds left on deposit with the insurer computed from the date of the insured's death, on any moneys payable and unpaid after the expiration of the 30-day period. As used in this subsection, the phrase "satisfactory proof of loss because of the death" includes, but is not limited to, a certified copy of the death certificate; or a written statement by the attending physician at the time of death that contains the following information: (i) the name and address of the physician, who must be duly licensed to practice medicine in the United States; (ii) the name of the deceased; (iii) the date, time, and place of the death; and (iv) the immediate cause of the death.

(c) This section does not allow an insurer to withhold payment of money payable under any policy providing a death benefit to any beneficiary for a period longer than reasonably necessary to determine whether benefits are payable and to transmit the payment.

(d) This section shall not apply to policies of insurance issued prior to the effective date of this section to the extent that such policies contain specific provisions in conflict with this section. (1977, c. 395, s. 1; 1983, c. 749; 1985, c. 666, s. 45; 1991, c. 644, s. 8; 1995, c. 193, s. 46.)

Editor's Note. — Session Laws 1995, c. 193, s. 67, contains a severability clause.

(2) Assure payment of the contractual obligations of the insolvent insurer; and

(3) Provide such monies, pledges, guarantees, or other means as are reasonably necessary to discharge those duties; or

(4) With respect only to life and health insurance policies, provide benefits and coverages in accordance with subsection (e) of this section.

(e) When proceeding under subdivision (b)(2) or (d)(4) of this section, the Association shall, with respect to only life and health insurance policies:

(1) Assure payment of benefits for premiums identical to the premiums and benefits (except for terms of conversion and renewability) that would have been payable under the policies of the insolvent insurer, for claims incurred:

a. With respect to group policies, not later than the earlier of the next renewal date under the policies or 45 days, but in no event less than 30 days after the date on which the Association becomes obligated with respect to the policies;

b. With respect to individual policies, not later than the earlier of the next renewal date (if any) under the policies or one year, but in no event less than 30 days from the date on which the Association becomes obligated with respect to the policies;

(2) Make diligent efforts to provide all known insureds or group policyholders with respect to group policies 30 days' notice of the termination of the benefits provided; and

(3) With respect to individual policies, make available to each known insured, or owner if other than the insured, and with respect to an individual formerly insured under a group policy who is not eligible for replacement group coverage, make available substitute coverage on an individual basis in accordance with the provisions of subsection (f) of this section, if the insured had a right under law or the terminated policy to convert coverage to individual coverage or to continue an individual policy in force until a specified age or for a specified time, during which the insurer had no right unilaterally to make changes in any provision of the policy or had a right only to make changes in premium by class.

(f) In providing the substitute coverage required under subdivision (e)(3) of this section, the Association may offer either to reissue the terminated coverage or to issue an alternative policy. An alternative or reissued policy shall be offered without requiring evidence of insurability, and shall not provide for any waiting period or exclusion that would not have applied under the terminated policy. The Association may reinsure any alternative or reissued policy.

(g) Alternative life or health insurance policies adopted by the Association are subject to the Commissioner's approval. The Association may adopt alternative policies of various types for future issuance without regard to any particular delinquency. Alternative policies shall contain at least the minimum statutory provisions required in this State and provide benefits that are not unreasonable in relation to the premium charged. The Association shall set the premium in accordance with a table of rates, which it shall adopt. The premium shall reflect the amount of insurance to be provided and the age and class of risk of each insured, but it shall not reflect any changes in the health of the insured after the original policy was last underwritten. Any alternative policy issued by the Association shall provide coverage of a type similar to that of the policy issued by the delinquent insurer, as determined by the Association.

(h) If the Association elects to reissue terminated coverage at a premium rate different from that charged under the terminated life or health insurance policy, the premium shall be set by the Association in accordance with the amount of insurance provided and the age and class of risk, subject to the approval of the Commissioner or by a court of competent jurisdiction.

(i) The Association's obligations with respect to coverage under any life or health insurance policy of the delinquent insurer or under any reissued or alternative policy cease on the date the coverage or policy is replaced by another similar policy by the policyholder, the insured, or the Association.

(j) When proceeding under subdivision (b)(2) of this section or under subsection (c) of this section with respect to any policy carrying guaranteed minimum interest rates, the Association shall assure the payment or crediting of a rate of interest consistent with G.S. 58-62-21(c)(3).

(k) Nonpayment of premiums within 31 days after the date required under the terms of any guaranteed, assumed, alternative, or reissued policy or substitute coverage terminates the Association's obligations under the policy or coverage under this Article with respect to the policy or coverage, except with respect to any claims incurred or any net cash surrender value that may be due under this Article.

(*l*) Premiums due for coverage after an entry of an order of liquidation of an insolvent insurer belong to and are payable at the direction of the Association; and the Association is liable for unearned premiums owed to policyowners arising after the entry of the order.

(m) The protection provided by this Article does not apply where any similar guaranty protection is provided to residents of this State by the laws of the domiciliary state or jurisdiction of a delinquent foreign or alien insurer.

(n) In carrying out its duties under subsections (b) through (d) of this section, the Association may, subject to approval by the court:

(1) Impose permanent policy liens in connection with any guarantee, assumption, or reinsurance agreement, if the Association finds that the amounts that can be assessed under this Article are less than the amounts needed to assure full and prompt performance of the Association's duties under this Article, or that the economic or financial conditions as they affect member insurers are sufficiently

adverse to render the imposition of the permanent policy liens to be in the public interest;

(2) Impose temporary moratoria or liens on payments of cash values and policy loans, or any other right to withdraw funds held in conjunction with policies, in addition to any contractual provisions for deferral of cash or policy loan value.

(o) If the Association fails to act within a reasonable period of time as provided in subdivision (b)(2) of this section and subsections (d) and (e) of this section, the Commissioner has the powers and duties of the Association under this Article with respect to delinquent insurers.

(p) The Association may render assistance and advice to the Commissioner, upon the Commissioner's request concerning rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of any delinquent insurer.

(q) The Association has standing to appear before any court in this State with jurisdiction over a delinquent insurer for which the Association is or may become obligated under this Article. This standing extends to all matters germane to the powers and duties of the Association, including, but not limited to, proposals for reinsuring, modifying, or guaranteeing the policies of the delinquent insurer and the determination of the policies and contractual obligations. The Association also has the right to appear or intervene before a court in another state with jurisdiction over a delinquent insurer for which the Association is or may become obligated or with jurisdiction over a third party against whom the Association may have rights through subrogation of the insurer's policyholders.

(r) Any person receiving benefits under this Article is considered to have been assigned the rights under, and any causes of action relating to, the covered policy to the Association to the extent of the benefits received because of this Article, whether the benefits are payments of or on account of contractual obligations, continuation of coverage, or provision of substitute or alternative coverages. The Association may require an assignment to it of such rights and cause of action by any payee, policyowner, beneficiary, insured or annuitant as a condition precedent to the receipt of any right or benefits conferred by this Article upon the person. The subrogation rights of the Association under this subsection have the same priority against the delinquent insurer's assets as that possessed by the person entitled to receive benefits under this Article. In addition to other provisions of this subsection, the Association has all common-law rights of subrogation and any other equitable or legal remedy that would have been available to the delinquent insurer or holder of a policy with respect to the policy.

(s) The Association may:

(1) Enter into contracts that are necessary or proper to carry out the provisions and purposes of this Article;

(2) Sue or be sued, including taking any legal actions necessary or proper to recover any unpaid assessments under G.S. 58-62-41 and to settle claims or potential claims against it;

(3) Borrow money to effect the purposes of this Article; any notes or other evidence of indebtedness of the Association not in default shall be legal investments for domestic insurers and may be carried as admitted assets;

(4) Employ or retain persons that are necessary to handle the financial transactions of the Association, and to perform other functions that become necessary or proper under this Article;

(5) Take legal action that may be necessary to avoid payment of improper claims;

(6) Exercise, for the purposes of this Article and to the extent approved by the Commissioner, the powers of a domestic life or health insurer, but in no case may the Association issue insurance policies or annuity contracts other than those issued to perform its obligations under this Article.

(t) The Association may join an organization of one or more other state associations of similar purposes, in order to further the purposes of this Article and administer the powers and duties of the Association. (1991, c. 681, s. 56; c. 720, s. 94.)

§ 58-62-41. Assessments.

(a) To provide the funds necessary to carry out the powers and duties of the Association, the Board shall assess the member insurers, separately for each account, at such time and for such amounts as the Board finds necessary. Assessments are due not less than 30 days after prior written notice to the member insurers and shall accrue interest at the rate of one percent (1%) per month, or any part thereof, after the due date.

(b) There shall be two classes of assessments, as follows:

(1) Class A assessments shall be made for the purpose of meeting administrative and legal costs and other expenses and examinations conducted under the authority of G.S. 58-62-56(e). Class A assessments may be made whether or not they are related to a particular delinquent insurer.

(2) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the Association under G.S. 58-62-36 with regard to a delinquent insurer.

(c) The amount of any Class A assessment shall be determined by the Board and may or may not be prorated. If prorated, the Board may provide that it be credited against future Class B assessments. If not prorated, the assessment shall not exceed one hundred fifty dollars ($150.00) per member insurer in any one calendar year. The amount of any Class B assessment shall be allocated for assessment purposes among the accounts pursuant to an allocation formula, which may be based on the premiums or reserves of the delinquent insurer or any other standard considered by the Board in its sole discretion to be fair and reasonable under the circumstances.

(d) Class B assessments against member insurers for each account and subaccount shall be in the proportion that the premiums received on business in this State by each assessed member insurer or policies covered by each account for the three most recent calendar years for which information is available preceding the year in which the insurer became delinquent, as the case may be, bears to the premiums received on business in this State for those calendar years by all assessed member insurers.

(e) Assessments for funds to meet the requirements of the Association with respect to a delinquent insurer shall not be made until necessary to implement the purposes of this Article. Classification of assessments under subsection (b) of this section and computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(f) The Association may abate or defer, in whole or in part, the assessment of a member insurer if, in the Board's opinion, payment of the assessment would endanger the member insurer's ability to fulfill its contractual obligations. If an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which the assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section.

(g) The total of all assessments upon a member insurer for the life and annuity account and for each subaccount thereunder shall not in any one calendar year exceed two percent (2%) and for the health account shall not in any one calendar year exceed two percent (2%) of the insurer's average premiums received in this State on the policies and contracts covered by the account during the three calendar years preceding the year in which an insurer became a delinquent insurer. If the maximum assessment, together with the other assets of the Association in any account, does not provide in any one year in either account an amount sufficient to carry out the Association's responsibilities, the necessary additional funds shall be assessed as soon thereafter as permitted by this Article.

(h) The Board may provide in the Plan a method of allocating funds among claims, whether relating to one or more delinquent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(i) If a one percent (1%) assessment for any subaccount of the life and annuity account in any one year does not provide an amount sufficient to carry out the Association's responsibilities, then under subsection (d) of this section, the Board shall assess all subaccounts of the life and annuity account for the necessary additional amount, subject to the maximum stated in subsection (g) of this section.

(j) The Board may, by an equitable method as established in the Plan, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the Board finds is necessary to carry out during the coming year the obligations of the Association with regard to that account, including assets accruing from assignment, subrogation, net realized gains, and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the Association and for future losses.

(k) It is proper for any member insurer, in determining its premium rates and policyowner dividends as to any kind of insurance within the scope of this Article, to consider the amount reasonably necessary to meet its assessment obligations under this Article.

(*l*) The Association shall issue to each insurer paying an assessment under this Article, other than a Class A assessment, a certificate of contribution, in a form prescribed by the Commissioner, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. (1991, c. 681, s. 56; 1993, c. 452, ss. 61.1, 62; 1995, c. 193, ss. 47, 48.)

Editor's Note. —

Session Laws 1995, c. 193, s. 67 contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective June 7, 1995, moved the phrase "recognizing that exact determinations may not always be possible" to the end of subsection (e) from the end of subsection (f).

§ 58-62-56. Prevention of delinquencies.

(a) To aid in the detection and prevention of insurer delinquencies, it is the Commissioner's duty to:

(1) Notify insurance regulators when revoking or suspending the license of a member insurer, or making any formal order that the insurer restrict its premium writing, obtain additional contributions to surplus, withdraw from this State, reinsure all or any part of its business, or increase capital, surplus, or any other account for the security of policyholders or creditors. That notice shall be sent electronically through the NAIC headquarters and mailed to all insurance regulators within 30 days following the action taken or the date on which the action occurs.

(2) Report to the Board when the Commissioner has taken any of the actions in subdivision (1) of this subsection or has received a report from another insurance regulator indicating that any such action has been taken in another state. The report to the Board shall contain all significant details of the action taken or the report received from another insurance regulator.

(3) Report to the Board when the Commissioner has reasonable cause to believe from any examination, whether completed or in process, of any member insurer that the insurer may be delinquent.

(4) Furnish the Board with the NAIC Insurance Regulatory Information System financial test ratios and a listing of companies that are not included in the ratios developed by the NAIC; and the Board may use that data in carrying out its duties and responsibilities under this section. The data shall be kept confidential by the Board until it is made public by the Commissioner or another lawful authority.

(b) The Commissioner may seek the advice and recommendations of the Board concerning any matter affecting the Commissioner's duties and responsibilities regarding the financial condition of member insurers and other entities seeking admission to transact insurance business in this State.

(c) The Board may, upon majority vote, make reports and recommendations to the Commissioner upon any matter germane to the solvency, liquidation, rehabilitation, or conservation of any member insurer or germane to the solvency of any company seeking to do an insurance business in this State. The reports and recommendations are not public records.

(d) The Board shall, upon majority vote, notify the Commissioner of any information indicating that any member insurer may be delinquent.

(e) The Board may, upon majority vote, request that the Commissioner order an examination of any member insurer that the Board in good faith believes may be delinquent. Within 30 days of the receipt of the request, the Commissioner shall begin the examination. The examination may be conducted as an NAIC examination or may be conducted by persons the Commissioner designates. The examination report shall be treated as are other examination reports. In no event shall the examination report be released to the Board before its release to the public; but this does not preclude the Commissioner from complying with subsection (a) of this section. The Commissioner shall notify the Board when the examination is completed. The request for an examination shall be kept on file by the Commissioner, but shall not be open to public inspection before the release of the examination report to the public.

(f) The Board may, upon majority vote, make recommendations to the Commissioner for the detection and prevention of insurer delinquencies.

(g) The Board shall, at the conclusion of any insurer insolvency in which the Association was obligated to pay covered claims, prepare a report to the Commissioner containing any information that it has in its possession bearing on the history and causes of the insolvency. The Board shall cooperate with the boards of directors of guaranty associations in other states in preparing a report on the history and causes of insolvency of a particular insurer, and the Board may adopt by reference any report prepared by such other associations. (1991, c. 681, s. 56; 1995, c. 360, s. 2(k).)

Effect of Amendments. — The 1995 amendment, effective July 1, 1995, deleted "The cost of such examination shall be paid by the Association and" from the beginning of the fourth sentence in subsection (e).

Article 63.

Unfair Trade Practices.

§ 58-63-25. Hearings, witnesses, appearances, production of books and service of process.

(a) When the Commissioner has reason to believe that any person has been engaged or is engaging in this State in any unfair method of competition or any unfair or deceptive act or practice defined in G.S. 58-63-15 or under G.S. 58-63-65, and that a proceeding by the Commissioner on the matter would be in the interest of the public, the Commissioner shall issue and serve upon the person a statement of the charges in that respect and a notice of the hearing on the matter to be held at the time and place fixed in the notice, which shall not be less than 10 days after the date of the service of the notice.

(b) At the time and place fixed for such hearing, such person shall have an opportunity to be heard and to show cause why an order should not be made by the Commissioner requiring such person to cease and desist from the acts, methods or practices so complained of. Upon good cause shown, the Commissioner shall permit any person to intervene, appear and be heard at such hearing by counsel or in person.

(c) Nothing contained in this Article shall require the observance at any such hearing of formal rules of pleading or evidence.

(d) The Commissioner, upon such hearing, may administer oaths, examine and cross-examine witnesses, receive oral and documentary evidence, and shall have the power to subpoena witnesses, compel their attendance, and require the production of books, papers, records, correspondence, or other documents which he deems relevant to the inquiry. The Commissioner, upon such hearing, may, and upon the request of any party shall, cause to be made a stenographic record of all the evidence and all the proceedings had at such hearing. If no stenographic record is made and if a judicial review is sought, the Commissioner shall prepare a statement of the evidence and proceeding for use on review. In case of a refusal of any person to comply with any subpoena issued hereunder or to testify with respect to any matter concerning which he may be lawfully interrogated, the Superior Court of Wake County, on application of the Commissioner, may issue an order requiring such person to comply with such subpoena and to testify; and any failure to obey any such order of the court may be punished by the court as a contempt thereof.

(e) Statements of charges, notices, orders, and other processes of the Commissioner under this Article may be served by anyone duly authorized by the Commissioner, either in the manner provided by law for service of process in civil actions, or by registering and mailing a copy thereof to the person affected by such statement, notice, order, or other process at his or its residence or principal office or place of business. The verified return by the person so serving such statement, notice, order, or other process, setting forth the manner of such service, shall be proof of the same, and the return postcard receipt for such statement, notice, order, or other process, registered and mailed as aforesaid, shall be proof of the service of the same. (1949, c. 1112; 1995, c. 193, s. 49.)

Editor's Note. — Session Laws 1995, c. 193, s. 67 contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective June 7, 1995, in subsection (a) inserted "or under G.S. 58-63-65" following "G.S. 58-63-15", substituted "the Commissioner on the matter" for "him in respect thereto", substituted "the Commissioner" for "he", substituted "of the notice" for "thereof" at the end, and made other stylistic changes throughout the subsection.

§ 58-63-35. Judicial review of cease and desist orders.

(a) Any person required by an order of the Commissioner under G.S. 58-63-32 to cease and desist from engaging in any unfair method of competition or any unfair or deceptive act or practice defined in G.S. 58-63-15 may obtain a review of the order by filing in the Superior Court of Wake County, within 30 days from the date of the service of such order, a written petition praying that the order of the Commissioner be set aside. A copy of the petition shall be immediately served upon the Commissioner, and at that time the Commissioner immediately shall certify and file in the court a transcript of the entire record in the proceeding, including all the evidence taken and the report and order of the Commissioner. Upon the filing of the petition and transcript, the court has jurisdiction of the proceeding and of the question determined therein, shall determine whether the filing of the petition shall operate as a stay of the Commissioner's order, and has power to make and enter upon the pleadings, evidence, and proceedings set forth in the transcript a decree modifying, affirming or reversing the order of the Commissioner, in whole or in part. The findings of the Commissioner as to the facts, if supported by substantial evidence, are conclusive.

(b) To the extent that the order of the Commissioner is affirmed, the court shall thereupon issue its own order commanding obedience to the terms of such order of the Commissioner. If either party shall apply to the court for leave to adduce additional evidence, and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the Commissioner, the court may order such additional evidence to be taken before the Commissioner and to be adduced upon the hearing in such manner and upon such terms and conditions as to the court may seem proper. The Commissioner may modify his findings of fact, or make new findings by reason of the additional evidence so taken, and he shall file such modified or new findings which, if supported by substantial evidence shall be conclusive, and his recommendations, if any, for the modification or setting aside of his original order, with the return of such additional evidence.

(c) A cease and desist order issued by the Commissioner under G.S. 58-63-30 shall become final:

(1) Upon the expiration of the time allowed for filing a petition for review if no such petition has been duly filed within such time; except that the Commissioner may thereafter modify or set aside his order to the extent provided in G.S. 58-63-30(b); or

(2) Upon the final decision of the court if the court directs that the order of the Commissioner be affirmed or the petition for review dismissed.

(d) No order of the Commissioner under this Article or order of a court to enforce the same shall in any way relieve or absolve any person affected by such order from any liability under any other laws of this State. (1949, c. 1112; 1995, c. 193, s. 50.)

Editor's Note. — Session Laws 1995, c. 193, s. 67 contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective June 7, 1995, in subsection (a), substituted "G.S. 58-63-32" for "G.S. 58-63-30" and made stylistic changes throughout the subsection.

§ 58-63-50. Penalty.

Any person who willfully violates a cease and desist order of the Commissioner under G.S. 58-63-32, after it has become final, and while the order is in effect, shall forfeit and pay to the Commissioner for the use of the public schools of the county or counties in which the act or acts complained of occurred the sum of not less than one thousand dollars ($1,000) nor more than five thousand dollars ($5,000) for each violation, which if not paid shall be recovered in a civil action instituted in the name of the Commissioner in the Superior Court of Wake County. (1949, c. 1112; 1985, c. 666, s. 21; 1991, c. 720, ss. 33, 63; 1995, c. 193, s. 51.)

ARTICLE 64.

Registration, Disclosure, Contract, and Financial Monitoring Requirements for Continuing Care Facilities.

§ 58-64-33. Operating reserves.

(a) All continuing care facilities shall maintain after opening: operating reserves equal to fifty percent (50%) of the total operating costs projected for the 12-month period following the period covered by the most recent annual statement filed with the Department. The forecast statements as required by G.S. 58-64-20(a)(12) shall serve as the basis for computing the operating reserve. In addition to total operating expenses, total operating costs will include debt service, consisting of principal and interest payments along with taxes and insurance on any mortgage loan or other long-term financing, but will exclude depreciation, amortized expenses, and extraordinary items as approved by the Commissioner. If the debt service portion is accounted for by way of another reserve account, the debt service portion may be excluded. Facilities that maintain an occupancy level in excess of ninety percent (90%) shall only be required to maintain twenty-five percent (25%) operating reserve upon approval of the Commissioner, unless otherwise instructed by the Commissioner. The operating reserves may be funded by cash, by invested cash, or by investment grade securities, including bonds, stocks, U.S. Treasury obligations, or obligations of U.S. government agencies.

(b) A provider that has begun construction or has permanent financing in place or is in operation on the effective date of this section has up to five years to meet the operating reserve requirements.

(c) Operating reserves shall only be released upon the submittal of a detailed request from the provider or facility and must be approved by the Commissioner. Such requests must be submitted in writing for the Commissioner to review at least 10 business days prior to the date of withdrawal. (1991, c. 196, s. 5; c. 720, s. 89; 1993, c. 452, s. 64; 1993 (Reg. Sess., 1994), c. 678, s. 29; 1995, c. 193, s. 52.)

§ 58-64-55. Examinations; financial statements.

The Commissioner or the Commissioner's designee may, in the Commissioner's discretion, visit a facility offering continuing care in this State to examine its books and records. Expenses incurred by the Commissioner in conducting examinations under this section shall be paid by the facility examined. The provisions of G.S. 58-2-131, 58-2-132, 58-2-133, 58-2-155, 58-2-165, 58-2-180, 58-2-185, 58-2-190, and 58-6-5 apply to this Article and are hereby incorporated by reference. (1989, c. 758, s. 1; 1995, c. 193, s. 53.)

Editor's Note. — Session Laws 1995, c. 193, s. 67 contains a severability clause.

§ 58-64-70. Civil liability.

(a) A provider who enters into a contract for continuing care at a facility without having first delivered a disclosure statement meeting the requirements of G.S. 58-64-20 to the person contracting for this continuing care, or enters into a contract for continuing care at a facility with a person who has relied on a disclosure statement that omits to state a material fact required to be stated therein or necessary in order to make the statements made therein, in light of the circumstances under which they are made, not misleading, shall be liable to the person contracting for this continuing care for actual damages and repayment of all fees paid to the provider, facility, or person violating this Article, less the reasonable value of care and lodging provided to the resident by or on whose behalf the contract for continuing care was entered into prior to discovery of the violation, misstatement, or omission or the time the violation, misstatement, or omission should reasonably have been discovered, together with interest thereon at the legal rate for judgments, and court costs and reasonable attorney fees.

(b) Liability under this section exists regardless of whether the provider or person liable had actual knowledge of the misstatement or omission.

(c) A person may not file or maintain an action under this section if the person, before filing the action, received a written offer of a refund of all amounts paid the provider, facility, or person violating this Article together with interest at the rate established monthly by the Commissioner of Banks pursuant to G.S. 24-1.1(c), less the current contractual value of care and lodging provided prior to receipt of the offer, and if the offer recited the provisions of this section and the recipient of the offer failed to accept it within 30 days of actual receipt.

(d) An action may not be maintained to enforce a liability created under this Article unless brought before the expiration of three years after the execution of the contract for continuing care that gave rise to the violation. (1989, c. 758, s. 1; 1995, c. 193, s. 54.)

    3. No period of required notice shall exceed two years, and no renewal hereunder shall renew any such contract for any period beyond the required period of notice except by written agreement of the subscriber and corporation.

Any such contract may be modified, terminated or cancelled by the corporation at any time at its option, upon:

(4) A statement that the contract includes the endorsement thereon and attached papers, if any, and together with the applications contains the entire contract.

(5) A statement that if the subscriber defaults in making any payment, under the contract, the subsequent acceptance of a payment by the corporation at its home office shall reinstate the contract, but with respect to sickness and injury, only to cover such sickness as may be first manifested more than 10 days after the date of such acceptance.

(d) In every such contract made, issued or delivered in this State:

(1) All printed portions shall be plainly printed;

(2) The exceptions from the contract shall appear with the same prominence as the benefits to which they apply; and

(3) If the contract contains any provision purporting to make any portion of the articles, constitution or bylaws of the corporation a part of the contract, such portion shall be set forth in full.

(e) A hospital service corporation may issue a master group contract with the approval of the Commissioner of Insurance provided such contract and the individual certificates issued to members of the group, shall comply in substance to the other provisions of this Article and Article 66 of this Chapter. Any such contract may provide for the adjustment of the rate of the premium or benefits conferred as provided in said contract, and in accordance with an adjustment schedule filed with and approved by the Commissioner of Insurance. If such master group contract is issued, altered or modified, the subscribers' contracts issued in pursuance thereof are altered or modified accordingly, all laws and clauses in subscribers' contracts to the contrary notwithstanding. (1) For employer groups of 50 or more persons no evidence of individual insurability may be required at the time the person first becomes eligible for coverage or within 31 days thereafter except for any insurance supplemental to the basic coverage for which evidence of individual insurability may be required. With respect to trusteed groups the phrase "groups of 50" must be applied on a participating unit basis for the purpose of requiring individual evidence of insurability.

As used in this subdivision, a "previous plan" includes any health benefit plan provided by a health insurer, as those terms are defined in G.S. 58-51-115, or any government plan or program providing health benefits or health care, except that nothing in this section shall apply to a guaranteed issue product designed for uninsurables. For employer groups of 50 or more persons: In determining whether a preexisting condition provision applies to an eligible employee or to a dependent, all health benefit plans shall credit the time the person was covered under a previous plan if the previous plan's coverage was continuous to a date not more than 60 days before the effective date of the new coverage, exclusive of any applicable waiting period under the new coverage.

(3) Employees shall be added to the master group coverage no later than 90 days after their first day of employment. Employment shall be considered continuous and not be considered broken except for unexcused absences from work for reasons other than illness or injury. The term

"employee" is defined as a nonseasonal person who works on a full-time basis, with a normal work week of 30 or more hours and who is otherwise eligible for coverage, but does not include a person who works on a part-time, temporary, or substitute basis.

(4) Whenever an employer master group contract replaces another group contract, whether this contract was issued by a corporation under Articles 1 through 67 of this Chapter, the liability of the succeeding corporation for insuring persons covered under the previous group contract is (i) each person is eligible for coverage in accordance with the succeeding corporation's plan of benefits with respect to classes eligible and activity at work and nonconfinement rules must be covered by the succeeding corporation's plan of benefits; and (ii) each person not covered under the succeeding corporation's plan of benefits in accordance with (i) above must nevertheless be covered by the succeeding corporation if that person was validly covered, including benefit extension, under the prior plan on the date of discontinuance and if the person is a member of the class of persons eligible for coverage under the succeeding corporation's plan.

(f) Any hospitalization contract renewed in the name of the subscriber during the grace period shall be construed to be a continuation of the contract first issued. § 58-67-50. Evidence of coverage and premiums for health care services.

(a)(1) Every enrollee residing in this State is entitled to evidence of coverage under a health care plan. If the enrollee obtains coverage under a health care plan through an insurance policy or a contract issued by a hospital or medical service corporation, whether by option or otherwise, the insurer or the hospital or medical service corporation shall issue the evidence of coverage. Otherwise, the health maintenance organization shall issue the evidence of coverage.

(2) No evidence of coverage, or amendment thereto, shall be issued or delivered to any person in this State until a copy of the form of the evidence of coverage, or amendment thereto, has been filed with and approved by the Commissioner.

(3) An evidence of coverage shall contain:

a. No provisions or statements which are unjust, unfair, inequitable, misleading, deceptive, which encourage misrepresentation, or which are untrue, misleading or deceptive as defined in G.S. 58-67-65(a); and

b. A clear and complete statement, if a contract, or a reasonably complete summary, if a certificate of:

1. The health care services and insurance or other benefits, if any, to which the enrollee is entitled under the health care plan;
2. Any limitations on the services, benefits, or kind of benefits, to be provided, including any deductible or copayment feature;
3. Where and in what manner information is available as to how services may be obtained;
4. The total amount of payment for health care services and the indemnity or service benefits, if any, which the enrollee is obligated to pay with respect to individual contracts, or an indication whether the plan is contributory or noncontributory with respect to group certificates;
5. A clear and understandable description of the health maintenance organization's method of resolving enrollee complaints;
6. A description of the reasons, if any, for which an enrollee's enrollment may be terminated for cause, which reasons may include behavior that seriously impairs the health maintenance organization's ability to provide services or an inability to establish and maintain a satisfactory physician-patient relationship after reasonable efforts to do so have been made.

Any subsequent change may be evidenced in a separate document issued to the enrollee.

(4) A copy of the form of the evidence of coverage to be used in this State, and any amendment thereto, shall be subject to the filing and approval requirements of subsection (b) unless it is subject to the jurisdiction of the Commissioner under the laws governing health insurance or hospital or medical service corporations in which event the filing and approval provisions of such laws shall apply. To the extent, however, that such provisions do not apply the requirements in subsection (c) shall be applicable.

(b)(1) No schedule of premiums for enrollee coverage for health care services, or amendment thereto, may be used in conjunction with any health care plan until a copy of such schedule, or amendment thereto, has been filed with and approved by the Commissioner.

(2) Such premiums may be established in accordance with actuarial principles for various categories of enrollees, provided that premiums applicable to an enrollee shall not be individually determined based on the status of his health. However, the premiums shall not be excessive, inadequate, or unfairly discriminatory; and must exhibit a reasonable relationship to the benefits provided by the evidence of coverage. Such premiums or any revisions thereto with respect to nongroup enrollee coverage shall be guaranteed, as to every enrollee covered under the same category of enrollee coverage, for a period of not less than 12 months; or as an alternative to giving such guarantee with respect only to nongroup enrollee coverage, such premium or premium revisions may be made applicable to all similar category of enrollee coverage at one time if the health maintenance organization chooses to apply for such premium revision with respect to such categories of coverages no more frequently than once in any 12-month period. Such premium revision shall be applicable to all categories of nongroup enrollee coverage of the same type; provided that no premium revision may become effective for any category of enrollee coverage unless the corporation has given written notice of the premium revision 45 days prior to the effective date of such revision. The enrollee thereafter must pay the revised premium in order to continue the contract in force. The Commissioner may promulgate reasonable rules, after notice and hearing, to require the submission of supporting data and such information as is deemed necessary to determine whether such rate revisions meet these standards.

(c) The Commissioner shall, within a reasonable period, approve any form if the requirements of subsection (a) of this section are met and any schedule of premiums if the requirements of subsection (b) of this section are met. It shall be unlawful to issue the form or to use the schedule of premiums until approved. If the Commissioner disapproves the filing, the Commissioner shall notify the filer. In the notice, the Commissioner shall specify the reasons for disapproval. A hearing will be granted within 30 days after a request in writing by the person filing. If the Commissioner does not approve or disapprove any form or schedule of premiums within 90 days after the filing for forms and within 60 days after the filing for premiums, they shall be deemed to be approved.

(d) The Commissioner may require the submission of whatever relevant information he deems necessary in determining whether to approve or disapprove a filing made pursuant to this section.

(e) Effective on January 1, 1989, every health maintenance organization shall provide at least minimum cost and utilization information for group contracts of 100 or more subscribers on an annual basis when requested by the group. Such information shall be compiled in accordance with the Data Collection Form developed by the Standardized HMO Date Form Task Force as endorsed by the Washington Business Group on Health and the Group Health Association of America on November 19, 1986, and any subsequent amendments. (1977, c. 580, s. 1; 1979, c. 876, s. 1; 1987, c. 631, s. 9; 1989, c. 485, s. 59; 1991, c. 195, s. 1; c. 644, s. 13; c. 720, s. 36; 1995, c. 193, s. 59.)

Editor's Note. — Session Laws 1995, c. 193, s. 67 contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective June 7, 1995, in the first sentence of subsection (c) substituted "subsection (a) of this section" for "paragraph (1)" and substituted "subsection (b) of this section" for "paragraph (2)".

§ 58-67-85. Master group contracts, filing requirement; required and prohibited provisions.

(a) A health maintenance organization may issue a master group contract with the approval of the Commissioner of Insurance provided the contract and the individual certificates issued to members of the group, shall comply in substance to the other provisions of this Article. Any such contract may provide for the adjustment of the rate of the premium or benefits conferred as provided in the contract, and in accordance with an adjustment schedule filed with and approved by the Commissioner of Insurance. If the master group contract is issued, altered or modified, the enrollees' contracts issued in pursuance thereof are altered or modified accordingly, all laws and clauses in the enrollees' contracts to the contrary notwithstanding. Nothing in this Article shall be construed to prohibit or prevent the same. Forms of such contract shall at all times be furnished upon request of enrollees thereto.

(b) For employer groups of 50 or more persons no evidence of individual insurability may be required at the time the person first becomes eligible for insurance or within 31 days thereafter except for any insurance supplemental to the basic coverage for which evidence of individual insurability may be required. With respect to trusteed groups the phrase "groups of 50" must be applied on a participating unit basis for the purpose of requiring individual evidence of insurability.

(c) Employer master group contracts may contain a provision limiting coverage for preexisting conditions. Preexisting conditions must be covered no later than 12 months after the effective date of coverage. Preexisting conditions are defined as "those conditions for which medical advice or treatment was received or recommended or which could be medically documented within the 12-month period immediately preceding the effective date of the person's coverage."

Preexisting conditions exclusions may not be implemented by any successor plan as to any covered persons who have already met all or part of the waiting period requirements under any previous plan. Credit must be given for that portion of the waiting period which was met under the previous plan. As used in this subsection, a "previous plan" includes any health benefit plan provided by a health insurer, as those terms are defined in G.S. 58-51-115, or any government plan or program providing health benefits or health care. In determining whether a preexisting condition provision applies to an eligible employee or to a dependent, all health benefit plans shall credit the time the person was covered under a previous plan if the previous plan's coverage was continuous to a date not more than 60 days before the effective date of the new coverage, exclusive of any applicable waiting period under the new coverage.

(d) Employees shall be added to the master group coverage no later than 90 days after their first day of employment. Employment shall be considered continuous and not be considered broken except for unexcused absences from work for reasons other than illness or injury. The term "employee" is defined as a nonseasonal person who works on a full-time basis, with a normal work week of 30 or more hours and who is otherwise eligible for coverage, but does not include a person who works on a part-time, temporary, or substitute basis.

(e) Whenever an employer master group contract replaces another group contract, whether the contract was issued by a corporation under Articles 1 through 67 of this Chapter, the liability of the succeeding corporation for insuring persons covered under the previous group contract is:

(1) Each person who is eligible for coverage in accordance with the succeeding corporation's plan of benefits with respect to classes eligible and activity at work and nonconfinement rules must be covered by the succeeding corporation's plan of benefits; and

(2) Each person not covered under the succeeding corporation's plan of benefits in accordance with (e)(1) must nevertheless be covered by the succeeding corporation if that person was validly covered, including benefit extension, under the prior plan on the date of discontinuance and if the person is a member of the class of persons eligible for coverage under the succeeding corporation's plan. (1989, c. 775, s. 5; 1991, c. 720, s. 38; 1993, c. 408, ss. 5, 5.1; 1995, c. 507, s. 23A.1(f).)

Editor's Note. —

Session Laws 1995, c. 507, s. 1.1, provides that this act shall be known and cited as the Expansion and Capital Improvements Appropriations Act of 1995.

Session Laws 1995, c. 507, s. 28.12 is a severability clause.

Effect of Amendments. — The 1995 amendment, effective July 1, 1995, in subsection (c) substituted "previous" for "prior group" in the fourth sentence, substituted "previous" for "prior" in the fifth sentence, added the sixth sentence, and in the last sentence deleted "For employer groups of 50 or more persons" at the beginning of the sentence, deleted "group health benefit" following "under a previous", and added "plan's" preceding "coverage was continuous".

§ 58-67-100. Examinations.

(a) The Commissioner may make an examination of the affairs of any health maintenance organization and the contracts, agreements or other arrangements pursuant to its health care plan as often as he deems it necessary for the protection of the interests of the people of this State but not less frequently than once every three years.

(b) Every health maintenance organization shall submit its books and records relating to the health care plan to such examinations and in every way facilitate them. For the purpose of examinations, the Commissioner may administer oaths to, and examine the officers and agents of the health maintenance organization concerning their business.

(c) Repealed by Session Laws 1995, c. 360, s. 2(m), effective July 1, 1995.

(d) In lieu of such examination, the Commissioner may accept the report of an examination made by the Commissioner of Insurance or Commissioner of Public Health of another state. (1977, c. 580, s. 1; 1979, c. 876, s. 1; 1995, c. 360, s. 2(m).)

ARTICLE 68A.

Health Care Reform Planning.

§ 58-68A-1. Short title; legislative intent.

The General Assembly finds that in order to provide access and contain costs it is necessary to plan for the restructuring of the financing and delivery of health care in this State. It is the intent of the General Assembly to:

(1) Develop a universal health care program to provide all North Carolina residents access to quality health care that is comprehensive and affordable.

(2) Implement the universal health care program only when:
  a. A national mandate for universal coverage takes effect; or
  b. Waivers have been obtained exempting North Carolina from ERISA and if necessary, from Medicaid and Medicare; or
  c. The General Assembly has determined that it can implement a universal health care program within existing law and determines it would not adversely affect the economy and the business climate in North Carolina.

(3) Establish a commission to reorganize North Carolina's citizenry in improving its health and to develop the universal health care program.

(4) Focus health care reform upon improving health status and the included health care.

(5) Encourage local communities to develop local solutions to health problems which will require the local community to create a board, representative of the citizenry, which shall guide the health affairs of the community, assign health priorities, and allocate health resources.

Editor's Note. — The section number 58-68A-21 and catchline on page 965 of the 1994 Replacement Pamphlet should be disregarded. A section designated 58-68-21 was added by Session Laws 1993, c. 529, s. 1.1 and renumbered as this section 58-68A-1 by the Revisor of Statutes.

Session Laws 1995, c. 418 requires the State Health Director to prepare a medical and health care plan that will help provide for persons whose employers pay all or part of the cost of medical and health care benefits incentives to forego unnecessary treatment and to shop for the best value in care. The State Health Director is to notify the Commissioner of Insurance of the minimum requirements of the plan, and the Commissioner is to prepare a proposed plan incorporating these requirements, with consultation with the Secretary of the Department of Human Resources, the Secretary of the Department of Environment, Health, and Natural Resources, the Secretary of Revenue, and others. A report with the final plan is to be submitted to the 1996 General Assembly.

Session Laws 1995, c. 193, s. 67, contains a severability clause.

Effect of Amendments. — The 1995 amendment, effective June 7, 1995, inserted "care" following "health" in subdivision (4).

§ 58-68A-5. Definitions.

As used in this Article, unless the context clearly requires otherwise, the following definitions apply:

A child is legally domiciled in this State if the child lives in this State and if at least one of the child's parents or the child's guardian is legally domiciled in this State for a period of 30 days. Editor's Note. — Session Laws 1995, c. 507, s. 1.1, provides that this act shall be known and cited as the Expansion and Capital Improvements Appropriations Act of 1995.

Session Laws 1995, c. 507, s.28.12 is a severability clause.

Effect of Amendments. — The 1995 amendment, effective July 1, 1995, substituted "North Carolina Health Care Reform Commission" for "North Carolina Health Planning Commission".

§ 58-68A-10. North Carolina Health Plan.

The Commission may design a plan for a system of universal health care coverage to be known as the North Carolina Health Plan. The Plan, when implemented, will provide all eligible residents the same guaranteed package of comprehensive, medically necessary health care services, including primary and preventive care. These health care services will be provided through community health plans that will accept all eligible residents regardless of health status, and without individual medical underwriting, preexisting condition exclusions, or waiting periods. The Plan shall address the following elements:

(1) Financing. — A method or methods of financing the Plan shall be recommended by the Commission. The system will ensure that every North Carolina citizen has access to affordable health care, regardless of the resources of the community in which the citizen resides.

(2) Cost Containment. — Costs shall be contained by encouraging competition among community health plans on the basis of price and quality, reducing administrative costs, providing incentives for health care providers to participate in managed-care systems, ensuring appropriate growth in medical technology, and through any other methods that will contain health care costs without impairing the quality of services.

(3) Provider Fees and Practice Parameters. — The Plan shall address the following aspects of provider fees and practice parameters:

a. Global per case reimbursement including both professional and institutional providers;

b. Resource-Based Relative Value Scale (RBRVS) fee schedules for all other physician reimbursement; and

c. The use of physician practice guidelines for reimbursement and utilization review purposes only.

(4) Benefit Package. — A benefit package shall be developed by the Commission similar to the most commonly purchased Health Maintenance Organization (HMO) benefit package in the State. The Commission's benefit package shall include patient cost-sharing, except there shall be full coverage with no deductible and no copayments for prenatal care, well child care, periodic physical examinations, and other health screenings and services as recommended by the U.S. Preventive Services Task Force "Guide to Clinical Preventive Services". Cost-sharing for eligible residents below one hundred percent (100%) of the federal poverty income level shall not exceed Medicaid-allowable amounts. Cost-sharing for eligible residents between one hundred percent (100%) and two hundred fifty percent (250%) of poverty shall be based on a sliding scale. The Commission shall develop maximum out-of-pocket limits.

(5) Administration. — The Plan may be administered through regional health plan purchasing cooperatives that will:

a. Certify private health plans as community health plans for participation in the system of universal health coverage on the basis of ability to deliver the State-guaranteed package of comprehensive, medically necessary health services in accordance with criteria defined by the Commission for quality and service. All community health plans meeting certification requirements will be certified.

b. Pay each community health plan the same risk-adjusted per capita amount for all eligible persons, except that the Commission shall have the authority to ensure accessibility to health care in rural and medically underserved areas by enhancing provider payments, requiring an accountable health plan to provide services throughout the area, or by any other reasonable means.

c. Ensure that no community health plan that charges an additional premium shall charge an eligible resident a higher premium than that charged to any other eligible resident for the same accountable health plan.

d. Except in underserved areas in which the regional health plan purchasing cooperative determines that there are insufficient providers to support more than one community health plan, ensure that all eligible residents have a choice of at least two community health plans that will provide the State-guaranteed package of comprehensive, medically necessary health services for no additional premium above that paid on their behalf by the regional health plan purchasing cooperative.

e. Assist eligible residents in choosing among community health plans by providing consumer education, including uniform information about all the community health plans available through the health plan purchasing cooperative such as quality indicators and choice of providers.

f. Provide a mechanism for enrolling all eligible residents in their chosen community health plans and for automatically enrolling in a community health plan all eligible residents who fail to choose such a plan.

g. Determine the number, organization, and geographic areas of the regional health plan purchasing cooperatives to be established, which will include at least six geographic areas. Each area is to be defined so that it is self-sufficient in providing comprehensive health care including most tertiary services, thus allowing for a large enough population to support community rating.

h. Monitor and enforce standards concerning access, consumer satisfaction, and quality of health care in all community health plans.

i. Jointly with the Commission and a statewide data processor certified under Article 11A of Chapter 131E of the General Statutes, collect data from all community health plans and sponsor research into health outcomes and practice guidelines.

j. Jointly with the Commission and where necessary to meet the needs of underserved areas or special populations, organize the delivery of health care.

k. Receive bids annually from private health plans to provide the benefit package established by the Commission to enrolled eligible residents. A health plan purchasing cooperative may reject any or all bids, and may request that revised bids be submitted.

(6) Large Groups. — In order to preserve employer-based and other group health care coverage, the Plan may provide, notwithstanding any other provision of this Article, for the

direct marketing by community health plans to an employer with 100 or more employees and to any other group with 100 or more members, provided that the employer or group is eligible under G.S. 58-51-80 for group accident, group health, or group accident and health insurance. If the Plan provides for direct marketing of insurance to large groups as defined in this subdivision, it shall also address the extent to which those groups and self-insured plans (prior to obtaining an ERISA waiver) should be subject to the certification requirements for community health plans, whether exemptions, tax credits, or other means are necessary and appropriate to provide for equitable treatment of large groups and self-insured groups under any tax-financed system of universal health care coverage, and other issues involving the use of large group coverage with universal coverage. The regional health plan purchasing cooperatives would be responsible for marketing community health plans to individuals and all other groups. Before the plan provides for direct marketing to large groups, the Commission shall study whether there are any adverse affects to the purchasing arrangements in effect for other residents, the impact on portability of coverage, and the role large employers play in financing coverage for the uninsured and indigent populations. (1993, c. 529, s. 1.1; 1995, c. 193, ss. 61-63; c. 517, s. 39(c).)

Editor's Note. —
Session Laws 1995, c. 193, s. 67, and c. 517, ss. 39(i) and 41, contain severability clauses.

Effect of Amendments. — Session Laws 1995, c. 193, ss. 61, 62, and 63, effective June 7, 1995, in the second sentence of subdivision (1) deleted "which" following "system" and substituted "the citizen" for "he"; in subdivision (5)g. added "Determine" to the beginning of the section; in subdivision (5)h. inserted "health" preceding "care"; and substituted "subdivision" for "subsection" in the second sentence of subdivision (6).

Session Laws 1995, c. 517, s. 39(c), effective October 1, 1995, substituted "a statewide data processor under Article 11A of Chapter 131E of the General Statutes" for "the North Carolina Medical Database Commission" in subdivision (5)i.

(a) Any fireman or rescue squad worker who is now eligible and is a member of a fire department or rescue squad chartered by the State of North Carolina and who has not previously elected to become a member may make application through the board of trustees for membership in the fund on or before March 31, 1987. The person shall make a lump sum payment of five dollars ($5.00) per month retroactively to the time he first became eligible to become a member, plus interest at an annual rate of eight percent (8%), for each year of his retroactive payments. Upon making the lump sum payment, the person shall be given credit for all prior service in the same manner as if he had made application for membership at the time he first became eligible. Any member who made application for membership subsequent to the time he was first eligible and did not receive credit for prior service may receive credit for this prior service upon lump sum payment of five dollars ($5.00) per month retroactively to the time he first became eligible, plus interest at an annual rate of eight percent (8%), for each year of his retroactive payments. Upon making this lump sum payment, the date of membership shall be the same as if he had made application for membership at the time he was first eligible. Any fireman or rescue squad worker who has applied for prior service under this subsection shall have until October 1, 1989, to pay for this prior service and, if this payment is not made by October 1, 1989, he shall not receive credit for this service, except as provided in subsection (a1) of this section.

(a1) Effective July 1, 1993, any fireman or rescue squad worker who is a current or former member of a fire department or rescue squad chartered by the State of North Carolina may purchase credit for any periods of service to any chartered fire department or rescue squad not otherwise creditable by making a lump sum payment to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities, which payment shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on a retirement allowance, as determined by the board of trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the board of trustees.

(b) An eligible fireman or rescue squad worker who is not yet 35 years old and has not previously elected to become a member may apply to the board of trustees for membership in the fund at any time. Upon making this lump sum payment, the worker shall be given credit for all prior service in the same manner as if the worker had applied for membership upon first becoming eligible.

A member who is not yet 35 years old, who applied for membership after first becoming eligible, and who did not receive credit for prior service may receive credit for the prior service upon making a lump sum payment of ten dollars ($10.00) for each month since the worker first became eligible, plus interest at an annual rate to be set by the board for each year of retroactive payments. Upon making this lump sum payment, the date of membership shall be the same as if the worker had applied for membership upon first becoming eligible. (1985 (Reg. Sess., 1986), c. 1014, s. 49.1(a); 1989, c. 693; 1993, c. 429, s. 1; 1995, c. 507, s. 7.21A(f).)

The increase in monthly pension contributions from five dollars ($5.00) to ten dollars ($10.00) in G.S. 58-86-55 does not affect the amount of monthly contributions made prior to July 1, 1995."

Session Laws 1995, c. 507, s. 28.9, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1995-97 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1995-97 biennium."

Any retired fireman receiving a pension of one hundred ten dollars ($110.00) per month shall, effective July 1, 1995, receive a pension of one hundred thirty-five dollars ($135.00) per month.

Members shall pay ten dollars ($10.00) per month as required by G.S. 58-86-35 and G.S. 58-86-40 for a period of no longer than 20 years. No "eligible rescue squad member" shall receive a pension prior to July 1, 1983. No member shall be entitled to a pension hereunder until the member's official duties as a fireman or rescue squad worker for which the member is paid compensation shall have been terminated and the member shall have retired as such according to standards or rules fixed by the board of trustees.

A member who is totally and permanently disabled while in the discharge of the member's official duties as a result of bodily injuries sustained or as a result of extreme exercise or extreme activity experienced in the course and scope of those official duties and who leaves the fire or rescue squad service because of this disability shall be entitled to be paid from the fund a monthly benefit in an amount of one hundred thirty-five dollars ($135.00) per month beginning the first month after the member's fifty-fifth birthday. All applications for disability are subject to the approval of the board who may appoint physicians to examine and evaluate the disabled member prior to approval of the application, and annually thereafter. Any disabled member shall not be required to make the monthly payment of ten dollars ($10.00) as required by G.S. 58-86-35 and G.S. 58-86-40.

A member who is totally and permanently disabled for any cause, other than line of duty, who leaves the fire or rescue squad service because of this disability and who has at least 10 years of service with the pension fund, may be permitted to continue making a monthly contribution of ten dollars ($10.00) to the fund until the member has made contributions for a total of 240 months. The member shall upon attaining the age of 55 years be entitled to receive a pension as provided by this section. All applications for disability are subject to the approval of the board who may appoint physicians to examine and evaluate the disabled member prior to approval of the application and annually thereafter.

A member who, because his residence is annexed by a city under Part 2 or Part 3 of Article 4 of Chapter 160A of the General Statutes, or whose department is closed because of an annexation by a city under Part 2 or Part 3 of Article 4 of Chapter 160A of the General Statutes, and because of such annexation is unable to perform as a fireman of any status, and if the member has at least 10 years of service with the pension fund, may be permitted to continue making a monthly contribution of ten dollars ($10.00) to the fund until the member has made contributions for a total of 240 months. The member upon attaining the age of 55 years and completion of such contributions shall be entitled to receive a pension as provided by this section. Any application to make monthly contributions under this section shall be subject to a finding of eligibility by the Board of Trustees upon application of the member.

The pensions provided shall be in addition to all other pensions or benefits under any other statutes of the State of North Carolina or the United States, notwithstanding any exclusionary provisions of other pensions or retirement systems provided by law. The increase in monthly pension contributions from five dollars ($5.00) to ten dollars ($10.00) in G.S. 58-86-55 does not affect the amount of monthly contributions made prior to July 1, 1995."

(1) The size of a grant may not exceed twenty thousand dollars ($20,000);
(2) The applicant shall match the grant on a dollar-for-dollar basis;
(3) The grant may be used only for equipment purchases or capital expenditures necessary to provide fire protection services; and
(4) An applicant may receive no more than one grant per fiscal year.

In awarding grants under this section, the Commissioner shall to the extent possible select applicants from all parts of the State based upon need. Up to two percent (2%) of the Fund may be used for additional staff and resources to administer the Fund in each fiscal year.

No fire department may be declared ineligible for a grant under this section solely because it is classified as a municipal fire department.

This report shall contain the amount of the grant and the name of the recipient. (1987, c. 709, s. 1; 1987 (Reg. Sess., 1988), c. 1062, ss. 6-9; 1989, c. 770, s. 30; 1995, c. 507, s. 7.21A(k).)

§ 58-87-5. Volunteer Rescue/EMS Fund.

(a) There is created in the Department of Insurance the Volunteer Rescue/EMS Fund to provide grants to volunteer rescue units providing rescue or rescue and emergency medical services to purchase equipment and make capital improvements. An eligible rescue or rescue/EMS unit may apply to the Department of Insurance for a grant under this section. The application form and criteria for grants shall be established by the Department. The Office of Emergency Medical Services in the Department of Human Resources shall provide the Department with an advisory priority listing of EMS equipment eligible for funding. On December 15 of each year, the Department shall make grants to eligible rescue or rescue/EMS units subject to all of the following limitations:

(4%) of the Fund may be used for additional staff and resources for the North Carolina Fire and Rescue Commission.

(b) A rescue or rescue/EMS unit is eligible for a grant under this section if it meets all of the following conditions:

(1) Repealed by Session Laws 1989 (Regular Session, 1990), c. 1066, s. 33(a), effective July 15, 1990.

(2) It has no more than two paid members and otherwise consists of volunteer members.

A "rescue unit" or "rescue squad" means a group of individuals who are not necessarily trained in emergency medical services, fire fighting, or law enforcement, but who expose themselves to an external, nonmedical, and nonpatient related peril to effect the removal of individuals facing the same type of peril to areas of relative safety. The unit or squad must comply with existing State statutes and with eligibility criteria established by the North Carolina Association of Rescue and Emergency Medical Services, Inc. (1987 (Reg. Sess., 1988), c. 1062, s. 2; 1989, c. 115; c. 534, s. 2; 1989 (Reg. Sess., 1990), c. 1066, s. 33(a); 1991 (Reg. Sess., 1992), c. 943, s. 2; 1995, c. 507, s. 7.21A(l).)

Editor's Note. —

Session Laws 1995, c. 507, s. 1.1, provides that this act shall be known and cited as the Expansion and Capital Improvements Appropriations Act of 1995.

Session Laws 1995, c. 507, s. 28.12 is a severability clause.

Effect of Amendments. — The 1995 amendment, effective July 28, 1995, in subsection (b) added "it meets all of the following conditions" in the introductory language, rewrote subdivision (b)(2), and made stylistic changes.

§ 58-87-10. Workers' Compensation Fund for the benefit of volunteer safety workers.

(a) Definition. — As used in this section, the term "eligible unit" means a volunteer fire department or volunteer rescue/EMS unit that is not part of a unit of local government and is exempt from State income tax under G.S. 105-130.11.

(b) Creation. — The Workers' Compensation Fund is created in the Department of Insurance as an expendable trust fund. Accordingly, interest and other investment income earned by the Fund accrues to it, and revenue in the Fund at the end of a fiscal year remains in the Fund and does not revert.

(c) Use. — Revenue in the Workers' Compensation Fund shall be used to provide workers' compensation benefits to members of eligible units. Chapter 97 of the General Statutes governs the payment of benefits from the Fund. Benefits are payable for compensable injuries or deaths that occur on or after July 1, 1996.

(d) Administration. — The State Fire and Rescue Commission, established under G.S. 58-78-1, shall administer the Workers' Compensation Fund and shall perform this duty by contracting with a third-party administrator. The contracting procedure is not subject to Article 3C of Chapter 143 of the General Statutes. The reasonable and necessary expenses incurred by the Commission in administering the Fund shall be paid out of the Fund by the State Treasurer. The Commission may adopt rules to implement this section.

(e) Revenue Source. — Revenue is credited to the Workers' Compensation Fund from appropriations made to the Department of Insurance for this purpose. In addition, every eligible unit that elects to participate shall pay into the Fund an amount set annually by the State Fire and Rescue Commission to ensure that the Fund will be able to meet its payment obligations under this section. The amount shall be set as a per capita fixed dollar amount for each member of the roster of the eligible unit.

The payment shall be made to the State Fire and Rescue Commission on or before July 1 of each year. The Commission shall remit the payments it receives to the State Treasurer, who shall credit the payments to the Fund. If the Commission does not receive an annual payment from an eligible unit by July 1, then that unit shall not receive workers' compensation coverage from the Fund for the fiscal year that begins that July 1. (1995, c. 507, s. 7.21A(a).)

Editor's Note. —

Session Laws 1995, c. 507, s. 1.1, provides that this act shall be known and cited as the Expansion and Capital Improvements Appropriations Act of 1995.

Session Laws 1995, c. 507, which enacted this section, in s. 7.21A(b) provides: "The first per member payment that eligible fire departments and rescue/EMS units must make to the State Fire and Rescue Commission under G.S. 58-87-10 is payable on or before July 1, 1996."

Session Laws 1995, c. 507, s. 28.9, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1995-97 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1995-97 biennium."

ARTICLE 88.

Rescue Squad Workers' Relief Fund.

§ 58-88-5. Rescue Squad Workers' Relief Fund; trustees; disbursement of funds.

(a) The "Rescue Squad Workers' Relief Fund" is created. It consists of the revenue credited to the Fund under G.S. 20-183.7(c) and shall be used for the purposes set forth in this Article.

(b) The Executive Committee of the Association shall be the Board of Trustees of the Fund. The Board shall consist of the Commander, Vice-Commander, Secretary-Treasurer, and two past Commanders of the Association. The Commander shall be the Chairman of the Board. The Commander, Vice-Commander, and Secretary-Treasurer shall appoint the two past Commanders of the Association, who shall serve at the pleasure of the appointing officers.

(c) The Commissioner of Insurance has exclusive control of the Fund and shall disburse revenue in the Fund to the Association only for the following purposes:

(1) To safeguard any rescue or EMS worker in active service from financial loss, occasioned by sickness contracted or

injury received while in the performance of his or her duties as a rescue or EMS worker.

(2) To provide a reasonable support for those persons actually dependent upon the services of any rescue or EMS worker who may lose his or her life in the service of his or her town, county, city, or the State, either by accident or from disease contracted or injury received by reason of such service. The amount is to be determined according to the earning capacity of the deceased.

(3) To award scholarships to children of members, deceased members or retired members in good standing, for the purpose of attending a two year or four year college or university, and for the purpose of attending a two year course of study at a community college or an accredited trade or technical school, any of which is located in the State of North Carolina. Continuation of the payment of educational benefits for children of active members shall be conditioned on the continuance of active membership in the rescue or EMS service by the parent or parents.

(4) To pay death benefits to those persons who were actually dependent upon any member killed in the line of duty.

(4a) To pay additional benefits approved by the Board of Trustees of the Fund to rescue and EMS workers who are eligible pursuant to G.S. 58-88-10 and who are members of the Association.

(5) Notwithstanding any other provision of law, no expenditures shall be made pursuant to subdivisions (1), (2), (3), (4), and (4a) of this subsection unless the Board has certified that the expenditures will not render the Fund actuarially unsound for the purpose of providing the benefits set forth in subdivisions (1), (2), (3), (4), and (4a). If, for any reason, funds made available for subdivisions (1), (2), (3), (4), and (4a) are insufficient to pay in full any benefit, the benefits pursuant to subdivisions (1), (2), (3), (4), and (4a) shall be reduced pro rata for as long as the amount of insufficient funds exists. No claims shall accrue with respect to any amount by which a benefit under subdivisions (1), (2), (3), (4), and (4a) has been reduced. (1987, c. 584, s. 5; 1987 (Reg. Sess., 1988), c. 1062, s. 10; 1989 (Reg. Sess., 1990), c. 1066, s. 33(c); 1995, c. 421, s. 1.)

Effect of Amendments. — The 1995 amendment, effective July 12, 1995, added subdivision (c)(4a); substituted "(4) and (4a)" for "and (4)" throughout subdivision (5); and made stylistic and punctuation changes.
